SECTION 2. The Commission shall elect its chairman from among the appointive members. The term of the chairman shall be one (1) year with eligibility for re-election. The Commission shall adopt rules for the transactions, findings and determinations, which record shall be a public record. The Commission may appoint such employees and staff as it may deem necessary for its work, and may contract with county planners and other consultants for such services as it may require. The expenditures of the Commission, exclusive of gifts, shall be within the amounts appropriated for the purpose by the Quarterly County Court.

SECTION 3. It shall be the function and duty of the Commission to make and adopt any official general plan for the physical development of the county, outside any municipal limits. The plan, with the accompanying maps, plats, charts, and descriptive and explanatory matter, shall show the commission's recommendations for such physical development, and may include among other things, the general location, character and extent of streets, bridges, viaducts, parks, parkways, waterways, waterfronts, playgrounds, airports and other public ways, grounds, places and spaces, the general location of public buildings and other public property, the general location and extent of public utilities and terminals, whether publicly or privately owned, for water, light, powers, sanitation, transportation, communication and other purposes; also the removal, relocation, widening, extension, narrowing, vacating, abandonment, change of use or extension of any of the foregoing public ways, grounds, places, spaces, buildings, properties or utilities; also a zoning plan for regulation of the height, area, bulk, location and use of private and public structures and premises and of population density; also the general location, character, layout and extent of community centers and neighborhood units; also the general location, character, extent and layout of the replanning or blighted districts and slum areas; also regulation of subdivisions. The Commission may from time to time amend, extend or add to the plan or carry any part of subject matter into greater detail.

SECTION 4. The Commission may adopt the plan as a whole by a single resolution, or, as the work of making the whole plan progresses, may from time to time adopt a part or parts thereof, any such part to correspond generally with one or more of the functional subdivisions of the subject matter of the plan. The adoption of the plan or any part, amendment or addition shall be by resolution carried by the affirmative votes of not less than a majority of all the members of the Commission. The resolution shall refer expressly to the maps, descriptive matter and other matters intended by the Commission to form the whole or part of the plan, and the action taken shall be recorded on the adopted plan or part thereof and descriptive matter by the identifying signature of the Secretary of the Commission, and a copy of the plan or part thereof shall be certified to the Quarterly County Court.

SECTION 5. In the preparation of the plan, the Commission shall make careful and comprehensive surveys and studies of the existing conditions and future growth of the county and its environs. The plan shall be made with the general purpose of guiding and accomplishing a coordinated, adjusted and harmonious development of the county which will, in accordance with existing and future needs, best promote public health, safety, morals, order, convenience, prosperity and the general welfare, as well as efficiency and economy in the process of development.

SECTION 6. The Commission may make reports and recommendations relating to the plan and development of the county to public officials and agencies, public utility companies, to civic, educational, professional and other organizations and to citizens. It may recommend to the executive or legislative officials of the county programs for public improvements and the financing thereof. All public officials shall, upon request, furnish to the Commission, within a reasonable time, such available information as it may require for its work. The Commission, its members and employees, in the performance of its work, may enter upon any land and make examinations and surveys and place and maintain necessary monuments and marks thereon. In general, the Commission shall have powers as may be necessary to enable it to perform its purposes and promote county planning.

SECTION 7. Whenever the Commission shall have adopted the plan of the county or any part thereof,

then and thenceforth no street, part or other public way, ground, place or space, no public building or structure, or no public utility whether publicly or privately owned, shall be constructed or authorized in the county outside of municipal boundaries until and unless the location and extent thereof shall have been submitted to and approved by the Planning Commission. In case of disapproval, the Commission shall communicate its reasons to the Quarterly County Court of the county and the Court by a vote of a majority of its membership, shall have the power to overrule such disapproval and, upon such overruling, the Court shall have the power to proceed. However, if the public way, ground, place, space, building, structure or utility is one the authorization or financing of which does not, under the law governing the same, fall within the province of the Quarterly County Court, then the submission to the Planning Commission shall be by the State, County, District, Municipal or other board or official having such jurisdiction, and the Planning Commission's disapproval may be overruled by such board by a majority vote of its membership, or by such official. The widening, narrowing, relocation, vacation, change in the use, acceptance, acquisition, sale or lease of any street or public way, ground, place, property or structure shall be subject to similar submission and approval, and the failure to approve may be similarly overruled. The failure of the Commission to act within thirty (30) days after the date of official submission to it shall be considered approval, unless a longer period is granted by the Quarterly County Court or other submitting board or official.

SECTION 8. For the purpose of this Act, "street" or "streets" includes streets, avenues, boulevards, roads, lanes, alleys and other ways; "subdivision" means the division of a tract or parcel of land into two (2) or more lots, sites or other divisions for the purpose, whether immediate or future, of sale or building development, and includes resubdivision and, when appropriated to the context, relates to the process of subdividing or to the land or area subdivided; and "plat" includes plat, plan, plot or replot.

SECTION 9. After the Planning Commission adopts a master plan which includes at least a major street plan or shall have progressed in its master planning to the stage of the making and adoption of a major street plan, and files a certified copy of such major street plan in the office of the county register of the county, no plat of a subdivision of land lying wholly or partly within the county and wholly or partly outside of municipal boundaries shall be filed or recorded until it is submitted to and approved by the Planning Commission and such approval is entered in writing on the plat by the Secretary of the Commission, provided that if the plat of subdivision divides the tract into no more than two (2) lots, the approval may be endorsed in writing on the plat by the secretary of the commission without the approval of the Planning Commission that the subdivision complies with such regulations governing a subdivision of land as having been adopted by the Planning Commission pursuant to this section, provided further, that no request for variance from such regulations has been requested. Where a conveyance between owners of adjoining parcels of land would result in the creation of substandard lots and require a survey for purposes of standardizing such lots, the planning commission may by order combine any such lots under one owner into a standard lot without the need for a survey, upon the written request of either party to the conveyance.

The county registrar (sic) shall not receive, file or record a plat of a subdivision without the approval of the Planning Commission as required by this section. Violation of this provision is a misdemeanor. Each such plat so filed shall include the most recent recorded deed book number and page number for each deed constituting part of the property being platted.

As amended by: Private Acts of 1982, Chapter 249

SECTION 10. In exercising the powers granted to it by this Act, the Planning Commission shall adopt regulations governing the subdivision of land within the county. Such regulations may provide for the harmonious development of the county, for the coordination of streets within subdivisions with other existing or planned streets or with the plan of the county for adequate open spaces for traffic, recreation, light and air, and for a distribution of population and traffic which will tend to create conditions favorable to health, safety, convenience and prosperity.

Such regulations may include requirements of the extent to which and the manner in which streets shall be graded and improved and water, sewer and other utility mains, piping, connections or other facilities shall be installed as a condition precedent to the approval of the plat. The regulations or practice of the Commission may provide for the tentative approval of the plat previous to such improvements and installation, but any such tentative approval shall not be entered on the plat. The regulations may provide that, in lieu of the completion of such work previous to the final approval of a plat, the Commission may accept a bond, in an amount and with surety and conditions satisfactory to it, providing for the securing to the county the actual construction and installation of such improvements and utilities within a period specified by the Commission and expressed in the bonds. The county is authorized to enforce such bonds by all appropriate legal and equitable remedies. The regulations may provide, in lieu of the completion of such work previous to the final approval of a plat, for an assessment or other method whereby the county is put in assured position to do said work and make said installations at the cost of the owners of the

property within the subdivision.

Before adoption of its subdivision regulations, or any amendments thereof, a public hearing thereon shall be held by the Commission.

SECTION 11. The Commission shall approve or disapprove a plat within thirty (30) days after the submission thereof, otherwise the plat shall be considered to have been approved and a certificate to that effect shall be issued by the Commission on demand. However, the applicant for the Commission's approval may waive his requirement and consent to the extension of such period. The ground of disapproval of any plat shall be stated upon the records of the Commission. Any plat submitted to the Commission shall contain the name and address of a person to whom notice of hearing shall be sent. No plat, shall be acted upon by the Commission without affording a hearing thereon, notice of the time and place of which shall be sent by mail to said address not less than five (5) days before the date fixed for the hearing.

SECTION 12. The approval of a plat shall not be considered to constitute or effect an acceptance by the county or public of the dedication of any street or other ground shown upon the plat.

SECTION 13. Whoever, being the owner or agent of the owner of any land, transfers or sells or agrees to sell or negotiates to sell such land by reference to or exhibition of or by other use of a plat of subdivision of such land without having submitted a plat of such subdivision to the Planning Commission and obtained its approval as required by this chapter and before such plat be recorded in the office of the County Register, is guilty of a misdemeanor. In addition, such owner or agent of the owner shall be subject to a civil penalty of not less than one hundred dollars (\$100) nor more than two thousand five hundred dollars (\$2,500). Such civil penalty can be sued upon by the county in chancery court or circuit court. The description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from being in violation of this section. The county may enjoin such transfer or sale or agreement by action for injunction.

As amended by: Private Acts of 1982, Chapter 298

SECTION 14. After the time when the platting jurisdiction of the Planning Commission attaches, as provided in Section 9, the county shall not, nor shall any public authority, accept, lay out, open, improve, grade, pave, or light any street or lay or authorize water mains or sewers or connection to be laid in any street within the county, outside of municipal boundaries unless such street has been accepted or opened as, or shall have otherwise received the legal status of, a public street prior to the attachment of the Commission's subdivision jurisdiction, or unless such street corresponds in its location and lines with a street shown on a subdivision plat approved by the Planning Commission or with a street plat made and adopted by the Commission. However, the Quarterly County Court may locate and construct or may accept any other street, provided the resolution, ordinance or other measure for such location and construction or for such acceptance is first submitted to the Planning Commission for its approval, and, if disapproved by the Commission, is passed by a majority of the entire membership of the Quarterly County Court. A street approved by the planning commission upon such submission or construction or accepted by a majority vote of the Quarterly County Court after disapproved by the Commission, shall have the status of an approved street as fully as though it had been originally shown on a subdivision plat approved by the Commission or on a plat made and adopted by the Commission.

SECTION 15. After the time when the platting jurisdiction of the Planning Commission attaches, as provided in Section 9, no building permit shall be issued and no building shall be erected on any lot within the county, outside of municipal boundaries unless the street giving access to the lot upon which the building is proposed to be placed shall have been accepted or opened as, or shall have otherwise received the legal status of, a public street prior to that time, or unless such street corresponds in its location and lines with a street shown on a subdivision plat approved by the Commission, or with a street located or accepted by the Quarterly County Court of the county after submission to said Planning Commission and, in case of the Commission's disapproval, by the favorable vote required in Section 14. Any building erected or to be erected in violation of this section shall be an unlawful structure and the county may bring action to enjoin such erection or cause it to be vacated or removed.

SECTION 16A. For the purpose of promoting the public health, safety, morals, convenience, order, prosperity and general welfare, the Quarterly County Court is empowered, in accordance with the conditions and the procedure specified in this act, to regulate the location, height, bulk, number of stories and size of buildings and other structures, the percentage of the lot which may be occupied, the sizes of yards, courts and other open spaces, the density of population, and the uses of buildings, structures and land for trade, industry, residence, recreation, public activities and other purposes. Special districts or zones may be established in those areas considered subject to seasonal or periodic flooding, and such regulations may be applied therein as will minimize danger to life and property, and as will secure to the citizens of Hamblen County the eligibility for flood insurance under Public Law 1016, 84th Congress or

subsequent related laws or regulations promulgated thereunder.

SECTION 16B. For the purpose of promoting the public, health, safety, morals, convenience, order, prosperity and general welfare, the quarterly county court is empowered to regulate the location and the development of mobile home parks and trailer courts in that area of the county outside the city limits of the City of Morristown. A mobile home park or trailer court for the purposes of this act shall mean a plot or tract of ground upon which there is located two (2) or more mobile homes, trailers or similar structures used or to be used for residential purposes. The quarterly county court is empowered to regulate the location of such parks or courts, the lot area per mobile home, yard requirements, access streets, drives, parkways, parking, water, sewerage, sewage, electricity, lighting, fire protection, and sanitary facilities.

As amended by: Private Acts of 1973, Chapter 38

SECTION 16C. From and after the adoption of an ordinance by the quarterly county court regulating the location and development of mobile home parks or trailer courts as provided in paragraph (b) of this section, then and thenceforth no mobile home parks, as defined in paragraph (b) of this section, shall be constructed, maintained, or authorized in the county outside of municipal boundaries until or unless the location, extent, and plans therefor have been submitted to and approved by the planning commission. Appeals to the quarterly county court may be taken, under such rules and regulations as adopted by the quarterly county court, by any person aggrieved or by any officer, department, board or bureau of the county affected by any grant or refusal of a permit to construct and maintain a mobile home park.

As amended by: Private Acts of 1973, Chapter 38

SECTION 16D. Any person who fails to comply with any resolution promulgated by the county legislative body in its regulation of the location and development of mobile home parks and trailer courts shall be subject to a civil penalty of not less than one hundred dollars (\$100) nor more than two thousand five hundred dollars (\$2,500). Such civil penalty can be sued upon by the county in Chancery Court or Circuit Court.

As amended by: Private Acts of 1982, Chapter 298

SECTION 17. Whenever the Planning Commission makes and certifies to the Quarterly County Court a zoning plan, including both the full text of a zoning ordinance and the maps, representing the recommendations of the Planning Commission for the regulation by districts or zones of the location, height, bulk, number of stories and size of buildings and other structures, the percentage of the lot which may be occupied, the size of yards, courts and other open spaces, the density of population, and the uses of buildings, structures and land for trade, industry, residence, recreation, public activities and other purposes, then the Quarterly County Court may exercise the powers granted and for the purposes mentioned in Section 15 and may divide the county into district of zones of such number, shape and areas it may determine, and, for said purposes, may regulate the erection, construction, reconstruction, alteration and uses of buildings and structures and the uses of land. This Section shall not apply to the powers granted the quarterly county court to regulate the location and development of mobile home parks set out in Sections 16B and 16C of said Act.

As amended by: Private Acts of 1973, Chapter 38

SECTION 18. Before enacting the zoning ordinance or any amendment thereof, the Quarterly County Court shall hold a public hearing thereon, at least fifteen (15) days' notice of the time and place of which shall be published in a newspaper of general circulation in the county. No change in or departure from the text or maps as certified by the Planning Commission shall be made, unless such change or departure be first submitted to the Planning Commission and approved by it, or, if disapproved, receive the favorable vote of a majority of the entire membership of the Quarterly County Court. This Section shall not apply to the powers granted the quarterly county court to regulate the location and development of mobile home parks set out in Sections 16B and 16C of this act.

As amended by: Private Acts of 1973, Chapter 38

SECTION 19. The zoning ordinance, including the maps, may from time to time be amended, but no amendment shall become effective unless it is first submitted to and approved by the Planning Commission or, if disapproved, shall receive the favorable vote of a majority of the entire membership of the Quarterly County Court. This Section shall not apply to the powers granted the quarterly county court to regulate the location and development of mobile home parks set out in Sections 16B and 16C of said act.

As amended by: Private Acts of 1973, Chapter 38

SECTION 20. The Quarterly County Court may create a board of zoning appeals of three (3) or five (5) members, may specify the mode of appointment of members of such board and their terms, which terms shall be of such length and so arranged that the term of one (1) member shall expire each year, or the Quarterly County Court may designate the Planning Commission as the board of zoning appeals. The compensation of members of said board shall be as fixed by the Quarterly County Court.

The Quarterly County Court may provide and specify, in its zoning or other resolution or ordinance, general rules to govern the organization and procedure and jurisdiction of the board of zoning appeals,

which rules shall not be inconsistent with the provisions of this Act, and the board of zoning appeals may adopt supplemental rules of procedure, not inconsistent with this act or such general rules.

SECTION 21. The zoning resolution or ordinance may provide that the board of zoning appeals may, in appropriate cases and subject to the principles, standards, rules, conditions and safeguards set forth in the resolution or ordinance, make special exceptions to the terms of the zoning regulations in harmony with their general purpose and intent. The Quarterly County Court may also authorize the board of zoning appeals to interpret the zoning maps and pass upon disputed questions of lot lines or district boundary lines or similar questions as they arise in the administration of the zoning regulations.

Appeals to the board of zoning appeals may be taken by any person aggrieved or by any officer, department, board or bureau of the county affected by any grant or refusal of a building permit or other act or decision of the building commission of the county or other administrative official based in whole or part upon the provisions of the resolution or ordinance enacted under this Act.

SECTION 22. The board of zoning appeals shall have the following powers:

- (1) To hear and decide appeals where it is alleged by the appellant that there is error in any order, requirement, permit, decision, or refusal made by the county building commissioner or any other administrative official in the carrying out or enforcement of any provision of any resolution or ordinance enacted pursuant to this Act.
- (2) To hear and decide, in accordance with the provisions of any such resolution or ordinance, requests for special exceptions or for interpretation of the map or for decisions upon other special questions upon which the board is authorized by any such resolution or ordinance to pass.

Administration - Historical Notes

General Reference

The following private or local acts constitute part of the administrative and political history of Hamblen County but are today no longer operative because they have either been superseded, repealed, or failed to receive local approval. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1907, Chapter 567, authorized the County Court to issue interest bearing warrants in the years of 1907 and 1908 of not more than \$10,000 at the legal interest rate. The funds from these warrants were to be used for paying off general county indebtedness. Acts of 1907, Chapter 383, was identical to Chapter 567.
2. Private Acts of 1911, Chapter 483, authorized Hamblen County to issue warrants in 1911 and 1912 in the amount of \$10,000 at the legal interest rate, to be used for paying general county indebtedness. Private Acts of 1911, Chapter 384, was identical to Chapter 483.
3. Private Acts of 1915, Chapter 58, set the compensation of Justices of the Peace at \$2.50 per day for all regular and special meetings of the Quarterly County Court, plus \$.05 per mile to and from the place of each meeting.
4. Private Acts of 1927, Chapter 16, created the office of Hamblen County Attorney, to be elected by the voters for a two year term. The County Attorney was to conduct all the legal business of the county and to receive \$500 per annum plus traveling expenses. This Act was repealed by Private Acts of 1947, Chapter 445.
5. Private Acts of 1927, Chapter 98, was the first Private Act dealing with the problem of acquiring a clear title to the land on which the first courthouse was constructed. The original 1871 deed to the land gave the property in trust to Lewis Leeper, Chairman of the County Court and his successors in office, with a reversionary clause returning the land to the grantor and certain representatives when it ceased to be used for the purposes for which courthouses were held and used by law. This Act gave Hamblen County the authority to acquire by purchase and by any necessary legal proceeding all outstanding interests in that property so that Hamblen County would hold a clear title in fee simple to the courthouse property.
6. Private Acts of 1929, Chapter 823, was the next act whose purpose was to help the County acquire title to the original courthouse property so that it could be disposed of and the courthouse moved to a site closer to the downtown area of Morristown. This act empowered Hamblen County to sell its courthouse located on the land deeded by G. W. Barnett in 1871 and to give to the purchaser of that land a clear title in fee simple regardless of the alleged trust created by the 1871 deed. A portion of the sale money was to be held in trust by Hamblen County, in an amount sufficient to discharge all of the alleged trust created by the 1871 deed. This amount was to be held until Barnett or his personal representatives established by court decree their right to those funds.
7. Private Acts of 1933, Chapter 756, amended the general law to provide that the Quarterly County Court could by resolution request a reduction in the number of deputies and/or their salaries by application to the proper court, and that the Quarterly County Court also by resolution had to

approve any increase in deputies or their salaries. This is now covered by the Code provisions found in T.C.A. 8-20-101.

8. Private Acts of 1933, Chapter 770, set the salaries of the County Court Clerk and the County Trustee and provided that in order to receive their salary, each must be diligent in the collection of the fees of their office and could not refuse to collect any fees due their office. Any loss of fees from their conduct would be charged as a loss to them. These salaries are now set in general law provisions found in T.C.A. 8-24-102 and 8-24-104. Private Acts of 1933, Chapter 765, which set the compensation of the county register, was amended by this act.
9. Private Acts of 1949, Chapter 311, set the salary of Justices of the Peace at \$10 per day. This Act was repealed by Private Acts of 1967-68, Chapter 435, which set their per diem salary at \$25. Both of these Acts have been superseded by the general law found in T.C.A. 5-5-107.
10. Private Acts of 1955, Chapter 346, gave Hamblen County authority to negotiate contracts with other counties, municipalities, federal and state government, and private industry, for the sale of crushed rock. This has been superseded by T.C.A. 54-7-202, a section of the Tennessee Uniform County Road Law.
11. Private Acts of 2006, Chapter 106, created the Hamblen County Special Endowment Fund which received excess rents from the Morristown-Hamblen Hospital Association. This Act was repealed by Private Acts of 2011, Chapter 106.

Education/Schools - Historical Notes

Superintendent or Director of Schools

The act referenced below once affected the office of superintendent of education in Hamblen County, but is no longer operative.

1. Private acts of 1986, Chapter 158, provided for the election of the county superintendent of public instruction by the qualified voters of Hamblen County for a term of 4 years after the August 31, 1992 general election. The qualifications, compensation, powers, duties and liabilities of the superintendent of public instruction was prescribed by general law.

General Reference

The following acts constitute part of the administrative and political heritage of the educational structure of Hamblen County but are no longer operative since they have either been superseded, repealed, or failed to receive local approval. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1909, Chapter 494, was a compulsory attendance law for Hamblen County. It required the parents and/or legal guardians of children between the ages of eight and fourteen to see that their children attended school for four months or eighty consecutive days of each school year. The children could be excused from attendance if a physician certified that they were mentally or physically incompetent to attend. If they received private instruction, they could demonstrate through examination their competence in the subjects taught in public schools. Private Acts of 1911, Chapter 221 and Chapter 306 amended this act. Later, Public Acts of 1978, Chapter 716, repealed this act.
2. Private Acts of 1911, Chapter 378, was the next compulsory attendance law for Hamblen County. It applied to children between the ages of eight and sixteen, and required that they attend public or private schools. Children were exempted from this law only if a physician certified them incapable of attending school, if their parents were unable due to poverty to properly clothe the

child for school, or if there was no school for their race within 2½ miles from their home. Parents/ legal guardians who did not see that their child attended under the provisions of this law were guilty of a misdemeanor and subject to a fine.

3. Private Acts of 1925, Chapter 814, gave the Hamblen County Board of Education the right of eminent domain to secure land and property for school buildings and grounds and set the procedure to be followed in condemnation proceedings.
4. Private Acts of 1937, Chapter 584, created a Board of Education for Hamblen County, consisting of three members, but in the next section of this Act, the Quarterly County Court was authorized to appoint five members to the Board of Education, from the county-at-large, with no more than three members belonging to the same political party. This was repealed by Private Acts of 1949, Chapter 676, found in this volume, which created the current Board of Education for Hamblen County.
5. Private Acts of 1941, Chapter 425, created the "Hamblen County Special School District" of all the lands of the county lying outside the corporate limits of Morristown. This Act also authorized a bond issue for \$100,000 the proceeds of which were to be used to improve the school buildings at Russellville, Witt, Whitesburg, Fairview, Springvale and Lowland. This has been superseded by the provisions of the current Board of Education law, found in Private Acts of 1949, Chapter 676.
