Operational Requirements

Dear Reader:

The following document was created from the CTAS website (ctas.tennessee.edu). This website is maintained by CTAS staff and seeks to represent the most current information regarding issues relative to Tennessee county government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with county government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other CTAS website material.

Sincerely,

The University of Tennessee
County Technical Assistance Service

Operational Requirements

Reference Number: CTAS-533

There are several different sources of authority governing the operation of solid waste disposal facilities, including federal legislation and regulations as well as state law and its implementing rules. In addition to the Solid Waste Management Act, it is important to note the Solid Waste Disposal Act (T.C.A. §§ 68-211-101 through 68-211-124) as well as other relevant sections in Title 68. Furthermore, other governmental entities such as counties, municipalities, and boards of health may also adopt regulations governing solid waste disposal if their standards are at least as stringent as those set out by the state Department of Environment and Conservation and consistent with state and federal law. T.C.A. § 68-211-107.
