Said budget shall likewise show in parallel columns the amounts expended during the previous year for the respective purposes.

That it shall be likewise the duty of the County Judge of Grundy County, on or before the first Monday of April in each year, to prepare and file with the County Court Clerk of said County an itemized statement or budget of the funds which he estimates necessary to be expended from the general county fund during the year commencing on the first day of September following said report, for the payment of salaries, mother's pensions, maintenance of insane patients, jail bills, improvements and repairs of Court House and/or Jail, court costs, jail buildings and all other expenses which should be properly paid out of the general county fund, whether specifically set out in this Act or not. It shall be the duty of the County Court Clerk to record the budgets herein referred to in a well bound book kept for that purpose and in a manner that shall make a permanent record of the same.

SECTION 3. That the duty of preparing and presenting to the County, the budget for Grundy County, at

its July term each year, shall devolve upon the County Revenue Commissioners of said County, and one of said Commissioners shall act as Secretary of said Commissioners and shall keep a complete record of the acts of said Commissioners relative to the preparation and presentation of said budget, and in so far as their duties pertain to the preparation and presentation of said budget, they shall be, and in this Act are referred to and designated as the Budget Commission for Grundy County, Tennessee.

SECTION 4. That each year prior to the meeting of the July term of the Quarterly Court of Grundy County, it shall be the duty of said Budget Commission to consider and examine the budgets referred to in Section 2 of this Act, and such other records and data as may be necessary, and to prepare on appropriate forms a complete itemized budget covering all of the proposed expenditures of every kind and description to be made by or on behalf of the County for the year beginning on September 1st following. And in preparing said budget, said Commission is not to be bound by the recommendations of the various departments of the County referred to in Section 2 hereof, but shall make such changes as in the opinion of said Commission are to the best interests of the County.

That immediately upon its organization said Budget Commission shall cause to be prepared and printed appropriate forms on which the budgets of the various departments of the County referred to in Section 2 hereof are to be submitted and also appropriate forms for the budget herein provided for to be prepared and submitted by said Commission. That said forms shall be of such a nature as to enable said Commission to submit to the Quarterly Court as hereinafter provided a complete itemized budget and financial statement of the County in simple, intelligible form, to the end that the Quarterly Court shall have before it in said budget all of the data necessary to enable it to intelligently determine the proper amount to be allowed to the various departments of the County during the year for which the budget is proposed and the amount of revenue that will be available to pay the amount so allowed. And in determining the nature and kind of said forms, said Budget Commission may seek such expert advice in respect to this matter as will enable it to accomplish the desired end.

That said budget, when prepared by said Budget Commission, shall be filed with the County Court Clerk and by him recorded along with the budgets prepared by the several departments of the County, as hereinabove provided for, in a well bound book and kept as a permanent record in the office of the County Court Clerk; and shall be submitted by the Chairman of the Commission each year to the July Term of the Quarterly Court of Grundy County in open Court; and it shall be the duty of said Court before fixing the tax rate for the current year to fully consider in open Court said budget prepared by said Budget Commission, but the same shall not be in any way binding on said Court. That said Court shall have full right and power to alter, vary or change in any way it deems right and proper said budget so submitted by said Budget Commission or any part of said budget thereof, but it shall be the positive duty of said Court at its July Term each year, to fix, establish and adopt a complete, itemized budget of the amounts to be expended by each department of the County Government during the year beginning on the first day of September following, and no warrant drawn against the County's funds or any funds accruing to the office of the County Trustee from any source, after September 1, 1935, shall be binding on the County unless the items or expense for which said warrant is issued shall have been included in a budget adopted by said Court as herein provided for; and no warrant shall be valid or binding on the County after the aggregate amount of warrants theretofore drawn during the fiscal year by or on behalf of any department of the County Government, shall equal the amount allowed said department in the budget adopted for that year.

That in preparing said budget it shall be the duty of the Budget Commission to take into consideration any unexpended balances that may remain to the credit of any department at the end of the year from the amount allowed such department for the previous year.

That, as nearly as may be practicable, said Commission shall show in its budget the amount of actual expenditures of each department of the County Government during the preceding year, covering each item or head in the budget, said amounts for such previous year to be shown in a column parallel to that containing the proposed amount recommended for the ensuing year, so that when completed said budget will show not only the proposed expenditures for the ensuing year, but the actual expenditures under each head for the past year.

That from the data and information herein required to be prepared and filed with the County Court Clerk by the County Trustee, and such other data as it may be necessary to examine, said Budget Commission shall show in its budget an itemized statement or estimate of all funds, exclusive of the funds derived from the County tax on property, which said Commission has reasonable grounds to believe will be available during the year for the payment of the amounts allowed in its said budget for said year, and it shall also show as nearly as may be practicable, the amounts of revenue derived from the same sources during the past year, together with the amount actually collected from the County tax on property during such preceding year.

That along with its budget and report said Commission shall submit to said Court such other data, information and recommendations as it may deem advisable and necessary to enable the said Quarterly Court and the public to fully understand the financial condition of the County and the necessity for the amount fixed in said budget and the tax rate on property recommended by said Commission.

That the Secretary of said Commission shall mail a full and complete copy of the report and budget prepared by said Commission, to each member of the Quarterly Court, at least ten days before the July Term of said Court, and shall also cause a copy of said report and budget to be posted at three public places in Grundy County at least ten (10) days before each July Term of the Court, one of which places shall be at the Court House of said County.

SECTION 5. That for the year 1935 the reports from the County Judge, Trustee, Highway Commissioners, and all other Departmental Heads of said County required to be filed with the County Court Clerk on or before the first Monday in April, shall be filed with said clerk on or before the first Monday in June, 1935; and for the year 1936 and all subsequent years said reports shall be filed on or before the first Monday in April, as provided by this Act.

SECTION 6. That in the event said Budget Commission fails, refuses or neglects to prepare and submit the budget herein provided for to the said Quarterly Court at its July Term, then it shall be the duty of the County Judge at said Term of Court to appoint three competent persons to prepare and present the Budget for the ensuing year to the said Court, and it shall be the duty of said Court to adopt an itemized budget covering the amounts to be expended by each department of the County Government for the year beginning on the first day of the following September, and said budget shall be of the same kind and form as that herein required to be prepared by said Budget Commission, and it shall be a misdemeanor in office for any official of Grundy County, from and after September 1, 1935, to draw, sign or issue the warrant of Grundy County, against any fund of said County, unless a budget has been adopted by said Quarterly Court as herein provided for; and no warrant shall be valid or binding on the County of Grundy unless the item of expense for which said warrant is drawn shall have been included in a budget adopted according to the provisions hereof.

That the Budget as finally adopted by the Quarterly Court at its July Term each year shall be spread on the Minutes of said Court, and from and after September 1, 1935, no warrants shall be drawn against any of the funds of Grundy County by any official of said County unless and until a budget has been adopted by said Quarterly Court as herein required; provided, that warrants may be issued prior to September 1, 1935, covering any obligations or indebtedness of said County actually incurred prior to that date.

SECTION 7. That it shall be the duty of each Department of the County Government that disburses public funds, or are authorized to issue orders upon which such disbursements are made, from any of the funds of said County, to keep all such bonds and records as will enable them to fully and specifically comply with the provisions of this Act. Each of said departments and officials shall close the books kept by him or them as of the 31st day of August of each year, showing the balance then to his or their credit, said balance to represent the difference between the amount allowed said department in the budget for the year ending on that date, and the aggregate amount of warrants issued and chargeable against said amount allowed in said budget, regardless of whether said warrants have been paid or not; and it shall likewise be the duty of each of said departments and said officials to open his or their books on the first day of September of each year, bringing forward the balance, if any, arrived at in the manner herein provided for, remaining to the credit of said department from the previous year, to which shall be added the amount allowed said department in the budget adopted by the Quarterly Court at its July Term next preceding.

That said book shall be kept in such a manner as to at all times show the amount allowed that department or fund in said budget adopted at the July Term of the Quarterly Court and the amount of all warrants drawn and/or chargeable against said fund, regardless of whether said warrant has been paid or not, said warrants to be posted in said book as the same are issued.

That on the first day of each September hereafter the amount allowed each department or disbursing agency of the County Government or County Fund in said budget shall also be placed at the appropriate place on the stubs in the several Warrant Books containing the warrants to be used by said department or County Agency, in drawing on any of the funds of said County and said amount shall be added to any balance remaining from the previous year; and at the end of each day it shall be the duty of every official issuing warrants of any kind against any such fund, to subtract the aggregate of the warrants issued that day from the previous balance arrived at as herein provided for, and the balance thus arrived at shall be brought forward each day at an appropriate place on the stubs remaining in said Warrant Book; and at the end of each month it shall be the duty of every official drawing warrants against any of the funds of Grundy County, to reconcile the balance to the credit of the fund drawn against as shown on the warrant stubs, with the balance to the credit of said fund as shown by the book required to be kept by said official;

provided that for the year beginning September 1, 1935, the books of each department shall be opened by placing to the credit of each department the amount allowed it in the budget adopted at the July Term 1935, of the Quarterly County Court, without regard to the number of warrants theretofore issued by said departments or the Heads thereof, which have not been paid; and said amount so allowed said department for the year beginning September 1, 1935, shall also be placed at an appropriate place on the stubs of the warrant book used by said department before any warrants are drawn or issued by said department after the beginning of said year, and thereafter the balance from day to day shall be arrived at and carried in said warrant book stubs as herein provided for.

That it shall be the mandatory duty of every official drawing the warrants against any of the funds of said County, to keep advised and know before he signs, issues or delivers any warrants or authority to issue a warrant, whether or not the aggregate of the warrants theretofore issued against said funds out of which said warrant is payable, equals the amount allowed said fund or department in the budget for that year, plus any balance brought forward from the previous year, and it shall be the duty of said Budget Commission before submitting its annual report to the Quarterly Court, to examine the books and records of each department of the County Government for the purpose of ascertaining whether or not the warrants issued by or on behalf of any of said departments during the year ending on the preceding August 31, have exceeded the amount allowed said department in the budget adopted in that year, and said Commission shall show in its report to be filed with its budget each year the departments, if any, that have issued warrants or authorized their issuance, in excess of the amounts allowed such department in the budget for said year, and it shall be the mandatory duty of the Quarterly County Court, when it shall appear to their satisfaction that any department has exceeded said budget, to direct the County Court Clerk, by proper order on the Minutes of said Court, to certify the facts to the District Attorney General for presentation to the Grand Jury at the next Term of the Circuit Court; and it shall be the duty of the District Attorney General to present the facts to said Grand Jury and to institute such other proceedings as may be necessary to give full effect to the provisions of this Act.

Administration - Historical Notes

County Executive

The references below are of acts which once applied to the office of county judge, or county executive in Grundy County. They are included herein for historical purposes only.

1. Private Acts of 1951, Chapter 90, recited in the preamble to the Act that the administrative duties of the County Judge had become very heavy and burdensome and, further, that he is called upon to perform many ex-officio duties and furthermore, the Quarterly County Court has approved an allowance of \$800 per year for the Judge as compensation for the aforesaid tasks, therefore, this Act authorizes the above amount to be paid to the County Judge in accordance with the terms herein as compensation for his extra duties and responsibilities.
2. Private Acts of 1955, Chapter 85, recites substantially the same facts in the preamble as above except that \$600 has been appropriated by the Quarterly Court as an allowance for the Judge and this Act increases the salary of the County Judge as the fiscal agent and administrative officer of the County and as compensation for the ex-officio duties the Judge is compelled to perform by \$600 per year, making a total salary of \$2,400, all to be paid out of the general funds of the County.

County Legislative Body

The following acts once applied to the quarterly court or the county legislative body of Grundy County and are included herein for historical purposes.

1. Private Acts of 1843-44, Chapter 204, which created Grundy County, required the Quarterly Court, once elected to meet at Beersheba Springs until the County Seat was selected and prepared or until the Court decided to adjourn into another place.
2. Private Acts of 1921, Chapter 358, provided that all Justices of the Peace in Grundy County would be paid \$2.50 per day for the first day of any court term plus their mileage allowance but they would be compensated at the rate of \$2.00 only for any days after the first one.
3. Private Acts of 1955, Chapter 82 provided that the Justices of the Peace of Grundy County would receive ten dollars for each day's attendance upon the Quarterly County Court. In addition the Justices would receive twenty cents per mile traveling expense for each mile traveled between their home and the county seat.

Purchasing

The following acts once affected the purchasing procedures of Grundy County, but are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1845-46, Chapter 172, appointed A. E. Patton, Solomon P. Goodman, William B. Smart, Noah Bass, and John T. Neal, of Bedford County, as Commissioners to locate the County seat of Grundy County. It was their duty to locate the County seat in the center of the county, or as near thereto as possible, having due regard to the locality for its water supply. It was made the duty of the County Court of Grundy County to make an allowance out of any money, unappropriated by law for their services in this regard.
2. Acts of 1847-48, Chapter 96, established Altamont as the County seat of Grundy County. Greek Bawley, John Fultz, Noah Bass, Robert Tate, and Thomas Burrus were appointed as Commissioner to sell the lots in the town according to the plan on which they were laid off and to apply the proceeds to the construction of the necessary public buildings. James Tate, who has already built a house on one of the lots, may dispose of the same and retain the price received. The several courts of the County would be held at the house of Jesse Wooten until suitable arrangements

could be made to have them meet in Altamont.

3. Acts of 1853-54, Chapter 140, provided that Grundy County shall belong to the Shelbyville Bank District, and shall have one Director in the Branch of the Bank of Tennessee at Shelbyville, provided, however, that the number of Directors in the Branch for Bedford County shall not be reduced.
4. Acts of 1853-54, Chapter 184, incorporates Altamont under the Mayor - Aldermen form of Charter and government, conferring upon the newly fashioned city all the authority and privileges incidental to municipal types of corporate institutions. The Sheriff, or a Constable, will hold an election within the boundaries of that city on the first Saturday in March, next, for the purpose of electing five Aldermen who would choose one of their number to be Mayor.
5. Acts of 1857-58, Chapter 126, abolished the office of Entry Taker in Lawrence, DeKalb, White, Macon, Decatur, Grundy, Humphreys, and Wilson Counties. The Surveyors in those counties will hereafter perform the duties of the Entry Taker and receive all the pay and emoluments normally given to the Entry Taker. This Act was repealed insofar as Grundy County was involved by the one below.
6. Acts of 1861-62, Chapter 11, repealed Chapter 126, Acts of 1857-58, insofar as that Act applied to Grundy County thus restoring the office of Entry Taker.
7. Acts of 1867-68, Chapter 65, created a County Commission composed of three members who would serve three year, staggered terms of office, so that one would be elected each year, and who would be sworn and bonded. The remaining members would be the ones to fill any vacancy until the next general election. The Commission was required to hold quarterly meetings of which the County Court Clerk would keep records. All the powers of the County Court plus some others enumerated in this Act were granted to the County Commissioners. All Magistrates were stripped of all their duties, responsibilities and powers. No Commissioner could be interested in any public work, scheme, or contract. Section 14 extended the provisions of this Act to Coffee and Grundy Counties where the Grundy Chairman would be paid \$150 per year and the Commissioners would receive \$100.
8. Acts of 1869-70, Chapter 49, repealed the Act passed March 12, 1869, which created a Board of County Commissioners for Madison County and all other Acts which created these Boards in the past. All Acts which may have been repealed by those creating these Boards for any county expressly or impliedly, are hereby revived and restored to effectiveness.
9. Acts of 1870, Chapter 15, Section 4, repealed the Act which created a Board of County Commissioners in Grundy County, and elsewhere, and reinstated the County Judge law all over the State for all the counties which had them prior to the passage of this Act.
10. Acts of 1870, Chapter 119, repealed every Act in the State which created a Board of County Commissioners and restored all laws which may have been repealed by them.
11. Acts of 1870-71, Chapter 30, declared that the Elk River lying in Grundy County and running from the Franklin County line to the Big Spring near John Burroughs to be navigable. The question of whether or not the County Court should levy a tax to produce funds with which to remove the obstructions from the river must be submitted to the vote of the people in a referendum for that purpose. If approved, the tax money would be collected by the County Trustee who would pay the same out on the warrant of three Commissioners who would be appointed by the Quarterly Court to oversee the work.
12. Acts of 1897, Chapter 124, regulated the salaries of the County officials of all the counties according to the population of that County. This Act was among the first to do this and served as a model for those which followed. The salary would be paid out of the fees of the office and each office holder was required to submit sworn, itemized, monthly reports to the County Judge or Chairman. The fees were declared to be the property of the counties, and the salaries would not exceed the fees. Deputies could be appointed only as the County Court authorized and these were to conform to the schedule for each population group contained in this law. This Act was tested in the courts in the case of Weaver v. Davidson County (1900), 104 Tenn. 315, 59 S.W. 1105.
13. Private Acts of 1963, Chapter 217, authorized, empowered, and directed the Quarterly Court to create a Purchasing Commission which would have and exercise the powers set forth in the Act. The Commission would consist of three members who would be elected by the County Court for one year terms. They would be paid \$10 per day not to exceed 20 days per year and would assume primarily the functions of the Purchasing Agent, and the County Judge in this respect. This Act was rejected by the Quarterly Court of Grundy County and, therefore, never became

effective as a law under the Home Rule Amendment to the State Constitution.

14. Private Acts of 1973, Chapter 56, provided that any person desiring to construct, or alter, any building in Grundy County which construction, or alterations, would cost more than \$2,000 must apply on the form specified in the Act to the Tax Assessor of Grundy County for a permit to do so. The Tax Assessor will issue the permit and take note of the proposed construction, or alteration, for tax records. The property was not to be reassessed until completion of the work for which the permit was issued when the permit was required to be returned to the Tax Assessor within thirty days, or a penalty of \$5.00 be levied against the permittee. This law did not apply to cities where a building permit was already required. The Tax Assessor could charge a fee of \$5.00 for this service. The County was empowered to start appropriate legal proceedings when this Act was not observed and all public utilities were prohibited from furnishing their services to the location until the owner, or occupant, complied. This Act was likewise rejected by the Quarterly County Court of Grundy County and never became a law.

Chapter II - Animals and Fish

Animals and Fish - Historical Notes

The following is a listing of acts that at one time affected, but no longer appear to have any effect on, hunting, fishing or animal control in Grundy County. They are included herein for reference purposes. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1889, Chapter 244, made it unlawful for any person other than a citizen of Tennessee to hunt, kill, or capture any wild deer, wild turkey, quail, or partridge, or any species of game, or fish, in Bledsoe, Cumberland, Grundy, James, Meigs, Morgan, Overton, Marion, Rhea, Roane, Sequatchie, Van Buren, Warren, and White Counties at any season of the year. Only resident citizens of those counties may hunt and kill the same for profit but any citizen of Tennessee may hunt and kill them for his own and his family's use. Anyone violating the terms of this Act could be fined from \$25 to \$100.
2. Acts of 1897, Chapter 172, declared it to be a misdemeanor for any person from any other county to hunt, capture, kill, shoot, wound, or destroy any quail, partridge, wild turkey, or deer, in Grundy and Van Buren Counties. It was unlawful to kill quail at any time on the enclosed lands of another without the permission of the owner. It was further unlawful to export any quail, or partridge, from those counties at anytime. The fines for violators ranged from \$5.00 to \$10.00. The Grand Juries were given inquisitorial powers and the Judges of the county would charge the contents of this Act to the Grand Jury.
3. Acts of 1897, Chapter 240, stated that the residents of the counties of Hardin, Gibson, Crockett, Tipton, Fayette, Franklin, Grundy, and Marion, may catch fish at any time, except from April 1 to June 1 of each year, in any of the waters in said counties by any means except by poison, dynamite, or other explosives, or by wing net stretched across any stream.
4. Acts of 1909, Chapter 502, was applicable to the counties of Bledsoe, Fentress, Grundy, Houston, Lake, Meigs, and Trousdale. The Act defined an acceptable fence as being one composed of four strands of barbed or smooth wire, or a combination of them, which were fastened to substantial posts no more than sixteen feet apart, and no more than eight feet apart at the corners, and set firmly into the ground. The wires should be at twelve inch intervals from the ground up. This Act was not intended to relieve any railroad from any liability heretofore imposed upon them in this regard. The owner of any livestock found trespassing on lands enclosed with this type of a fence would be liable for any damages inflicted for which the injured person was awarded a lien on the stock.
5. Private Acts of 1917, Chapter 686, declares the open seasons in Bledsoe, Cumberland, Grundy, Marion, Sequatchie, and Van Buren Counties. On turkeys, the season is from November 1 to January 1; on turkey gobblers, from April 1 to May 1; on quail, from November 1 to February 1; on deer, from November 1 to December 10, and on squirrels the entire year was open season. All laws in conflict with this one were repealed.
6. Private Acts of 1921, Chapter 403, made it lawful in Warren and Grundy Counties to fish in all the streams of those counties with a basket for suckers and for carp which were for family use only, and not for profit or export.
7. Private Acts of 1921, Chapter 405, amended Chapter 61, Public Acts of 1919, which was a rather restrictive, harsh, statewide law regulating the care and keeping of dogs, by exempting many of

the counties in Tennessee from its provisions, Grundy County being among those exempted.

8. Private Acts of 1921, Chapter 463, was an exact duplicate of Chapter 403, Private Acts of 1921, above.
9. Private Acts of 1925, Chapter 694, was for the purpose of repealing Chapter 63, Private Acts of 1923, which this Act stated was applicable to Chester and Grundy Counties, but the original Act, Chapter 63, Private Acts of 1923, was applicable only to Chester County. The Act concerned the shooting of quail.
10. Private Acts of 1945, Chapter 141, state that three barbed wires, ribbon wires, or planks, securely attached to substantial posts set firmly in the ground not more than ten feet apart, the bottom wire, or plank, to be not more than four and one-half feet from the ground, the intermediate ones being evenly spaced in between these two, the same shall constitute an acceptable and lawful fence in Grundy County.
11. Private Acts of 1947, Chapter 162, asserted that a great demand for a "No Fence Law" was being made on the Representatives of Grundy County in the General Assembly, and so, this Act was the authority to call a referendum election in that county to ascertain the will of the people on whether they wanted a "No Fence Law," or not. The County Election Commission would canvass the results of such an election and certify the same to George W. Bryant, Floterial Representative, and to Roy Wiseman, Senator of the 11th State Senatorial District.

Chapter III - Bond Issues

Bond Issues - Historical Notes

A listing of the acts which authorized various bond issues for Grundy County is included below for reference purposes, although these acts are no longer current. Also referenced below are acts which repeal prior law without providing new substantive provisions.

Bridge

1. Private Acts of 1929, Chapter 277, was the authority for the Quarterly County Court of Grundy County, to issue interest bearing coupon bonds, or warrants, at an interest rate not to exceed 5%, and up to \$25,000 for any one year for the purpose of building a bridge over the Cumberland River at Hart's Ferry. Such warrants, plus interest, would become due at such times as the Court designates. If issued, the Court was required to levy a tax to amortize the same every year as long as they remained unpaid.

Courthouse

1. Acts of 1885, Chapter 148, permitted the Quarterly Court of Grundy County to issue up to \$20,000 in bonds, at 6%, or less, interest, for the purpose of erecting a courthouse, coupons to be attached and all details as specified in the enabling Act must be observed. The Court was required to levy a tax to place into the sinking fund to repay the bonds and interest.

Debts

1. Private Acts of 1927, Chapter 483, state that Grundy County was heavily in debt because of having to acquire rights of way for the highway program, and of having to rebuild the Courthouse at Altamont and Tracy City, and, further, has a floating debt of some \$6,000 which was all legally incurred under the County Court, and that there are no funds with which to pay these debts. The Quarterly Court was given the authority to issue interest bearing bonds, or warrants, with interest rates up to 6% to defray and pay said debts for which a special tax must be levied in addition to all other taxes, the proceeds of which would be used to repay warrants and bonds issued hereunder.
2. Private Acts of 1931, Chapter 53, allowed the Grundy County Quarterly Court to issue up to \$30,000 in bonds for the purpose of paying its floating indebtedness as evidenced by outstanding warrants, at an interest rate not to exceed 6%, and for a maturity period not to exceed 25 years. All details essential to a valid bond issue were present in the Act and the mandatory tax levy was required. It was declared unlawful for any county official to issue warrants in excess of 90% of the tax aggregate for which fines could be administered from \$50 to \$100.
3. Private Acts of 1935, Chapter 484, ratified and confirmed all the prior proceedings held by the Quarterly Court of Grundy County in connection with the authorization and issuance of \$65,000 in 6%, 35 year bonds, same to be legalized as fully as if they were issued with full statutory

authority, to pay the outstanding warrants and debts which were also declared to be the legal, valid, and binding debts of the county in order to facilitate issuance.

4. Private Acts of 1941, Chapter 268, declared that all the prior actions of the Grundy County Quarterly Court had in connection with the issuance of \$50,000 in bonds, dated February 3, 1941, which authorized the issue, confirmed the sale thereof and fixed the details, providing for the payment thereof, are hereby confirmed, ratified, and legalized and are declared to be the legal and binding obligations of the County. County officials are authorized to do and accomplish all necessary things to complete the issue notwithstanding the lack of any authority to do so, or the existence of any prior defect.

Jail

1. Acts of 1899, Chapter 160, allowed the Quarterly Court of Grundy County to issue and sell bonds up to \$4,000, at an interest rate of 6%, or less, and for a maturity period under twenty years for the erection of a county jail at Altamont, all the necessary details of the issue being enunciated in the law. The Judge, or Chairman, shall keep accurate records of all the transactions connected therewith, and the Court must levy the tax.

Roads

1. Acts of 1907, Chapter 412, stated that, upon the petition of five voters, a referendum could be held in Grundy County to ascertain the will of the people on whether, or not, to issue up to \$200,000 in bonds to build and improve the public roads. If the referendum passed, the Court was to issue the bonds but the interest rate could not exceed 5%, nor the maturity period exceed 30 years. A five member Commission would be appointed for staggered terms up to three years, who would be sworn and bonded, and who would supervise the program. The Commission could employ an engineer to detail each proposed road project as to cost and other factors affecting cost such as damage to properties. The Commission would be paid as the Quarterly Court directs, and be known as the "County Board of Highway Commissioners." All essential elements of good enabling legislation for bond issues were present.
2. Private Acts of 1919, Chapter 622, allowed the Quarterly Court of Grundy County to issue up to \$200,000 in 6%, 40 year bonds, to improve generally the road system of the County. All details of the issue and proper records are to be kept as specified in the Act. Three Commissioners were to be elected by the people as the Grundy County Highway Commission, all vacancies being filled by the remaining members of the Board until the next general election. A referendum would be held and the Commissioners elected at the same time who would have both the authority and the responsibilities spelled out in the law. They would be sworn and bonded, hold regular meetings, elect a Chairman, and Secretary, from their own number who would discharge the duties mentioned in the Act. The Chairman would be paid \$1,400, the Secretary, \$600, and the Commissioner, \$500 per year. The Commission was to seek aid from the State and Federal governments, had the authority to employ engineers, and to exercise the right of eminent domain. They would serve a four year term unless the work were completed sooner. Conflicts of interest were prohibited, and guidelines were furnished for the letting of contracts. Some specification for roads which were to be built under this Act were included.
3. Private Acts of 1921, Chapter 26, amended Chapter 622, Private Acts of 1919, above, by adding a provision requiring expenditures made under that Act to be checked by the Financial Committee of the County; by adding a provision which established salaries of \$700 per year for the Chairman, \$300 per year for the Secretary, and \$250 per year for the Commissioners until the actual construction of the roads began and then their pay would double in each respect; by deleting Section 10 entirely which set the former compensations of the Commissioners; by changing the percentages in Section 14 to state that no more than 80% of these funds shall be expended for actual construction on contractors estimates, and no more than 20% of said fund shall be expended for expenses; the Trustees compensation was changed to that allowed to employ legal counsel, if needed. This Act was repealed by Chapter 686, Private Acts of 1923.
4. Private Acts of 1923, Chapter 513, amended Chapter 622, Private Acts of 1919, Item 2, above, all being subject to the successful outcome of a referendum held for that purpose, by adding a section between Sections 11 and 12 which permitted the Grundy County Highway Commission to enter into a contract with the State Highway Department to begin forthwith the construction of the road at Monteagle and build the same as it was designated through Tracy City, Coalmont, Gruetli, Altamont, Beersheba Springs, and on to the Warren County line near Wannamaker's Branch, until State and Federal funds should become available. If no funds should become available from those sources, the county would build the road alone under an Advisory Board composed of Samuel Warner, W. W. Jones, M. W. Sanders, Peter Conry, and James H. Northcut,

all of whom would serve with no pay but could be paid actual expenses. If done by the County, the width and the surfacing material of the road would be decided by the Advisory Committee.

5. Private Acts of 1923, Chapter 686, expressly repealed Chapter 26, Private Acts of 1921, Item 3, above, in its entirety.
6. Private Acts of 1925, Chapter 581, amended Section 38, Chapter 622, Private Acts of 1919, Item 2, above, by striking that Section and adding a new one which authorized the Grundy County Board of Highway Commissioners to enter into contracts with the State Highway Department for the maintenance and upkeep of the roads mentioned in the original bill, and all the monies collected for this purpose will be turned over to the State Highway people. In the event of the County Court cannot function, the County Judge may carry out the provisions of this Act and, if no agreement can be reached with the State, then the County Judge may expend said funds as he deems in the best interests of the people.
7. Private Acts of 1929, Chapter 666, stated that in counties, which included Grundy County, which have heretofore issued and sold bonds for the construction of highways and the money has not been spent, or used in that program, the State is authorized and directed to assume and pay such bonds, with interest, out of the funds received by the State for that purpose, provided said funds are spent on the road work of the counties. The Chairman of the County Highway Commission was allowed to enter into a contract for that purpose. This Act applies only to Grundy County.

Schools

1. Private Acts of 1927, Chapter 698, authorized the Board of Education in Grundy County, when the Board considered it necessary, to borrow in excess of the budget, or legitimate school income for High School purposes, or to liquidate debts for high school purposes. The Board could issue interest bearing warrants, or notes, up to \$8,000, at selected maturity and interest schedules, which would be binding and legal obligations of the county, and which would be exempt from taxation by other levels of governments.
2. Private Acts of 1927, Chapter 751, validated all prior proceedings held in connection with the issuance of \$13,000 in bonds on October 1, 1926, which was to be used to build a public school building in Grundy County. The form of the bond was contained in the Act, the essential details were given, the tax levy for the sinking fund was required. The interest rate was limited to 5½%, and the maturity schedule to five years.
3. Private Acts of 1935, Chapter 482, allowed the Quarterly Court of Grundy County to issue up to \$50,000 in 6%, 20 year bonds, to build and equip a High School to be located at Tracy City. All details were set up, the tax levy required, and the Trustees given the responsibility of handling the money.
4. Private Acts of 1935 (Ex. Sess.), Chapter 50, permitted the Grundy County Quarterly Court to issue \$150,000 in 6%, 40 year bonds, to repair and construct school buildings, to acquire sites, and to equip the same, the Court being mandated to cooperate with the Federal Government in any plan or device connected therewith. Contracts were allowed to be made, as needed, and the Trustee would handle the funds and keep records. The Court could act by Resolution, if desired.

Chapter V - Court System

Court System - Historical Notes

Board of Jury Commissioners - Jurors

The following act once affected jurors or boards of jury commissioners in Grundy County, but is no longer operative.

1. Private Acts of 1933, Chapter 323, created a Board of Jury Commissioners for Grundy County who would be appointed by Circuit and Criminal Judges, consisting of three discreet people, freeholders, not attorneys, or prospective litigants, nor State or County employees who would serve two year terms, be sworn and bonded, according to the terms of this Act, and who would select a Chairman from among their number. The Circuit, or Criminal, Court Clerk would serve as Clerk. The Board would select from the tax rolls, or other public sources, a list of names equal to one-eighth of the total number of votes cast in the last presidential election but which would be no less than 250 nor more than 1,000. The Clerk would enter their names in a well-bound book as the Jury List which would be certified by all three members of the Board. The names would also be placed on an individual scroll, or card, placed in a box, locked, sealed, and opened again only in the presence of the Board. Within ten to fifteen days before Court begun, the box would be opened in the presence of the Board and a child, ten years old or younger, would draw the names of the number of jurors needed, or as might be specified by order of the Court. These names would be placed in an envelope and presented to the Judge in open Court. At least five days before court begins the list drawn out would be transmitted by the Clerk to the Sheriff who would summon the jurors. None could be excused except on order of the Judge. Provisions for summoning special juries and panels were included.

In counties having a population of 15,000, or under, according to the 1900 Federal Census, the Circuit Court Clerk would be paid \$500 per year. Grundy County would fall into this group. If the fees collected by the office, as they were shown on the sworn, itemized report which was ordered to be filed with the County Judge in January of each year, were less than the stated salary, the County must pay the difference, but, if the fees exceeded the salary, the Circuit Court Clerk could retain the excess. This, and an 1897 Act, were the forerunners of the current statutes fixing these salaries and served in many ways as models of those to come.
2. Private Acts of 1921, Chapter 347, amended Chapter 255, Public Acts of 1903, Item One, above, by setting the annual salary of the Circuit Court Clerk of Grundy County at \$700 per year, provided the conditions of filing the sworn, itemized, annual statement were complied with.

4. Private Acts of 1929, Chapter 315, stated that the Quarterly Court of Grundy County at its next April Session, and every two years thereafter, would set the ex-officio fees which were to be paid to the Circuit Court Clerk. The fees could be no less than \$300 nor more than \$600 per year, shall no be increased or decreased during the term for which they were set, and would be paid in addition to all the other fees and income of that office.

Education/Schools - Historical Notes

Board of Education

The following acts once affected the board of education in Grundy County but are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1971, Chapter 75, established a 7 member Board of Education with one member elected from each of the seven voting districts. This Act and its amendment were repealed by Private Acts of 1983, Chapter 141.
2. Private Acts of 1978, Chapter 214, reworded the 1971 Act, above so that the seven members would be elected from magisterial districts for a varying term with reelection for a 6 year term.
3. Private Acts of 1982, Chapter 347, would have amended the 1971 Act by creating six school districts with a candidate from each district and one candidate to serve at large. There was no action taken on this by December 1, 1982 and is thereby ineffective under T.C.A. 8-3-202.

General Reference

The following acts constitute part of the administrative and political heritage of the educational structure of Grundy County but are no longer operative since they have either been superseded, repealed, or failed to receive local approval. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1847-48, Chapter 180, incorporated Jesse Wooten, John Myers, William Dangin, Stephen M. Griswold, and David Burrows, as a body corporate and politic to be known as the "Trustees of Altamont Academy," conferring upon them all the powers, privileges, and obligations incidental to corporate institutions in Tennessee. The Trustees would select a President, Vice-President, and Secretary of the Board and would make all the rules and regulations concerning the internal management and affairs of the academy. The Academy would be given its distributive share of the county school funds.
2. Acts of 1905, Chapter 495, provided that all the land area described in the Act which was located in Warren, Grundy, and Coffee Counties was created into and would hereafter constitute the "Viola Taxing District" which would maintain and operate a high school, or schools, for that area and District. There would be three Directors and a Clerk, all to be elected by the voters of the District to two year terms, who would control, direct, and manage the school. The Directors were granted all the powers incidental to corporation plus the special powers announced in the Act. The special powers included the authority to accept the Viola Normal College facilities in which a high school was to be organized for the white children of the area who would attend without charge for the entire school year. A special property tax rate for the school would be levied in the District of 25 cents per \$100, property valuation, and a poll tax of 25 cents per eligible male would be assessed. The Board members would not be paid anything for their services and they would set the compensation to be paid to the Clerk. All of this was conditioned upon the successful outcome of a referendum to be held in the described area.
3. Acts of 1907, Chapter 236, abolished the office of District Directors in every county of the State and created Boards of Education and District Boards of Advisors in their places. The County Court would divide each County into five school districts, or less, which would be composed of whole civil districts from each of which one member of the Board of Education would be elected. The County Superintendent was named as the Secretary to the Board. Any person who is a resident

and voter of the district and who has at least a primary education would be eligible to serve on the Board on which the County Superintendent would fill any vacancies. The duties of the Chairman, selected by the Board members, the Secretary, and the members are all stipulated in the Act. Board members would receive from \$1.50 to \$3.00 per day for their services, the amount to be fixed by the County Court. Each Advisory Board member, three in number, would be elected by the voters of their Districts and discharge the duties and responsibilities enumerated in this law. This Act would not affect the city school systems in any way. Several counties took themselves out from under the provisions of this Act but Grundy County was not among those doing so.

4. Acts of 1909, Chapter 494, stated that the parent or guardian of all children from eight to fourteen years of age, would cause them to attend school for four months, or eighty consecutive days, each year. This Act would not apply if the child had completed the courses of study, or was being taught in private or parochial schools, or by a qualified private tutor. The child could also be excused if its services were needed to ward off poverty and/or to help support the family. The principal, or the teacher, was enabled to excuse a child for a temporary absence from school. Penalties were established to apply to violators of this Act which would include the keeping of certain specified attendance records on each child. The principal was required to notify the child's parents of any absence. An errant child could be sent to a truant school if the situation warranted it. This Act was made applicable to eighteen counties only, including Grundy, by the use of the 1900 Federal Census figures.
5. Private Acts of 1915, Chapter 46, formed part of the Fourth Civil District of Grundy County, and part of the Eighth Civil District of Marion County, into a special school district with Monteagle to be called the "Monteagle Special School District" which would contain that portion of both counties described in the Bill. The School District would be controlled and managed by a five member Board of School Trustees, elected by the people for two year terms beginning in August, 1916. To serve until the election, the Act appointed W. H. Richmond, J. H. Shelters, V. I. Holcombe, C. H. Mankin, and Dr. D. H. Bryan, as the interim Board. The Board would select a President, a Vice-President, and a Secretary, who would keep proper and accurate records. The Board would hold regular meetings of which ample public notice would be given, and they would be in charge of all properties and employees. A special school tax of twenty cents on each \$100 of property valuation, and a poll tax of \$1.00 on eligible males were levied in order to extend the school year to nine months of free school. The Board would establish and maintain a high school in the District in which a state approved curriculum would be taught. This Act was repealed by Chapter 311, Private Acts of 1929, below.
6. Private Acts of 1919, Chapter 15, amended Chapter 46, Private Acts of 1915, above, by lowering the property tax rate levied in that Act to support and maintain the schools of the Monteagle School District from twenty cents to ten cents per \$100 property valuation.
7. Public Acts of 1925, Chapter 115, was a statewide educational Act which was the basis for Title 49, Tennessee Code Annotated. Section 33 in that Act abolished all special school districts which were not taxing districts to hold referenda on the question of their abolition. Any special school district would be permitted to become a part of the county school system when all of its debts were paid.
8. Private Acts of 1929, Chapter 311, expressly repealed Chapter 46, Private Acts of 1915, which created the Monteagle Special School District, as it was amended in its entirety.
9. Private Acts of 1929, Chapter 933, created the Tracy City Special School District as the same was described by metes and bounds in the Act. This Act named Jess D. Fults, as Chairman, and Mrs. W. P. Stone, J. Cam Henley, Dewitt McCullough, and E. C. Shelton to serve as the first five member Board of Directors of the District until their successors are elected on October 15, 1930, to two year terms. The Recorder shall report the scholastic population of the District and the Superintendent shall keep adequate records of school attendance in the District, upon which the Trustee was directed to apportion the school funds. A special property tax rate of 25 cents per \$100 property valuation was levied to raise the funds to operate the schools. The Board would select their Chairman and Treasurer and meet at least four times per year exercising the specific powers granted to it as well as those state powers incidental thereto. All State laws which were not in conflict with this Act would apply to this District.
10. Private Acts of 1931 (2nd Ex. Sess.), Chapter 111, amended Chapter 933, Private Acts of 1929, by correcting a directional error in the description of the land encompassing the land area of the Tracy City School District, and by placing all the schools in the District under Control of the County Board of Education of Grundy County. The tax levy for the special school district was established at 25 cents per \$100 property valuation and a poll tax of \$1.00 was imposed on each male citizen

between ages of 21 and 50 who were subject to the payment of poll taxes. The Board was not permitted to prescribe a standard of conduct for any school in the area which was inferior to those prescribed for public education.

11. Private Acts of 1961, Chapter 66, divided Grundy County into five School Districts which were composed entirely of the whole Civil Districts from each of which would come one member of the Board of Education except the First District which would have three members. This Act was rejected by the Quarterly Court and therefore never became an effective law under the provisions of the Home Rule Amendment to the State Constitution.
12. Private Acts of 1982, Chapter 347, would have amended Chapter 75, Private Acts of 1971, by rewriting Section one thereof relative to the composition and election of the members of the Board of Education. The deadline for approval which was stated in this act was not met by the Grundy County Commission thus rendering this Chapter null and void.

Highways and Roads - Historical Notes

The following is a listing of acts which once had some effect upon the county road system in Grundy County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1901, Chapter 136, was a Road law enacted to apply to all counties in the State under 70,000 in population. The County Court of the respective Counties would select a Road Commissioner from each Road District which would be co-extensive with the Civil Districts who would serve a two year term, be a citizen and freeholder of the district and experienced in road work and who would be in charge of all the roads, bridges, and overseers in the District. He would be sworn and bonded and discharge the duties stipulated in the Act. The County Court will assign the road hands to the Sections to be worked and set the number of days for them from five to eight, and set the price to be allowed one for the use of a team and wagon. The County Courts were allowed to levy a road tax of two cents per \$100 of evaluation for each day of labor assessed for road hands, two-thirds of which may be worked out. All males outside of incorporated cities between the ages of 21 and 45 are subject to labor on the roads. The Commissioners would name the road overseers in their districts. Prisoners could be worked on roads under certain conditions. Roads would be classified and indexed and meet some of the specifications set up in the act. The County Court was authorized to contract for some of the road maintenance, if desired. Procedures were specified which must be followed in the exercise of eminent domain and in the handling and disposition of petitions to open, close, or change roads. See Carroll v. Griffith, 117 Tenn. 500, 97 S.W. 66 (1906) for a case on this Act.
2. Acts of 1905, Chapter 478, amended Chapter 136, Acts of 1901, in several minor particulars but primarily in the procedures to be followed in the reception of the hearing of, and the disposition of petitions to open, close, or change roads since the execution of such requests nearly always involved the exercise of eminent domain and the infliction of damages on other parties.
3. Private Acts of 1921, Chapter 349, stated that the Road Districts in Grundy County were hereby made and declared to be co-extensive with the Civil Districts of the County as they existed at this time. If the boundaries of Civil Districts are changed, or the county should be redistricted, the same will have no effect on this law and the Road Districts will continue to be co-extensive with the Civil Districts.
4. Private Acts of 1923, Chapter 392, declared that the same number of days of road work shall be levied against the owners of wagons and teams as are levied against road hands, and the owners of the wagons and teams are required to work that number. The owners of teams must pay \$3.50 per day for commutation fees and road hands \$1.75 per day for each day of work missed. If one is not subject to duty but desires to drive ones own team, he shall be paid \$1.50 per day for a double team, and \$1.00 per day for a single team. The amount paid to the authorities for commutation shall be credited to the Road District from whence it came. Road overseers shall warn each team owner of the days to work according to law, and the overseer shall be paid \$1.50 for each day he works at this job. All violators of this Act were subject to fines from \$10 to \$50.
5. Private Acts of 1925, Chapter 662, amended Chapter 136, Public Acts of 1901, which is Item One, above, as it was amended, in Section 3, by adding after the word "State" a provision which granted the authority to the Road Commissioners to open any road to public use which led to any rock quarry, gravel bed, or other road surfacing material.
6. Private Acts of 1927, Chapter 614, contained a general repealing clause but no specific references. The Act provided that the Quarterly Court of Grundy County should levy against the

owner of all teams and work stock the same number of days labor on the roads as were levied against other road hands, except that the owner of two or more teams was required to work only two teams. This Act would not apply to mine mules, Jucks, Jennets, stallions, brood mares, and saddle horses. The owner of a team could commute by paying \$3.50 per day, the amount to be credited to the District where paid. Overseers would supervise this work and issue warnings to the owners notifying them of the time and place to report. Failure to comply could result in fines ranging from \$10 to \$50. General road laws of the State would apply to all instances not covered by this Act. This law was repealed by the one following.

7. Private Acts of 1929, Chapter 135, expressly and entirely repealed Chapter 614, Private Acts of 1927, above.
8. Private Acts of 1929, Chapter 278, was the next comprehensive Road Law for Grundy County. This Act designated all highways in the County as secondary or district roads, defining each class. A three member Highway Commission was created of which the County Judge would be chairman, and the Quarterly Court would appoint the other two members, all of whom would be sworn and bonded. Afterwards the Commissioners would be elected by the people, and a chairman would be selected by the members, thus elected from their own number who would be the County's agent in highway matters. The Commission would classify the roads into the categories mentioned and would supplant the Workhouse Commission, assuming all their responsibilities towards working the prisoners on the roads. The Commissioners would be paid as the Quarterly Court might direct, including repayment of their actual expenses. The Commission would manage and control all public roads and bridges, equipment and supplies, which they could purchase under the regulations prescribed, all amounts over \$250 being bought under the bid process. They would hold regular monthly meetings, exercise the right of eminent domain observing strictly and at all times the requirements of the law and would divide and disburse road funds as the best interests of the county demanded but could not exceed the tax levy appropriation in any circumstance. The Commission was allowed to employ an engineer and was required to formulate a system for county road repair. Reports would be made at intervals to the Court which had the authority to change their plans if the Court desired. Procedures were prescribed in the Act which must be followed in considering petitions to open, close, or change roads. All conflicts with this law were repealed.
9. Private Acts of 1929, Chapter 279, recited that, in order to raise funds to construct, maintain, and repair roads in Grundy County, identified by the use of the 1920 Federal Census figures, the Quarterly County Court at its first session after the passage of this Act, shall levy a tax of not less than \$2.50 and not more than \$5.00 upon every male citizen between the ages of 21 and 50 who have not been exempted under the law from road duty. The Tax Assessor will place the names of all those who are subject to the tax on the tax rolls and the Trustee will collect the same. A property tax of 15 cents per \$100 property valuation was also levied which the Trustee would likewise collect.
10. Private Acts of 1929, Chapter 889, was an act which created a County Highway Commission for counties between 9,193 and 10,000 in population, according to the 1920 census. These figures would include Grundy County but it is obvious the Act was not intended to apply to Grundy County, although some works on private acts differed. In any event, this Act was repealed by Chapter 698, Private Acts of 1937, a fact which goes unnoticed by those who say the Act applied to Grundy County.
11. Private Acts of 1931, Chapter 590, amended Chapter 278, Private Acts of 1929, Item 8, above, in Section 3, by changing some of the verbiage and inserting a provision that the County Court would elect the three Highway Commissioners thereafter for one, two, and three year terms, and after that, for three year terms so that one would be up every year.
12. Private Acts of 1933, Chapter 455, amended Chapter 278, Private Acts of 1929, in Section 2, by increasing the bond of the Road Commissioners from \$5,000 to \$10,000, and by naming Alan M. Shook, R. M. Crick, and Robert Crouch as Highway Commissioners to serve until September 1, 1934, when their successors, who would have been elected in the August, 1934 elections, would take over the office.
13. Private Acts of 1933, Chapter 713, specifically repealed Chapter 590, Private Acts of 1931, which amended Chapter 278, Private Acts of 1929, the Road Law of Grundy County, and which gave the County Court the authority to appoint the Highway Commissioners to staggered three year terms, instead of their being elected by popular vote.
14. Public Acts of 1976, Chapter 767, made it unlawful for the State, or any political subdivision thereof including counties and cities, to own or operate any plant, or facility, for the manufacture

or production of hot mix asphalt, and to sell, barter, trade, loan, or give away, the product of any such plant or facility. This prohibition did not apply to any county, or city, already operating such a plant, but they must comply with all state rules, regulations, and standards governing the same. Six counties exempted themselves from the provisions of this Act, one of which was Grundy County.

Chapter X - Law Enforcement

Law Enforcement - Historical Notes

Offenses

The act briefly summarized below fell into this category in Grundy County.

1. Acts of 1909, Chapter 568, made it unlawful for any person to break off, chip off, mutilate, deface, or carry away any of the formation, or parts, of Wonder Cave in Grundy County. Any one doing so and apprehended would be fined from \$25 to \$50. However, no person would be convicted of this offense under this Acts unless the owner of Wonder Cave shall keep the same well posted at four conspicuous places in or near the entrance to the cave with a printed copy of this Act.

Sheriff

The following acts have no current effect but are included here for reference purposes since they once applied to the Grundy County Sheriff's Office.

1. Private Acts of 1921, Chapter 627 raised the compensation of the Sheriff of Grundy County by \$500 in addition to the fees then allowed by law. This sum was payable quarterly out of the county funds upon warrant of the County Chairman or County Judge of the County Court.
2. Private Acts of 1927, Chapter 773, fixed the salary of the Sheriff of Grundy County at \$1,000 per year, payable quarterly, which shall be in addition to, over, and above, regardless of, the amount of fees collected in the office, and which are allowed by law to the Sheriff. The salary would be paid out of regular county funds.
3. Private Acts of 1929, Chapter 316, provided that in Grundy County the Quarterly Court at its April Session in 1930, and every two years thereafter, would set the amount of the ex-officio fees to be paid to the sheriff beginning on September 1, of that year, which amount shall be no lower than \$400 and no higher than \$800, and which would not be increased, or decreased during the term for which it was set. The amount paid hereunder would be in addition to, and over and above, all fees allowed the Sheriff by law.
4. Private Acts of 1945, Chapter 25, stated that, in Grundy County, identified by the use of the 1940 Federal Census figures, the Sheriff shall be paid as ex-officio fees the sum of \$1,800 per year, payable in equal monthly installments out of the county treasury on the warrant of the County Judge but no other ex-officio fees of any kind would be paid other than this.
5. Private Acts of 1949, Chapter 135, increased the amount of the ex-officio fees to be paid to the Sheriff of Grundy County from \$1,800 to \$3,600 payable in equal monthly installments, as before. No other ex-officio allowances of any kind would be paid to the Sheriff, and this Act would take effect on March 1, 1949.

Mineral Severance Tax

Private Acts of 1983 Chapter 140

COMPILER'S NOTE: Portions of this act may have been superceded by general law.

SECTION 1. A severance tax is hereby levied in Grundy County on sand, gravel, limestone, phosphate rock, clay, and all other minerals that are severed from the earth for private commercial purposes. However, the tax shall not be levied on any mineral taxed under the provisions of Tennessee Code Annotated, Section 67-5901 [67-7-102] through 67-5905 [67-7-110]. The measure of the tax shall be set by resolution of the Grundy County legislative body, but shall not be less than ten cents (10¢) nor more than twenty-five cents (25¢) per ton on all minerals severed from the ground in Grundy County that are subject to the tax levied by this Act. The owner shall become liable for payment of the severance tax at the time the mineral is severed from the earth and transported from the mine. The tax is levied upon the severance of the mineral regardless of the place of processing or sale of the mineral or the fact that delivery may be made outside the county. The tax shall accrue at the time the sand, gravel, limestone, phosphate rock, clay or other mineral is severed from the earth and in its natural or unprocessed state and transported from the mine. The tax levied shall be a lien upon all subject minerals severed in the county and any other property owned by the miner. Such lien shall be entitled to preference over all judgements, encumbrances or liens whatsoever created.

SECTION 2. Administration and collection of this tax shall be by the County Clerk of Grundy County who shall have the power to promulgate all rules and regulations necessary and reasonable for the administration of the provisions of this Act.

SECTION 3. The tax levied by this Act shall be due and payable on the first day of the month succeeding the month in which the sand, gravel, limestone, phosphate rock, clay, or other mineral products are severed from the soil. For the purpose of ascertaining the amount of tax payable, it shall be the duty of all operators in Grundy County to transmit to the county clerk on or before the fifteenth (15th) day of the month next succeeding the month in which the tax accrues a return upon forms provided by him. The return shall show the month or period covered, the total number of tons of each type of mineral, sand, gravel, limestone, phosphate rock, clay or other mineral product severed from each production unit operated, owned or controlled by the taxpayer during the period covered, the amount of the tax and such information as the county clerk may require. The return shall be accompanied by a remittance covering the amount of tax due as computed by the taxpayer.

SECTION 4. The tax levied by this Act shall become delinquent on the sixteenth (16th) day of the month next succeeding the month in which such tax accrues. When any operator shall fail to make any return and pay the full amount of the tax levied on or before such date there shall be imposed, in addition to other penalties provided herein, a specific penalty in the amount of ten percent (10%) of the tax due. Whenever a penalty is imposed there shall be added to the amount of tax and penalty due interest thereon at the rate of ten percent (10%) per annum from the date due until paid. A further penalty of fifty percent (50%) of the amount due may be added if the nonpayment of the tax is due to an intent to evade payment. If the tax is delinquent for a period of sixty (60) days, or if the nonpayment of the tax is due to an intent to evade payment, the person liable for such payment may be restrained and enjoined from severing sand, gravel, limestone, phosphate rock, or other mineral products that have been severed and sold and upon which the tax is due. Restraint proceedings shall be instituted in the name of the county by the district attorney general for the county at the request of the Grundy County Clerk.

All such penalties and interest imposed by this Act shall be payable to and collectible by the county clerk

in the same manner as if they were a part of the tax imposed and shall be retained by the county clerk's office to help defray the expenses of administration and collection.

SECTION 5. When any person shall fail to file any form, statement, report or return required to be filed with the county clerk, after being given written notice of same, the county clerk is authorized to determine the tax liability of such person from whatever source of information may be available to him. An assessment made by the county clerk pursuant to this authority shall be binding as if made upon the sworn statement, report or return of the person liable for the payment of such tax; and any person against whom such an assessment if lawfully made shall thereafter be stopped to dispute the accuracy thereof except upon filing a true and accurate return together with such supporting evidence as the county clerk may require indicating precisely the amount of the alleged inaccuracy.

SECTION 6. All revenues collected from the severance of sand, gravel, limestone, phosphate rock, clay, or other mineral products in Grundy County less an amount of five percent (5%) of the taxes collected which shall be used to cover the expenses of administration and collection and all of the penalties and interest collected, which shall be retained by the office of the county clerk and credited to its current service revenue to cover the expense of administration and collection, shall be remitted quarterly to the county trustee of Grundy County, not later than the tenth (10th) day of the month following the end of the calendar quarter. These revenues shall become a part of the general fund of Grundy County, subject to appropriation by the county legislative body.

Any adjustment of taxes, penalties, or interest which is necessary to adjust any error in collection or disbursement may be made at a subsequent collection or disbursement.

SECTION 7. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to that end the provisions of this Act are declared to be severable.

SECTION 8. This Act shall have no effect unless it is approved by a two-thirds (2/3) vote of the county legislative body of Grundy County. Its approval or nonapproval shall be proclaimed by the presiding officer of the Grundy County legislative body and certified by him to the Secretary of State.

SECTION 9. For the purpose of approving or rejecting the provisions of this Act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective upon being approved as provided in Section 8.

Passed: May 11, 1983.

If any of its sections, provisions, exceptions, sentences, clauses, phrases, or parts be held unconstitutional or void, the remainder of this Act shall continue in full force and effect, it being the legislative intent now hereby declared, that this Act would have been adopted even if such unconstitutional or void matter had not been included therein.

Taxation - Historical Notes

Assessor of Property

The following acts were superseded, repealed or failed to win local ratification, but they are listed here as a reference to laws which once affected the Grundy County Assessor.

1. Private Acts of 1913 (Ex. Sess.), Chapter 80, provided that the Tax Assessor in Grundy County using the 1910 Federal Census figures, shall be paid \$500 per year, payable quarterly out of the county treasury upon the warrant of the County Judge or chairman.
2. Private Acts of 1921, Chapter 350, stated that the annual salary of the Tax Assessor in Grundy County shall be \$600 per year, payable quarterly out of the county treasury on the warrant of the County Judge or chairman.
3. Private Acts of 1947, Chapter 812, set the annual salary of the Tax Assessor in Grundy County at \$1,500, payable quarterly out of regular county funds.

Taxation

The following is a listing of acts pertaining to taxation in Grundy County which are no longer effective. Also referenced below is an act which repealed prior law without providing new substantive provisions.

1. Acts of 1870-71, Chapter 50, authorized the counties and the cities of the State to levy taxes for county and municipal purposes upon the following conditions (1) that all taxable property be taxed according to its value on principles established in regard to State taxation, and (2) that the credit of no county, or city, shall be given or loaned to any person, firm, or corporation, except that a majority of the Quarterly Court agree to submit the question to a referendum vote and that the issue be approved by a three-fourths vote in the referendum. Several counties, including Grundy County, exempted themselves from the requirement of the three-fourths vote approval for the next ten years, stating that simple majority approving the same would be sufficient.
2. Private Acts of 1969, Chapter 15, established a transfer tax on all transfers of real property by deed. This act and any other acts amendatory thereto was repealed by the Private Acts of 1998, Chapter 172.
