Title to property so condemned shall be taken by and in the name of the county containing said property, and the property shall thereafter be entrusted to said Authority, as the agent of the county, to accomplish the purposes of this Act. Such condemnation proceedings shall be pursuant to and in accordance with Sections 23-1401 through 23-1525, inclusive, of the Tennessee Code Annotated, or as the same may be hereafter amended, or other eminent domain laws of the State of Tennessee that may be hereafter enacted, provided, however, that where title to any property sought to be condemned is defective, it shall be passed by the judgment or decree of the court; provided, further, that where condemnation proceedings become necessary, the court in which any such proceedings are filed shall, upon application by The Port Authority on behalf of the county taking such property, and upon posting of a bond with the Clerk of the Court in such amount as the court may deem commensurate with the value of the property, order that a writ of possession shall issue immediately, or as soon and upon such terms as the court, in its discretion, may deem proper and just.

SECTION 7. That the bonds issued pursuant to this Act, and income therefrom, shall be exempt from all state, county, and municipal taxation, except inheritance, transfer, and estate taxes. So long as title to land or rights therein acquired, or facilities constructed or acquired pursuant to this Act, remains in the Counties of Loudon and Monroe, Tennessee, such property, and income therefrom, shall be exempt from all state, county, and municipal taxation, provided, however, that such exemption shall not extend to the leasehold or other interest in such property which may be held by any private person or private corporation.

SECTION 8. That Loudon and Monroe Counties, The Port Authority, and the Board of Commissioners shall not be required to obtain any certificate of convenience or necessity, franchise, license, permit, or other authorization from any bureau, board, commission, or other like instrumentality of the State of Tennessee, or any political subdivision thereof, in order to acquire, construct, purchase, operate, or maintain any of the facilities authorized by this Act.

SECTION 9. That neither the Tennessee Public Service Commission nor any other Board or Commission of like character hereafter created shall have jurisdiction over The Port Authority with respect to the management and control of the facilities authorized by this Act, including the establishment of rates, fees, and charges or otherwise.

SECTION 10. That the Board of Commissioners of The Port Authority shall consist of six members. Three of the six initial members of the Board of Commissioners of The Port Authority shall be elected by a majority vote of the members of each of the County Courts of Loudon and Monroe Counties on the first Monday in July, 1967, or as soon thereafter as practicable, and their respective terms of office shall be as follows: The term of office of the first member selected by each respective county court shall expire the first Monday of July, 1969; the term of office of the second member selected by each respective county court shall expire the first Monday of July, 1971; the term of office of the third member selected by each respective county court shall expire the first Monday of July, 1973.

The successors in office, for each of the respective six initial members of the Board of Commissioners of The Port Authority whose full terms of office have expired, shall be elected by the County Court which originally selected such initial member, as hereinafter provided, for regular terms of office of six years each thereafter, whose respective terms of office shall expire on the first Monday of July of the respective years applicable.

The County Court of each of the said counties, approximately thirty days prior to the expiration of the respective terms of office of the respective members of the Board of Commissioners of The Port Authority elected by it, shall elect their respective successors from among three nominees for the office, whose names shall be submitted to the respective County Courts of the said counties by the Board of Commissioners of The Port Authority, and whose names shall be filed with the clerks of the County Courts of Loudon and Monroe Counties not less than sixty days prior to the expiration of the term of the respective member and Commissioner; provided, however, that the County Court, by a two-thirds vote of all the members of said Court, may elect as said successor some person not nominated by the Board of Commissioners of The Port Authority. In the event of failure to elect a successor to any member of said board, the member and Commissioner whose term has expired shall continue to serve until his successor has been duly elected as herein provided.

In the event of the death or resignation of a member and Commissioner, or his inability to serve, prior to the expiration of his term, his successor shall be elected for the unexpired term by the County Court originally electing him in the same manner last above provided, except that the names of the three nominees for the office shall be submitted to the Clerks of the County Courts of Loudon and Monroe Counties not less than thirty days prior to the election of said successor by said County Court and such successor Commissioner shall be elected for the unexpired term of the deceased or retiring Commissioner, whose office is vacant.

Any person at least twenty-one years of age who has resided within the boundaries of the county whose court may elect him, for a period of at least three years immediately preceding his election, shall be eligible to serve as a member of the Board of Commissioners of The Port Authority, except the members of the County Courts of Loudon and Monroe Counties and elected officials of said counties shall not be eligible to serve as members of said Board of Commissioners. Any Commissioner who ceases to regularly reside within the boundaries of the county electing him shall automatically become ineligible to serve in said Office. All Commissioners shall be eligible for re-election, provided they are qualified as herein required. Before entering upon their duties, all Commissioners shall take and subscribe to an oath of office, as provided by the constitution and law for county officers, copies of the said oath of each Commissioner shall be filed with the Clerk of the County Court of his respective county.

A majority of the Commissioners shall constitute a quorum and the Commissioners shall act by vote of a majority present at any meeting attended by a quorum, and vacancies among the Commissioners shall

not affect their power and authority, so long as a quorum remains. Within thirty days after their election as herein provided, the Commissioners shall hold a meeting to elect a Chairman. The Commissioners shall hold regular meetings at least once every four months, and at such regular time and place as the Commissioners may, by resolution, determine, and may hold such additional meetings, either regular or special, as may be determined by the Board of Commissioners.

Special meetings may be called and held upon such notice and in such manner as the Board of Commissioners may, by resolution, determine. Same as otherwise expressly provided, the Board of Commissioners shall establish their own rules of procedure.

The Commissioners shall designate a Secretary and a Treasurer, or the same individual as Secretary and Treasurer, and such Secretary and/or Treasurer may or may not be a Commissioner or Commissioners. The Secretary shall attend all regular and special meetings and keep minutes thereof. The minutes of said meetings shall be available for inspection by the public at the office of the Authority, at all reasonable times.

The Board of Commissioners, by resolution, shall require the Treasurer or Secretary- Treasurer, if he is one and the same person, to execute a bond with approved corporate surety, for the faithful performance of his duties and the accounting of all monies and revenues that may come into his hands, as such, in such penalty as the Board shall specify, by resolution. Said bond shall be filed with the Secretary of the State of Tennessee.

The Board of Commissioners, by resolution, may require all other subordinate officers, or employees, to execute such fidelity bonds for the faithful performance of their duties and the accounting of funds that may come to their hands, in such an amount, with such conditions and such sureties, as the Board of Commissioners may determine.

All members of the Board of Commissioners shall serve as such without compensation, except such per diem allowance, if any, as may be authorized by the County Court for the Commissioners from each county, but they shall be allowed necessary traveling and other expenses while engaged in the business of the Authority, as may be provided and approved by the Board, payable from the funds of the Authority, or such funds as may be appropriated by the County Courts of Loudon and Monroe Counties. No more than two Commissioners from each county, serving at the same time, shall be members of the same major political party.

SECTION 11. That, except as otherwise herein provided, The Port Authority Commissioners shall be removable only for good cause, and after preferment of charges, as provided by law for county officers.

SECTION 12. That the Port Authority Commissioners shall be authorized to employ and fix the compensation of such architects, attorneys, engineers, superintendents, consultants, professional advisors and other subordinate officers and employees, as may be necessary for the efficient management and operation of The Port Authority, and the operation of the facilities provided for in this Act, and who shall continue in the employment of the Authority, at the will and pleasure of the Board of Commissioners.

SECTION 13. That the Counties of Loudon and Monroe in the State of Tennessee, shall have power and authority to issue and sell their bonds to finance the acquisition, construction, improvement and/or expansion of the facilities herein authorized, and to refund bonds previously issued, or refinance indebtedness previously incurred for such purposes. The Counties of Loudon and Monroe may, in all respects, provide for the rights of the holders of all bonds, including the manner in which future bonds may be issued on a parity with such bonds. The bonds may be issued in one or more series, may bear such date or dates, may mature at such time or times, not exceeding forty years from their respective dates, may be in such denomination or denominations, may be in such form either coupon or registered, may carry such registration and conversion privileges, may be executed in such manner, may be payable in such medium or payment, at such place or places, may be sold or hypothecated in such blocks, may be subject to such terms of redemption with or without premium, may be declared or become due after the maturity date thereof, and may be in such amount as may be provided by resolution or resolutions of the County Courts of said counties. Such bonds may be issued for money or property, at public or private sale, for such price or prices and at such rate or rates of interest, and may be hypothecated in such manner as said county courts may determine, but the interest cost to maturity of the bonds, when issued for property (at the value determined by said county courts, which determination shall be conclusive), or the money received for any issue of said bonds, shall not exceed the maximum rate fixed by law, payable semi-annually. Such bonds shall have all the qualities and incidents of negotiability.

Pending the preparation of the definitive bonds, interim receipts or certificates in such form, and with such provisions, as the said county courts may determine, in the resolution authorizing said bonds, may be issued to the purchaser or purchasers of bonds sold pursuant to this Act. Said bonds and interim receipts or certificates shall be fully negotiable.

In case any of the officers whose signatures or countersignatures appear on such bonds shall cease to be such officers before the delivery of the bonds, such signatures and countersignatures shall nevertheless be valid and sufficient for all purposes, the same as though such officers had remained in office until the bonds had been delivered. Such bonds may be issued, notwithstanding and without regard to any limit or restriction on the amount or percentage of indebtedness, or of outstanding obligations of the Counties of Loudon and Monroe, contained in any other statute, general or special, and notwithstanding and without regard to the requirements of any other general or special statute, including requirements as to elections for the approval of such bonds.

In the case of bonds payable solely out of the revenues of The Port Authority, it shall be the duty of the county courts of Loudon and Monroe Counties to provide, by resolution, for the issuance of such bonds, as requested by The Port Authority Commissioners.

Prior to a vote by the county courts of said counties authorizing the issuance of bonds to be financed wholly or in part through tax levies by the said County Courts, The Port Authority Commissioners shall prepare and submit to the County Courts of each of the counties of Loudon and Monroe, a recommendation that bonds in a stated amount be issued hereunder, and the equal pro rata amount to be issued by each county, supported by a report on the need for, and projected use of the facilities for the financing of which such bonds issue is proposed, including a review of alternate solutions, if any, and a justification of the solution proposed.

Bonds may be issued as direct and general obligations of each of the Counties of Loudon and Monroe, payable out of their several and separate general income and revenue, or at the election and subject to the determination of The Port Authority Commissioners, may be made payable only out of the revenues from the facilities of The Port Authority. In case the bonds are issued as general obligations of the said counties, it shall be the duty of the County Court of each of the said counties to levy a tax each year, over and above the taxes levied for general county purposes and special county purposes, to pay the interest and principal of said bonds, as they mature; provided, however, that in case the revenues derived from the operation of the facilities herein provided for, are sufficient to pay the interest and principal of said bonds, or a part thereof, as they may severally mature, then a special levy for the full payment of said interest and principal shall not be required, but said County Courts shall each year levy an amount of tax, which, when added to the amount of revenue derived from the operation of said facilities, then on hand and available for that purpose, will be sufficient to pay the interest and principal maturing prior to the collection of the next succeeding tax levy. Said bonds shall be sold at public or private sale, and in such manner as may be determined by resolution of each of the said County Courts authorizing their issuance. Said bonds shall contain a recital that they are issued pursuant to and in accordance with this Act, and such recital shall be conclusive evidence of their legality.

SECTION 14. That in order to secure the payment of any of the bonds issued pursuant to this Act, the interest thereon, or in connection with such bonds, the County Courts of Loudon and Monroe Counties shall have power, as to such bonds, to the extent not inconsistent with the mandatory provisions of this Act:

- (a) To pledge the full faith and credit and unlimited taxing power of each of the said counties to the punctual payment of the principal of and interest of such bonds.
- (b) To pledge all or any part of the revenue derived from the operation of the facilities herein authorized, and to pledge all or any part of the proceeds derived from the sale, transfer, lease, or other disposition of any land or other facilities as provided for in this Act.
- (c) To provide for the terms, form, registration, exchange, execution and authentication of such bonds.
- (d) To provide for the replacement of lost, destroyed or mutilated bonds.
- (e) To covenant as to the use and disposition of the proceeds from the sale of such bonds.
- (f) To covenant as to the rates and charges for the use of facilities of The Port Authority, and for its services.
- (g) To redeem such bonds, and to covenant for their redemption and to provide the terms and conditions thereof.
- (h) To covenant and prescribe as to what happenings or occurrences shall constitute "events of default", and the terms and conditions upon which any or all of such bonds shall become or may be declared due, before maturity, and as to the terms and conditions upon which such declaration and its conditions upon which such declaration and its consequences may be waived.
- (i) To covenant as to the rights, liabilities, powers and duties arising upon the breach by it of any covenant, condition or obligation.

(j) To vest in a Trustee or Trustees, the right to receive all or any part of the income and revenues pledged and assigned to or for the benefit of the holder or holders of bonds issued hereunder, and to hold, apply and dispose of the same, and the right to enforce any covenant made to secure or pay, or in relation to the bonds; and to execute and deliver a trust agreement or trust agreements, which may set forth the powers and duties, and the remedies available, to such Trustee or Trustees, and limiting the liability thereof, and describing what occurrences shall constitute "events of default", and prescribing the terms and conditions upon which such Trustee or Trustees, or the holder or holders of bonds of any specified amount or percentage of such bonds, may exercise such rights and enforce any and all such covenants and resort to such remedies as may be appropriate.

(k) To make covenants other than and in addition to the covenants herein authorized, of like or different character, necessary or advisable to effectuate the purposes of this Act.

(l) To execute all instruments necessary or convenient in the exercise of the powers herein granted, or in the performance of its covenants or duties.

SECTION 15. That any holder or holders of bonds, including Trustee or Trustees for holders of such bonds, shall have the right, in addition to all other rights:

(a) By mandamus or other suit, action or proceeding in any court of competent jurisdiction, to enforce his or their rights against the County Court authorizing and issuing said bonds, The Port Authority, The Port Authority Commissioners, or any other proper officer, agent or employee of any of them, including, but without limitation, the right to require the County Court authorizing and issuing said bonds, The Port Authority, The Port Authority Commissioners, and any proper officer, agent or employee of any of them, to assess, levy and collect taxes, and to fix and collect rates and charges adequate to carry out any agreement as to, or pledge of taxes or Authority revenues, and to require the County Court authorizing and issuing said bonds, The Port Authority, The Port Authority Commissioners, and any officer, agent or employee of them, to carry out any other covenants and agreements, and to perform its and their duties under this Act.

(b) By action or suit in equity to enjoin any acts or things, which may be unlawful or in violation of the rights of such holders of bonds.

SECTION 16. That the County Court, as the case may be, authorizing and issuing said bonds shall have power, by resolution, to confer upon any holder or holders of a specified amount or percentage of bonds, including a Trustee or Trustees, for such holders, the rights, in the event of an "event of default", as defined in such resolution or as may be defined in any agreement with the holder or holders of such bonds or Trustee or Trustees thereof:

(a) By suit, action or proceedings in any court of competent jurisdiction, to obtain the appointment of a receiver of the Authority's facilities, or any part or parts thereof. If such receiver be appointed, he may enter and take possession of such facilities or part or parts thereof, and operate and maintain the same, and collect and receive all revenues thereafter arising therefrom, in the same manner as the Authority itself might do, and shall deposit such monies in a separate account or accounts, and apply the same in accordance with the obligations of the bonds issued under this Act, as the court may direct. (b) By suit, action or proceedings in any court of competent jurisdiction, to require the county court, as the case may be, authorizing and issuing said bonds, or The Port Authority Commissioners, to act as if they were the Trustees of an express trust.

Any such resolution shall constitute a contract between the county and the holders of bonds of such issue.

SECTION 17. That one-half share of all expenses actually incurred by The Port Authority Commissioners in the making of surveys, estimates of cost and revenue, employment of engineers, attorneys, or other employees, the giving of notices, taking of options, selling of bonds, and all other preliminary expenses of whatever nature, which said Commissioners deem necessary in connection with or precedent to the acquisition or improvement of any of the facilities herein provided for, and which they deem necessary to be paid prior to the issuance and delivery of the bond or the bonds issued pursuant to the provisions of this Act, may be met and paid out of the general funds of each of the counties of Loudon and Monroe, not otherwise appropriated, or from any other fund available, as may be provided by the County Courts of the said counties.

All such payments from the general or other funds shall be considered as temporary, noninterest bearing loans, and shall be repaid immediately upon sale and delivery of the bonds, and claim for such repayment shall have priority over all other claims against the proceeds derived from the sale of such bonds.

SECTION 18. That the County Courts of Loudon and Monroe Counties are authorized to appropriate to The Port Authority from their general funds, or such other funds as may be unappropriated, to pay the expenses of The Port Authority Board of Commissioners, or expenses or operation of any of the facilities

authorized by this Act, and said County Courts are authorized and empowered to levy a tax, in addition to all other taxes, upon all taxable property within each said county, sufficient to pay the appropriation made by it to The Port Authority.

SECTION 19. That all monies derived from the issuance of bonds hereunder, together with any federal or other grant or loan made, for the purposes of this Act, shall be paid to the Treasurer of The Port Authority. The Treasurer shall deposit such monies, together with all the receipts from the Authority operations, in a separate bank account or accounts, separate from all other county funds, and shall keep adequate records of all such receipts and other sources. The Treasurer shall pay out such monies only on vouchers signed by such Authority officials as The Port Authority Commissioners shall, by resolution, designate to sign such vouchers. No such vouchers for payment of any such monies shall be issued except upon the resolution or order of the said Commissioners, a certified copy of which shall be filed in the office of the Treasurer.

SECTION 20. That the revenues derived from the operation of the port, storage and transfer facilities, and any and all other facilities herein authorized, and the proceeds derived from the sale, transfer, lease or other disposition of any land or other facilities, shall be applied and used as follows:

- (1) The payment of all operating expenses of The Port Authority except that the proceeds derived from the sale, transfer, or other disposition of any land or other facilities shall not be used for this purpose.
- (2) The payment of the interest on the bonds issued pursuant to the provisions of this Act, and the principal of said bonds, as they severally mature, and/or payments into sinking fund reserves for this purpose.
- (3) The establishment of necessary reserves for contingencies, depreciation, maintenance, replacement of said port, storage, transfer facilities and any and all other facilities, or other purposes, as may be required under any bond indenture or as The Port Authority Commissioners may deem necessary or desirable.
- (4) Any revenue or proceeds remaining after all the above items have been provided for shall be held and used for the further development of and for additions to the Authority facilities, and for the acquisition or construction of new facilities, which may become necessary or desirable to further the purposes of this Act. None of such revenue shall go into the general funds of the said counties, except as may be directed by The Port Authority Commissioners.

SECTION 21. That, except as otherwise herein expressly provided, all contracts of The Port Authority shall be entered into and executed in such manner as may be prescribed by the Board of Commissioners, but no contract or acquisition by purchase, of equipment, apparatus, materials or supplies, involving more than five hundred dollars (\$500.00), or for construction, installation, repair or improvement of the property or facilities, under the jurisdiction of the Board of Commissioners, involving more than one thousand dollars (\$1,000.00) shall be made except after said contract has been advertised for bids, provided that advertisement shall not be required when:

Provided, further, that in the employment of architects, engineers and attorneys, or other professional advisors for personal service, no advertisement of bids shall be required, but the Board of Commissioners may employ or select such architects, engineers, attorneys or professional consultants and advisors, as in the judgment of the Commissioners best meet the qualifications for rendering such services.

Provided, further, that after advertisement for bids, as provided in this Section, if no acceptable bid is received, The Port Authority Commissioners may reject any and all bids, or the Board of Commissioners may negotiate with contractors or supplies, to secure the construction of facilities, or the purchase of equipment, apparatus, materials or supplies at the best possible price, or the Board of Commissioners may construct such facilities, by "Force Account Construction", that is the Board of Commissioners may employ the necessary engineers, supervisors and other personnel, purchase necessary materials, equipment and supplies, to construct such facilities authorized by this Act with its own employees.

SECTION 22. That The Port Authority may use any property, right of way, easement or other similar

property right necessary or convenient in connection with the acquisition, improvement, operation or maintenance of the facilities herein authorized, held by the State of Tennessee or any county or municipality in the State of Tennessee, provided such governmental agency shall consent to such use.

SECTION 23. That The Port Authority Commissioners may sell, transfer, lease, or otherwise dispose of any or all of the personal property in the custody and control of The Port Authority. The Commissioners may also as the agent of the counties of Loudon and Monroe, sell, transfer, lease, or otherwise dispose of any real property in the custody and control of The Port Authority, except that any land that has been acquired through condemnation proceeding may be sold, transferred, or otherwise disposed of only with the approval of the County Court of the county containing such property, and any vote as to such approval shall be taken at a meeting duly and regularly called for the purpose of considering the question of the disposition of such property.

Its approval or non-approval shall be proclaimed and countersigned by the clerks of each of the County Courts of Loudon and Monroe Counties, and shall be duly certified by them to the Secretary of State of Tennessee. Administration - Historical Notes

County Clerk

The following acts once affected the office of county clerk in Monroe County. They are included herein for historical purposes. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1829-30, Chapter 90, authorized John B. Tipton, clerk of the circuit court, and William S. Blair, clerk of the county court, to build a clerk's office at their own expense, upon such part of the public square at Tellico as was designated to them by the county court. Upon death, resignation, or removal from office for any reason, the clerk was entitled to the same privilege of selling or retaining the building as was given to the clerks of Campbell County.
2. Private Acts of 1921, Chapter 275, amended Public Acts of 1919, Chapter 74, a general law regarding license fees of county court clerks, so as to provide a fee to the county court clerk of

Monroe County for recording each and every application made by a person or corporation in the mercantile or other types of business, which required a license to engage in that particular business, according to the laws of the State of Tennessee. The fee of fifty cents was a part of the cost of securing the license.

3. Private Acts of 1927, Chapter 622, gave the county court clerk of Monroe County the sum of \$150 as ex-officio fees of his office which amount was appropriated out of the county treasury on the first Monday in September of each year.

County Mayor

The references below are of acts which once applied to the office of county judge, or county executive in Monroe County. They are included herein for historical purposes only. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1897, Chapter 179, created and regulated the office of county judge for Monroe County. This act was repealed by Private Acts of 1901, Chapter 355.
2. Private Acts of 1901, Chapter 355, abolished the office of county judge in Monroe County and provided for the chairman of the county court to hold the county courts as the same was stipulated for those counties which had no county judge. This act was repealed by Private Acts of 1917, Chapter 222.
3. Private Acts of 1917, Chapter 222, specifically repealed Private Acts of 1901, Chapter 355, above, and amended Private Acts of 1897, Chapter 179, although it apparently had been repealed by Chapter 355, above. This act provided for a county judge, learned in the law, 25 years, or more, of age, who was elected to a two year term by the vote of the people. The election occurred at the same time other county officials were elected in the general August election of 1918, and every two years thereafter. The judge herein enjoyed all the powers and privileges of other county judges. The post of county chairman was abolished and the county judge assumed and discharged the chairman's duties. The annual salary of the judge was set at \$800, payable quarterly, and the present chairman of the county court remained in office until his term expired. This act was amended by Private Acts of 1927, Chapter 201, so as to increase the annual salary of the county judge from \$800 to \$1,200 and by making the salary payable in monthly installments of \$100 instead of quarterly as provided under the amended act.

Many specific grants of power were made to the board of six members, including the authority to issue bonds of both a general obligation and revenue nature. Appropriations were also made to the authority from the general funds of the counties. This act was repealed by Private Acts of 1965, Chapter 95.

2. Private Acts of 1965, Chapter 95, created the Little Tennessee River Port Authority for Loudon and Monroe counties, designed to facilitate the movement of people and goods, with grants of specific powers and authority, all actions of which were declared to be public and governmental functions. There was a six member board of commissioners whose authority was specifically outlined in nine separate paragraphs, who had full control of all port facilities. Several sections of the act were devoted to further stipulations of authority and the conditions under which they could be exercised. The county courts of the two counties elected three of the six commissioners for specified terms and filled vacancies as they might occur in their ranks. The board was allowed to employ engineers, attorneys and other skilled personnel. Bonds, both general obligation and revenue, could be issued if the conditions prescribed in the act were met. This act was duplicated in Private Acts of 1980, Chapter 237.

13. Private Acts of 1927, Chapter 409, declared it to be unlawful and a misdemeanor for any person to kill, trap, catch, or in any way, take quail or partridges for a period of three years following the passage of this act in Monroe County. All warrants or bonds were considered as valid obligations and claims against the county issuing them.
2. Private Acts of 1925, Chapter 730, allowed the quarterly court of Monroe County to issue interest bearing county warrants up to \$100,000 to be used in the construction of bridges and their approaches in the county which matured at the rate of \$5,000 annually after two years from issue. Acts of 1909, Chapter 98, authorized the county court of Monroe County to borrow the permanent school funds of said county and to pay the interest thereon out of any funds that may have been provided by said court. This act also provided for the use of said funds in building dormitories and school buildings and purchase real estate for the Monroe County High School at Madisonville.
27. Acts of 1909, Chapter 225, provided for and enforced the education of all children between the ages of eight and sixteen years in Monroe County.
28. Acts of 1909, Chapter 543, required the parent of every child in Monroe County and in Jefferson County between the ages of eight and sixteen years to send their children to school at least sixteen weeks, or 80 consecutive school days, of not less than four hours each, each year, unless the term is shorter than that by law, or unless the child were properly excused, or fell within at least one of the several exceptions prescribed in the act. The commissioner of the poor could assist indigent people in complying herewith by furnishing clothes and text books to children who could not otherwise acquire them. Disobedient parents could be fined from \$10 to \$50 for each offense, and it was further unlawful for anyone to hire a youngster to work during school hours and term. All teachers filed attendance reports, as specified, or forfeit their salary until they did file the reports. The sheriff, his deputies and the constables were all required to enforce the provisions of this law. This act was amended by Private Acts of 1911, Chapter 51, which limited the law to children between the ages of eight and fourteen years.
29. Private Acts of 1911, Chapter 188, authorized the county school board of Monroe County, together with the school directors of the nineteenth civil district of said county, to sell school lands and the growing timber on the school lands of said district not heretofore sold.

The court was given the further authority to levy additional taxes to erect high schools in the county when they deemed it best to do so. This act was amended by Private Acts of 1919, Chapter 118, so as to make it the duty and responsibility of the quarterly county court of Monroe County to levy, at its January or April term, or at any term when the general tax assessment was made, a tax of not less than 20 cents per \$100 property valuation in order to maintain three or more high schools in the county, one at Madisonville, one at Tellico Plains, and one at Sweetwater, each one to have the same grades as the others and to run an equal number of days each year.

All details were present, a tax levy was mandated for the sinking fund, donations could be accepted and used, and the trustee handled the money at no extra compensation. - over which programs the county school board would preside.
36. C. Kefauver, Lee R. Sloan and Carl Calfee as the committee for this project. This act was repealed by Private Acts of 1931, Chapter 58.
 38. Private Acts of 1937, Chapter 16, stated in the preamble that the quarterly court had passed a resolution to make an offer to the Public Works Administration whereby Monroe County paid \$19,000 and the PWA paid \$15,000 to build and equip a high school in Vonore for which a general tax levy of ten cents per \$100 property valuation was made through 1940. He shall take into possession the road tools and machinery now owned by the County, and may purchase such other tools and machinery as may be necessary to carry out the purposes of this Act, and provide a modern and efficient system of road maintenance. The jurors of view shall each receive one dollar per day for their services, and no party of interest or related to party of interest nearer than second cousin, shall serve as a juror. The damages and such costs as shall be properly taxed against the County shall be paid by the Trustee upon order of the Superintendent of Roads out of the funds for the District in which the change is made.

And when such Assistant Supervisor willfully fails or refuses to give such notice to any such road hand, said Assistant Supervisor shall be held, and hereby is made liable for the \$10.00 commutation money due from each such hand, and for failure to pay same shall be punished in each instance as such hand would have been, had he been legally notified and failed to appear and work. Any hand subject to road duty may furnish a substitute, provided such substitute is not under 16 years of age. All hands assigned to each Assistant Supervisor must be worked at the same time if same is practical, and the Assistant Supervisor shall not be allowed pay for superintending hands who fail

to work on the days designated. Highways and Roads - Historical Notes

The following is a listing of acts which once had some effect upon the county road system in Monroe County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1825, Chapter 312, authorized Joshua Parsons and John Isbell, of Monroe County, to cut and open a turnpike at the mouth of Adam's Creek on the Tennessee River near Chilhowee, following the nearest and best way to the North Carolina line on the top of the Smoky Mountains, the same to be built under all the normal regulations and restrictions. The act appointed Henry Stephens and Nathan Hendrix as commissioners to examine the road periodically and report its progress to the court.
2. Private Acts of 1826, Chapter 62, made it the duty of the county court of Monroe County on the first day of its January term to appoint jurors to assess the damages for fences to be built along public roads. No one who lived over a mile from the fences was compelled to work on them.
3. Private Acts of 1833, Chapter 75, permitted David Russell, Arthur H. Henly and Nicholas Byers, proprietors of the Unacoy Turnpike Road, to enter in the office of the entry taker of the Hiwassee District, 816 acres of land occupied by them on the Tennessee River in Monroe County.
4. Private Acts of 1833, Chapter 161, provided that the owners of the Unacoy Turnpike Road would be liable and subject to presentment and indictment in Monroe County if the their road was out of repair.
5. Acts of 1839-40, Chapter 17, authorized James Vaughn and James Ghormley, both of Monroe County, to open a turnpike road commencing at the top of Unica Mountain at the North Carolina state line to the Ghormley residence in Monroe County.
6. Acts of 1843-44, Chapter 108, authorized John Strutton to open and maintain a turnpike road from Turkey Creek to the North Carolina line near the head of the Tellico River and running in the direction of the Valley River Gold Mines. The act contained specifications for the road which was to be completed within one year and a schedule of tolls to be charged when it was finished and in operation. The act named James M. Bickwell, William Taylor and Thomas Blair, as commissioners, to inspect and examine the road and to perform other prescribed duties at a compensation rate of \$1.00 per day for each day devoted to such tasks.
7. Acts of 1843-44, Chapter 109, incorporated the Citico Turnpike Company naming H. M. D. McElrath, S. S. Glenn, Joseph S. Milligan, James Harrison and V. A. Harris, all of Monroe County,

- as the incorporators. A capital stock of \$30,000 could be sold and subscribed by the corporation to build the road which ran from Maryville to Blount County along the route specified in the act to the North Carolina state line completely traversing Monroe County.
8. Acts of 1849-50, Chapter 256, authorized the laying out of a public road from the Town of Athens, in McMinn County, to Tellico Plains, in Monroe County. All of this act, except Section 4 and 5, was repealed by Acts of 1851-52, Chapter 9.
 9. Acts of 1851-52, Chapter 265, authorized John C. Vaughn, David Cunningham, David E. Hedgecock and John Prock, of Monroe County, to open and keep up a turnpike road. The road ran from Hedgecock's on Spring Creek to Turtle Town in Polk County, intersecting the road which went to Blairsville, Georgia.
 10. Private Acts of 1859-60, Chapter 114, directed the county courts of Monroe, Henry, Carter, Johnson, Greene, Obion, Robertson, Meigs, McMinn, Polk, Cheatham, Washington and Cannon to classify all the public roads of their respective counties into three classes, as defined, and to assess the properties alongside each road accordingly. The money derived therefrom was applied to the maintenance of these roads under the direction and supervision of the county court. Any taxpayer living along these roads could work on the roads under certain conditions at the rate of \$1.00 per day.
 11. Private Acts of 1869-70 (1st Sess.), Chapter 69, granted to John C. Vaughn, David Cunningham, David E. Hedgecock and John Prock, their heirs and assigns the further time of five years to open and keep open a turnpike road as was provided in an act passed January 20, 1852.
 12. Public Acts of 1901, Chapter 136, regulated the working and laying out of public roads in all counties having a population of under 70,000, according to the 1900 Federal Census.
 13. Private Acts of 1901, Chapter 429, was the legal authority for the quarterly court of Monroe County, a majority of the justices being present, to issue up to \$100,000 in bonds, at an interest rate of 5%, or less, and to mature from 25 years to 30 years after date of issue to build the ten pike roads named and specified in the act. The court appointed three commissioners to organize and supervise the program who had the right to employ engineers and other professionals to assist them in indexing and classifying the roads in the county and to provide other needed technical assistance. The commission was required to write reports, maps, charts, prepare specifications and cost estimates and file all with the quarterly court who were required to vote on each separate item. This act was repealed by Acts of 1903, Chapter 90.
 14. Acts of 1909, Chapter 82, was the legislative sanction for the quarterly court of Monroe County to hold a referendum election on the question of issuing \$100,000 in bonds to be used to locate, build and improve pike roads. If approved by the people, the court would then proceed to issue the bonds observing all the detailed requirements of the act. A tax levy was required to amortize the bonds over the scheduled maturity period of the bonds which the trustee was obligated to collect and attend to otherwise. The county judge must appoint three pike commissioners to supervise the program, exercise all the powers granted in the act and submit periodic reports to the court on the status of the program. A list of 18 sections of roads was set up in the act on which the bond funds were proposed to be spent.
 15. Private Act of 1911, Chapter 484, authorized the county court of Monroe County to issue and sell and provide for the payment of county bonds for the purpose of locating, building and improving certain public or pike roads in said county. This act was amended by Private Acts of 1913, Chapter 84, by adding to Section 7, immediately after the description of the road in Section 20, the provision that \$5,000 of the money be expended within the corporate limits of Sweetwater under the supervision of the pike road commission and \$5,000 also be spent within the city limits of Tellico Plains under the supervision of the mayor and aldermen. Private Acts of 1913, Chapter 305, further amended Private Acts of 1911, Chapter 484, by adding to Subsection
 16. Section 7, a provision that the road commissioners could construct the said road from Tellico Plains to Ball Play by way of Belltown if the route were considered by them to be more practical and desirable. Section 18 was changed to read "from Vonore to the proposed bridge near Dawson's Springs and thence up the Tennessee River to within one mile of the Citico Creek, a distance of about nine miles.
 17. Private Acts of 1915, Chapter 157, regulated the laying out, working, changing, opening and closing of public roads in Monroe County. The act created a three member board of public road commissioners; provided proper management and control of county jails and workhouses with respect to public roads. This act was repealed by Private Acts of 1917, Chapter 699.
 18. Private Acts of 1917, Chapter 660, allowed the quarterly court of Monroe County to call an

election on the question of issuing \$30,000 in bonds which were used exclusively by the pike road commissioners to lay out, grade and rock two sets of roads which were enumerated in the act, \$15,000 were spent on each group. The details of the issue conformed to and coincided with Private Acts of 1911, Chapter 484, above, except that the maturity limit on these bonds could go up to 25 years. All the duties and obligations imposed in Private Acts of 1911, Chapter 484, were carried over into this act.

19. Private Acts of 1917, Chapter 700, was a general road law for Monroe County. The quarterly court of Monroe County at its January term in 1917, and every two years thereafter, elected a road commissioner to have and exercise the general supervision over all the county roads and bridges, who were skilled in all phases of road work and who were paid \$3.50 for each day spent in the discharge of his duties. A civil engineer could be employed by the commissioner to make official maps and use them to classify and index all county public roads into three classes according to the standards set up in this law. All roads were worked on contract awarded on bids submitted to maintain the roads for two years. Contracts were awarded under the direction of a committee appointed by the court, who drew up the standards of maintenance with which the successful bidder had to comply with. Under the procedures established in this law, the commissioner could dispose of petitions to open, close and change roads and to acquire property by condemnation when necessary. The county court clerk was ordered to collect a general road tax levied by the court from 15 to 30 cents per \$100 property valuation, a head tax of \$3.00 on all males between ages of 21 and 45, and a vehicle tax which was scheduled according to size and type of vehicle. Contractors furnished all tools, equipment and materials required for them to perform their contracts. The commissioner, the county judge, the chairman of the court and the county clerk were all charged to keep adequate records. No board of pike commissioners appointed under bond issue legislation was affected by this act. Steep grades were reduced wherever possible and their creation in the future studiously avoided. Workhouse prisoners worked on the roads but all provisions and conditions of state law and this act were strictly observed.
20. Private Acts of 1919, Chapter 107, authorized the pike road commissioners of Monroe County to carry out an order made by the county court at its July, 1917, term which instructed said commissioners to abandon the road from Ballards to Christianburg and grade a road from McSpadden's farm on the Athen road to Christianburg.
21. Private Acts of 1919, Chapter 119, gave the Monroe County Quarterly Court, a majority of the justices being present, the authority to issue up to \$30,000 in bonds, at an interest rate not to exceed 6%, and on a maturity schedule no longer than 12 years, to lay out, improve, grade and macadamize the two roads described in the act, running from Madisonville to Pavo, about 12 miles, and from Sloan's store on the Ball Play Road to Tom White's place on the Niles Ferry Road. The act named G. L. Henderson, Jr., W. W. Carson and G. M. Cagle, as commissioners to carry out the terms and provisions of this act. The commission was required to keep proper records and submit reports on the status of the projects. The roads were required to meet the standards established in the act. The commissioners were paid \$60 annually.
22. Private Acts of 1919, Chapter 125, was the legislative authority for the quarterly court to issue up to \$7,500 in bonds, or to otherwise appropriate money to build a well graded road from the old John Rutherford farm in the eighth civil district running northwest through the lands of the individuals and the cities mentioned for a distance of six and one-half miles.
23. Private Acts of 1919, Chapter 158, permitted the quarterly court to issue bonds, or county warrants, to grade a road beginning on the Madisonville and Tellico Road about four miles south of Madisonville, following the old Federal Road to Wilson's Station on the Athens - Tellico Road. If bonds were issued, they were payable at such times and places as the quarterly court would determine.
24. Private Acts of 1919, Chapter 255, provided Monroe County with a general road law. A three member board of public road commissioners was established whose members served staggered terms initially, and afterwards were appointed for three years. The county court selected the first commissioners at the first quarterly meeting following the passage of this act. No state, county, or city official was eligible to serve on this board and all vacancies were filled at the next quarterly meeting of the county court subsequent to the occurrence of the vacancy. No compensation was paid to the commissioners except \$4 for one day during the quarterly court meeting. No commissioner had any personal interest in any of the business of the board, violators were subject to fines from \$50 to \$250 and expelled from office. The board had the right to employ a competent person for one year as a road supervisor who was in immediate charge of the entire road program at a salary to be set by the county court which could not exceed \$4 a day up to 150 days each year for the supervisor and \$3 per day up to 60 days each year for the district

- supervisors. Powers were granted both generally and specifically which included the supervision of the workhouse and the prisoners who were subject to road labor. Accurate and sufficient records were kept of all transactions. The county court was required to levy a general road tax of not less than 10 cents nor more than 25 cents per \$100 property valuation. All males, between the ages of 21 and 45 had to work from five to eight days on the roads, or pay \$6.25, as a commutation fee. Failure to comply with either of the above could result in a fine of \$1 per day for each day missed in addition to the other requirements. Labor was performed and funds expended as nearly as possible in the district of residence or where funds were collected. The commissioners could solicit bids, award contracts and generally supervise all the work. The board disposed of a petition, to open, close, or change roads and highways. Road hands who did not do acceptable work could be dismissed. This act was amended by Private Acts of 1920 (Ex. Motor Vehicle Tax

Private Acts of 1993 Chapter 93

SECTION 1. For the privilege of using the public roads and highways, except statemaintained roads, in Monroe County, Tennessee, there is levied, in addition to all other taxes, a special privilege tax for the benefit of Monroe County upon motor-driven vehicles, including motorcycles, motor-driven bicycles, scooters and motor vehicle dealer plates, and upon the privilege of the operation thereof, except farm tractors, self-propelled farm machines not usually used for operation upon public highways or roads, and except all motor-driven vehicles owned or leased by any governmental agency or governmental instrumentality, including privately owned school buses leased to Monroe County. The tax imposed by this act shall be in the amount of twenty-five dollars (\$25.00) for each such motor-driven vehicle and motor vehicle dealer plate, and ten dollars (\$10.00) for each such motorcycle or motor-driven bicycle and scooter. This tax applies to, is a levy upon, and shall be paid on each such motor-driven vehicle, the owner of which resides within such county.

SECTION 2. The tax herein levied shall be paid to and collected by the county clerk of Monroe County who is authorized by Tennessee Code Annotated, Section 67-4-130, to collect such privilege taxes. The

county clerk shall collect this tax at the same time he collects the state privilege tax levied upon the operation of a motor-driven vehicle over the public highways of this state. The county clerk shall deduct a fee of five percent (5%) as authorized in Tennessee Code Annotated, Section 8-21-701, from the amount of taxes collected and paid over to the county trustee.

SECTION 3. Payment of the privilege tax imposed hereunder shall be evidenced by a receipt, issued in duplicate by the clerk, the original of which shall be kept by the owner of the motor-driven vehicle, and by a decal or emblem also issued by the clerk, which shall be displayed by affixing the same on and to the vehicle's rear license plate.

SECTION 4. The design of the decal or emblem shall be determined by the county clerk. The expense incident to the purchase of such decals and emblems herein required, as well as the expense of obtaining proper receipts and other records necessary for the performance of the duties herein incumbent upon the clerk shall be paid from the general fund of the county.

SECTION 5. The privilege tax or wheel tax herein levied, when paid together with full, complete, and explicit performance of and compliance with all provisions of this act, by the owner, shall entitle the owner of the motor-driven vehicle for which such tax was paid and on which the decal or emblem has been affixed as herein provided, to operate or allow to be operated such person's vehicle over the streets, roads, and highways of the county for a period of one (1) year which will run concurrently with the period established for the state registration fees by Tennessee Code Annotated, Section 55-4-104.

In the event the wheel tax decal is sold by the clerk for a period of more or less than a calendar year, the tax imposed shall be proportionate to the annual tax fixed for the vehicle and modified in no other manner, except that the proportional tax shall be rounded off to the nearest quarter of a dollar.

SECTION 6. In the event any motor-driven vehicle for which the tax levied by this act has been paid and the emblem or decal issued and placed thereon becomes unusable or is destroyed or damaged to the extent that it can no longer be operated over the public roads, streets or highways of Monroe County; or in the event that the owner transfers the title to such vehicle and completely removes therefrom and destroys the decal or emblem issued for and placed thereon, and the owner makes proper application to the clerk for the issuance of a duplicate decal or emblem to be used by such owner on another vehicle for the unexpired term for which the original decal or emblem was issued, and the clerk is satisfied that the applicant is entitled to the issuance of such a duplicate decal or emblem and the owner pays into the hands of the clerk the sum of five dollars (\$5.00), the clerk will then issue to such owner a duplicate receipt, canceling the original receipt delivered to him by the owner, and will deliver to the owner a duplicate decal or emblem, which shall be affixed to the motor-driven vehicle for which it is issued, as herein provided, and such duplicate decal or emblem shall entitle the owner to operate or allow to be operated the vehicle upon the streets, roads, and highways of such county for the remainder of the period for which the original decal or emblem was issued. Likewise, in the event a decal or emblem becomes obliterated, erased, or defaced, or is destroyed under the provisions of this act, and is therefore illegible and unusable by the owner, upon proper application made by the owner and filed with the clerk, showing such circumstances and facts to be true, then the clerk, upon receipt from the owner of five dollars (\$5.00) may issue and deliver to the owner a duplicate decal or emblem.

SECTION 7. The tax levied in this act shall be used solely and exclusively for construction and renovation of the schools within the Monroe County School System or for the retirement of school bonds issued for such purpose and for no other reason.

SECTION 8. For the purpose of collection of the tax levied in this act, such collection shall begin on the first day of July, 1993.

SECTION 9. This act shall have no effect unless it is approved by a two-thirds ($\frac{2}{3}$) vote of the legislative body of Monroe County. Its approval or nonapproval shall be proclaimed by the presiding officer of the legislative body of Monroe County and certified to the Secretary of State.

Taxation - Historical Notes

Assessor of Property

The following acts were superseded, repealed or failed to win local ratification, but they are listed here as a reference to laws which once affected the Monroe County Assessor. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1911, Chapter 411, amended Acts of 1907, Chapter 602, a general state law regarding tax assessors, by setting annual salaries for the assessors of certain counties which were different from those specified in the general law. In Monroe County the annual salary of the assessor of property was \$800. Chapter 411 was amended by Private Acts of 1917, Chapter 208, in Section 1 so as to increase the annual salary of the assessor of property for Monroe County to \$1,200 annually. Private Acts of 1917, Chapter 250, was an exact duplicate of Chapter 208. Private Acts of 1919, Chapter 106, amended Private Acts of 1917, Chapter 208, to raise the annual salary of the Monroe County Tax Assessor from \$1,200 to \$1,500. Private Acts of 1921, Chapter 854, amended the above acts down to the 1907 act, Chapter 602, in order to increase again the annual salary of the Monroe County Tax Assessor from \$1,500 to \$1,800. Private Acts of 1927, Chapter 190, amended Private Acts of 1921, Chapter 854, so as to allow the tax assessor of Monroe County the sum of \$300 per year which was in addition to all other compensation then being paid to him. Private Acts of 1929, Chapter 185, Private Acts of 1921, Chapter 854, so that the sum of \$900 was granted to the Monroe County Tax Assessor each year in order to pay a deputy assessor, or assessors. Private Acts of 1933, Chapter 718, repealed Private Acts of 1929, Chapter 185.
2. Private Acts of 1925, Chapter 135, purported to amend Acts of 1907, Chapter 602, which was a general state act classifying property for taxation, by setting up the compensation for tax assessors according to population by defining the term "actual cash value" as that term was to be applied to farms and farm land by the board of equalization, and the terms "rent value" and "renting power" were clarified in the same respect. Private Acts of 1925, Chapter 692, amended Private Acts of 1925, Chapter 135, so as to make it the responsibility of the tax assessors and the board of equalization in Monroe County in their assessment of properties for 1925, and subsequent years, to deduct from the assessed value placed on farms, farm homes and farm lands, which were imposed upon that class of property for state revenues, such an amount as would in their discretion comply with the provisions of Private Acts of 1925, Chapter 135, in order to determine the assessed value. The purpose of this act, as expressed therein, was to put the provisions of Chapter 135 in effect in 1925. Acts of 1907, Chapter 602, as amended, was declared unconstitutional in Kefauver v. Spurling, 290 S.W. 14, 154 Tennessee 614 (1926).
3. Private Acts of 1925, Chapter 551, declared that in Monroe County not less than one-half of the number of persons composing the county board of equalization appointed or elected by the quarterly court could be persons who were dirt farmers, or persons who owned and operated farms.
4. Private Acts of 1935, Chapter 201, authorized the Monroe County Tax Assessor to employ a clerk or deputy assessor at a salary which did not exceed \$50 per month, payable out of the general county funds. This act was repealed by Private Acts of 1937, Chapter 638.
5. Private Acts of 1939, Chapter 418, authorized the tax assessor of Monroe County to employ a clerk or deputy at a salary of \$50 per month payable out of the general fund, and reimbursed tax assessors for money expended from September 1, 1938.
6. Private Acts of 1953, Chapter 516, set the annual compensation of the assessor of property in Monroe County at \$3,600, payable in equal monthly installments out of the county treasury. No deed could be recorded until the same had been presented to the tax assessor who was obligated to make the appropriate changes on the tax books showing the name of the new owner and the value of the property. Registers were prohibited from recording any deed which had not been through the tax assessor's office.

Taxation

The following is a listing of acts pertaining to taxation in Monroe County which are no longer effective. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1831, Chapter 231, required that the sheriff or collectors of the state tax in Monroe County pay the state tax for two years to the commissioners appointed by the county court, for the purpose of building a jail in Monroe County.
2. Public Acts of 1869-70 (2nd Sess.), Chapter 77, made it the duty of the tax collectors of the counties of Monroe, Roane and Blount to furnish the tax collector of the new county of Christiana with the tax rolls and books concerning the people residing in the areas of those counties which were struck off to form Christiana County.
3. Private Acts of 1911, Chapter 543, made it the duty of the quarterly court at its January, or April, term, or at any term, to levy a tax of not less than 10 cents on each \$100 property valuation to maintain one or more high schools in the county.

4. Private Acts of 1915, Chapter 149, made it the responsibility of the quarterly court of Monroe County to levy a general tax of not less than 20 cents per \$100 property valuation to be used to maintain high schools in the county, additional taxes could be levied to build a new school whenever it was deemed necessary.
5. Private Acts of 1919, Chapter 304, amended Public Acts of 1899, Chapter 279, a general state law which empowered county courts to provide county high schools, so as to provide that, in Monroe County, when other general tax assessments were made, the county court levy a tax of not less than 30 cents nor more than 50 cents per \$100 property valuation to maintain and operate high schools in the county.
6. Private Acts of 1919, Chapter 593, created the position of delinquent poll tax collector in Monroe County and provided how said office would be filled. This act was amended by Private Acts of 1927, Chapter 304, which made the delinquent poll tax collector subject to an appointment by the quarterly county court of Monroe County instead of by the trustee. The appointment was made at the January session of the court each year. Section 2 provided that all poll taxes not paid by March 1 of the year following the year they were due were to be turned over to the delinquent tax collector. The trustee was required to make up a list of the taxes unpaid in alphabetical order and, as it was thus constituted, to deliver it to the delinquent poll tax collector on or before April 1 of each year. If the above were not fully complied with, the trustee was responsible for all deficiencies, forfeited his compensation and possibly his office. Private Acts of 1919, Chapter 593, was repealed by Private Acts of 1929, Chapter 81.
7. Public Acts of 1925, Chapter 10, amended the state code so as to exempt Monroe County from the change in the time of payment for taxes which was brought about by that law.
