(g) If rejected, the department, commission, institution, board, office, or agency shall submit a revised budget proposal to the county legislative body within ten (10) business days after receipt of notice that the budget proposal was rejected.

(h) The timeline and budgetary process pursuant to this section may be waived or altered, if agreed upon by the county legislative body and the respective department, commission, institution, board, office, or agency.

SECTION 12.

(a) If the county legislative body and the county school board fail to agree upon a budget for the county department of education by August 31 of any year, then, by operation of law, the budget for the county department of education shall be equal to the minimum budget required to comply with the local match and maintenance of effort provisions of the Tennessee basic education program (BEP). However, if for three (3) consecutive years, the county legislative body and school board fail to agree upon a budget and the department of education receives the minimum required funding for that fiscal year by operation of law, then, the budget in the third year shall include a mandatory increase that is equivalent to three percent (3%) of the required funding from local sources for schools; provided however, this increase shall not be required if during any of those three (3) years the school board failed to submit its budget proposals in accordance with the budget calendar provided for in this act.

(b) If the county legislative body fails to adopt a budget, property tax resolution, and appropriation resolution by August 31 of any year, then by operation of law, the operating budget for the ensuing fiscal year, other than the portion for the county department of education, shall be the consolidated budget with proposed amendment submitted by the county mayor or the budget committee.

(e) At the time of the submission of the proposed operating budget by the budget committee to the county legislative body, the finance director shall report to the county legislative body as to whether any portion of the proposed operating budget would likely cause either a reduction of state funds or the county receiving an amount less than what the county could otherwise be eligible to receive.

(f) The setting of a property tax rate, by adoption of a resolution by the county legislative body or by operation of law, constitutes a valid tax levy for collection purposes.

SECTION 14.

(a) Amendments to the final adopted operating budget of the county shall be made as follows:

(1) Amendments to line items and major categories that do not increase the grand total of appropriations in the original adopted budget of the county department of education shall be proposed by the Chairman of the School Board and approved by the county board of education, except for line items affecting personnel, which shall be submitted to the budget committee for its recommendation to the county legislative body for their approval. Amendments to line items and major categories that increase the total revenues or appropriations, or both, of the original adopted budget shall be approved by the county board of education and submitted by the Chairman of the School Board to the budget committee for its recommendation to the county legislative body for their approval, except as provided by Tennessee Code Annotated, Section 49-2-203(b)(15). The Chairman of the School Board shall report the amendments to the finance director within fourteen (14) days of proposing the amendments.

(2) Amendments to major categories of the budget other than the county department of education may be proposed by the county mayor, chief administrative officer of the county highway department, and the head of any other agency of the county whose budget is to be amended. The amendments to the major categories of the budget proposed under this subdivision (a)(2) shall be submitted to the budget committee for its recommendation to the county legislative body for their approval to be effective; provided, that the county legislative body may modify any amendments prior to approval, and provided, further, that the budget of the county highway department shall not be amended without the approval of the chief administrative officer of such department. If the budget committee does not act upon an amendment to a major category of the operating budget proposed by the county mayor or chief administrative officer of the county highway department by the next regularly scheduled meeting of the county legislative body or thirty (30) days, whichever comes first, after being submitted to the budget committee, then the county legislative body may consider and act upon the proposed amendment without a recommendation from the budget committee.

(3) Amendments to line items within major categories of the budgets of all agencies of the county and other organizations of the county other than the county board of education, proposed by the head of the county agency or other organization shall be subject to the approval of the county mayor, except that any amendment of line items affecting the compensation of personnel shall also have the approval of the county legislative body after receiving the recommendation of the budget committee concerning the proposed amendment. The budget committee shall make its recommendation within fourteen (14) days after receiving the proposed line item amendment affecting the compensation of personnel, and if not made within that time, the county legislative body may consider and act upon the proposed amendment. If the county mayor does not approve the amendment to the line item proposed by the head of the county agency or other organization within seven (7) days after being submitted, the proposal shall be considered by the budget committee and shall be effective if approved by the budget committee so long as the amendment does not affect compensation of personnel, whereupon approval of the county legislative body is also required. Any amendment to a line item within a major category approved by the county mayor shall be reported to the finance director and budget committee. Any amendment to a line item within a major category approved by the budget committee shall be reported to the finance director. However, any line item amendments within major categories of the budget of a county highway department may

be made by the department's chief administrative officer and reported to the finance director and budget committee.

(4) The county mayor may propose line item amendments within major categories of the final operating budget other than those of the county department of education, county highway department, the county election commission, the sheriff, and the general officers listed in Tennessee Code Annotated, Section 8-24-102(a). Such proposed amendments are subject to the approval of the budget committee, and also of the county legislative body if the proposed amendment affects compensation of personnel. The budget committee shall make its recommendation within fourteen (14) days after receiving the proposed line item amendment affecting the compensation of personnel, and if not made within that time, the county legislative body may consider and act upon the proposed amendment without the recommendation of the budget committee.

(b)

(1) Notwithstanding subsection (a), amendments shall be made to comply with any court order entered pursuant to Tennessee Code Annotated, title 8, chapter 20.

(2) All budget amendments shall be on forms developed by the finance director and approved by the budget committee.

SECTION 15.

(a) The appropriations made in the appropriation resolution, or any amendments thereto, shall constitute the limit to expenditures for the various purposes and from the several funds of the county for the fiscal year covered by the resolution, and no expenditure shall be made or obligation created in excess of that limitation.

(b) Any resolution presented to the county legislative body in any fiscal year, after the original appropriation resolution has been adopted and the property tax rate for the year has been set, which provides for an expenditure in addition to those made in the original budget appropriation, shall specifically provide the source of revenue or designate the source of funds necessary to meet expenditures to be made in consequence of the additional appropriation.

(c) The appropriations made by the county legislative body shall constitute authorization for the expenditures contained therein unless otherwise limited by the county legislative body, subject to the impoundment authority granted to the Maury County Financial Management Board, county legislative body, and county board of education pursuant to Section 16.

(d) The expenditures and encumbrances against the amounts appropriated shall be made only upon an order or authorization issued by the Budget department.

(e) No expenditures made or obligations created in any manner shall be valid or binding against the county except as provided by this chapter.

SECTION 16. If at any time the finance director determines that the revenues or other resources are, with respect to any fund, less than was anticipated in the adopted operating budget, or if unanticipated expenditures arise which will likely create a budget deficit, the finance director, upon certification to each member of the county legislative body for non-school funds and to the county board of education for school funds, may impound the appropriations as may be necessary to prevent deficit operation. The impoundment may be overridden by a majority vote of the county legislative body for non-school funds and the county board of education for school funds. If the county legislative body or county board of education overrides an impoundment, the county legislative body or the county board of education shall make those amendments to the operating budget as may be necessary to prevent deficit operation. The necessary amendments require a majority vote of the county legislative body or the county board of education. However, no impoundment of funds shall affect expenditures mandated by state statute or court order that have been appropriated to the offices as enumerated in Tennessee Code Annotated, Section 8-22-101.

SECTION 17.

(a) On or before May 1 of each year, the county mayor, chairman of the school board, and chief administrative officer of the county highway department shall submit to the finance director, on forms developed by the finance director and approved by the Maury County Financial Management Board, a five (5) year plan for capital outlays to be revised annually. The proposed capital outlays shall include estimated expenditures, a schedule for project completion or purchase of real and personal property, or both. Capital outlay for purposes of this section shall include any single purchase of a capital asset as defined in Section 4 when the total purchase price inclusive of all related expenses are expected to equal or exceed the county's capitalization threshold policy.

(b) On or before May 15 of each year, the finance director shall consolidate the details of all proposals for capital outlays noted in subsection (a) for the next fiscal year, including capital projects to be initiated during the next fiscal year and purchases requiring capital outlays during the next fiscal year. The Maury County Financial Management Board shall recommend to the budget committee a funding source and the amount of capital outlay expenditures to include in the operating budget.

(c) The Maury County Financial Management Board shall propose a revised consolidated capital outlay plan for the ensuing fiscal year at the same time that the proposed operating budget is presented to the county legislative body. This document shall be known as the "proposed capital project plan."

(d) The county legislative body shall review the proposed capital project plan presented by the Maury County Financial Management Board. The county legislative body may alter the plan and shall annually adopt a capital projects plan. Prior to the adoption of a capital projects plan, the county board of education, through its designated representative, the chief administrative officer of the county highway department, and the county mayor have the right to address the county legislative body in regard to their respective agencies' capital project needs.

SECTION 18.

(a) The finance director shall receive from the county mayor, chairman of the school board, and chief administrative officer of the county highway department all proposals for the issuance of debt, and shall present such proposal, along with the recommendation of the finance director, to the Maury County Financial Management Board or debt management committee, if created by the county legislative body, with the following exceptions:

- (1) Tax anticipation notes;
- (2) Contracts, leases, or lease-purchase agreements that do not extend beyond the current fiscal year; and
- (3) Contracts, leases, and lease purchase agreements extending beyond the current fiscal year that constitute an obligation below the county's capitalization threshold policy.

(b)

(1) The debt management committee shall review proposals for the issuance of debt for conformity with the adopted capital projects plan, the operating budget for the current fiscal year, and any proposed operating budget for the next fiscal year that may have been submitted by the budget committee.

(2) Additionally, the debt management committee shall review proposals for the issuance of debt to determine whether the proposal optimizes the county's financial resources, impacts negatively upon the credit rating of the county, or whether better financing or funding proposals exist.

(3) On or before May 1 each year, the debt management committee shall report its recommendation on all proposals on the issuance of debt to the budget committee. For proposals for the issuance of debt not received during the annual budget process, the debt management committee shall submit its recommendation to the budget committee within one (1) month from receipt of the proposal for the budget committee's recommendation to the county legislative body.

(4) The finance director shall present for consideration by the debt management committee any form regarding the county's debt that is required to be filed with the comptroller of the treasury. The finance director shall be responsible for developing all information required by such forms. The county mayor shall not file, sign, or approve of any report regarding the county's debt that is submitted to the comptroller of the treasury without the approval of the report by the debt management committee.

SECTION 23.

(a)

(1) Policies and procedures for purchasing for the county shall be established by the Maury County Financial Management Board or purchasing committee, if created by the county legislative body, upon receiving the recommendations of the purchasing agent. The policies and procedures for purchasing shall be made available for the use of all officers and employees of the county involved with purchasing. The purchasing committee shall establish a system whereby heads of all agencies of the county or their designees requisition real and personal property or services and provide estimates of cost. Such requisitions shall be reviewed by the purchasing agent or the purchasing agent's designee and if the requisition appears to be correct, properly authorized, and the cost will not exceed the unencumbered balance of the appropriation against which the cost of the requisition is chargeable, then the purchasing agent shall determine the proper method of obtaining the property or services, and issue purchase orders as appropriate according to this chapter and the policies and procedures of the purchasing committee. Heads of all agencies of the county may specify employees who are authorized to make requisitions, and any limitations upon their authority to act, upon written notification to the purchasing agent. Requisitions for a contract, lease, or lease-purchase extending beyond the current fiscal year that would constitute an obligation in excess of an amount to be determined by the purchasing committee shall be forwarded by the purchasing agent to the debt management committee and approved by the debt management committee prior to any further approval of the requisition.

(2) The policies and procedures for purchasing for the county established by the purchasing committee shall include the use of any type of purchasing or credit card and an approval process for purchases of real property, personal property, and services, including those by lease, lease-purchase, or contract that extend beyond one (1) year or commit the county to expenditures in excess of an amount as determined by the purchasing committee. The purchasing committee shall establish policies requiring approval of such purchases by either the purchasing agent, purchasing committee, or county legislative body, or any combination thereof. The policies and procedures developed by the purchasing committee pursuant to this subdivision to determine the approval process for the particular type or amount of purchase shall be subject to approval by the county legislative body.

(b) Requisitions shall include specifications when necessary as determined by the purchasing agent. Specification development and stipulation shall be made by the county agency to receive the personal property or services requisitioned. However, the purchasing agent may reject any specification that the purchasing agent deems inadequate. The purchasing agent shall assist the agency of the county as needed to develop proper specifications for requisitions. Specifications shall not be written to exclude specific vendors, contractors or service providers, or to limit the bidding to a specific vendor, contractor, or service provider.

(c) Except as otherwise provided in this chapter or by other applicable general law not in conflict with this chapter, purchases shall be based upon competitive bidding. The purchasing committee, after receiving the recommendations of the purchasing agent, shall establish the dollar amounts and types of purchases for which a formal competitive bidding process is required, the dollar amounts and types of purchases for which an informal bidding process is required or not required, and the exceptions to competitive bidding requirements; provided, that the dollar amounts established for formal competitive bidding shall not exceed the amounts otherwise applicable in general law. In addition to competitive bidding, the purchasing committee may establish the types of purchases and other circumstances under which requests for proposals (RFPs), requests for qualifications (RFQs), and other procurement methods are appropriate and allowable. The purchasing committee may also establish guidelines not in conflict with applicable general law for purchases at public auction and using the Internet. Exceptions to competitive bidding may include, but are not limited to, sole source purchases, perishable commodities, and emergency purchases. In counties operating under the County Uniform Highway Law, compiled in Tennessee Code Annotated, title 54, chapter 7, and Tennessee Code Annotated, Section 54-7-113(c), regarding exceptions to public advertisement and competitive bidding requirements shall apply to purchases for the county highway department.

(d) All purchases competitively bid shall be awarded to the lowest responsible and responsive bidder, taking into consideration the quality of the personal property or services to be supplied, their conformity with specifications, their suitability to the requirements of the county and the delivery terms, and such other considerations as the purchasing agent deems appropriate and in conformity with any guidelines established by the purchasing committee. Any and all bids may be rejected for reasonable cause by the purchasing agent.

(e) The purchasing committee shall establish criteria for when purchase awards shall be made by the purchasing agent alone and when awards shall be made by the purchasing agent after receiving approval from the purchasing committee.

(f)

(1) The purchasing agent may authorize any agency of the county to purchase in the open market, without filing a requisition, any personal property necessary for immediate delivery or services for immediate employment, in actual emergencies. Such direct emergency purchases may only be made by heads of agencies of the county within the authorization granted by the purchasing agent and when the purchasing agent is not available to make the purchase. At all other times, only the purchasing agent or the purchasing agent's designee shall make purchases. A report of an emergency purchase shall be made by the head of an agency of the county or the agency head's designee describing the circumstances of the emergency, the personal property or services purchased, and the amounts to be charged against the operating budget of the agency. Such emergency purchase report shall be submitted to the purchasing agent as soon as is reasonably possible following the date of such purchase by the head of the county agency concerned and such report shall be provided by the purchasing agent to the purchasing committee.

(2) The purchasing agent in authorizing deviations from the competitive bidding requirements in emergencies shall not include conditions arising from neglect or indifference in anticipating normal needs. Emergency purchases shall be limited to needs arising which are not normally foreseeable.

(5) Determine whether a deposit or bond is to be submitted with a bid on a purchase or sale, and if required, prescribe the amount and form of the deposit or bond, and provide for the forfeiture of the deposit or bond if the successful bidder refuses to enter into the contract and to determine the time for such forfeiture after the award of the bid. Such determination shall not conflict with existing state statutes for construction contracts;

(6) Prescribe the manner in which invoices for personal property and contractual services delivered to any of the agencies of the county shall be submitted, examined, and approved by the purchasing agent; and

(7) Provide for all other matters as may be necessary to give effect to the duties of the purchasing committee and purchasing agent.

(i) The purchasing committee shall establish policies, subject to the approval of the county legislative body, for the disposal or transfer of surplus, obsolete, or unusable personal property. These policies may provide for the transfer to or between county agencies of personal property on hand which are surplus with one (1) county agency, but which may be needed by others. However, a head of a county agency shall not be required to transfer any item of personal property in his or her custody without his or her consent except in actual emergency or disaster.

(f) The county mayor or any department head or officer of the county having custody of real property, excluding real property titled to the county board of education may request that the real property over which the mayor, department head, or officer has custody be declared surplus and be sold or transferred from the ownership or possession of the county or the custody of the mayor, department head, or officer. Any request shall be made to the Maury County Financial Management Board or purchasing committee, if

created. The Maury County Financial Management Board or purchasing committee, if created, shall make recommendations to the county legislative body regarding whether the real property requested to be declared surplus should be kept, its use changed, sold, or otherwise disposed of, and shall make a recommendation as to the proper use or disposition of the property to the county legislative body, which shall make the final determination as to the use and disposition of all county real property not titled to or leased by the county board of education. The board of education shall make the final determination as to the use and disposition of all real property titled to the board of education.

- (9) Issue purchase orders when appropriate;
- (10) Prepare contracts, leases, and lease-purchase agreements. The purchasing agent shall prepare contracts, leases, and lease-purchase agreements with the aid of the county attorney if such office or position is established, or with the aid of an attorney employed or retained by the county mayor or board of education, when required by regulation of the purchasing committee;
