Three-Star Program	3

Three-Star Program

Reference Number: CTAS-2153

Developed in 1980, the Three-Star Program is designed to help communities take full advantage of economic development opportunities. The goals are to preserve existing employment, create new employment opportunities, increase Tennessee family income, improve quality of life, and create a strong leadership base. Participating communities are guided through a comprehensive plan of essential criteria developed by local economic development professionals and a cooperative collaboration of various state and regional agencies. Communities are certified as Level I, II, or III Three-Star Communities based on point values for completion of defined basic and optional program criteria.

Participation in the Three-Star Program is based on an annual evaluation and activity plan. Local community leaders and Joint Economic and Community Development Boards are encouraged to implement activities that will impact the community's competitiveness in a global economy. Participating counties (and cities in these counties) will be eligible for a four percent discount (for eligible projects) on both the business development and community development ability-to-pay calculations (CDBG and Fast Track) each year the county fulfills the requirements of the Three-Star Program. Additionally, only cities located in a county that is an active participant in the Three-Star Program will be eligible to participate in the Tennessee Downtowns program. Finally, there is an annual grant for Tier 2 and Tier 3 counties to serve as seed money for activities (not to offset general operating expenses) focused on improving at least one of the measured areas of the program: health and welfare, public safety, and education and workforce development.

Each year, ECD will provide participating counties with a scorecard that documents progress indicators in the five focus areas. The scorecard and activity plan is designed to assess and reward each county on its unique progress in the three scored areas identified in their Three-Star Activity Plan.
