# General Sessions Court Records

Reference Number: CTAS-2053

**General Sessions Court Records.** The records included in this schedule are those for the offices of the General Sessions Courts. Records that may be kept in the same format by several county offices (such as employment records, purchasing records, etc.) will be found listed under topical retention schedules in this manual. To a certain extent, the records kept by county offices vary from county to county in either the format of record kept, the name given to the record or the frequency of its occurrence. This is particularly true of court records which may vary according to local rule and practice and especially confusing concerning the varying forms of docket books that courts may have utilized over the years. The fact that a certain record is listed in this schedule does not necessarily indicate that you should have it in your office. It may be a format for record-keeping that was never utilized in your county, or you may keep the record under a different name. If you have records in your office that are not listed in this schedule by name, check the descriptions of the records to see if we may have called it by a different term. If you still cannot locate any entry relative to the record, contact us at the County Technical Assistance Service for guidance in determining the proper disposition of the record and so that we can make note of that record's existence to include it in future revisions of this manual.

Notes regarding General Sessions Court:

The General Sessions Court is not usually a court of record (exceptions to this will be discussed below). Since it is not a court of record, the statutes found in Title 18 regarding retention of court records do not apply. The most important record for functional and historical purposes is the docket. For that reason, these are kept permanently. For other records, a period of 10 years has been designated as a reasonable period of time to allow parties who may need to revisit or research actions that were taken in General Sessions Court to have an opportunity to examine records. When General Sessions Courts function as a juvenile court, they ARE serving as a court of record. See the retention schedules elsewhere in this manual for Juvenile Records. Additionally, some General Sessions Courts were designated as courts of record by the private acts which created them. In those cases, the clerk should consult the retention schedules for courts of record to determine the proper retention period for a record.
