# Electronic Records

Reference Number: CTAS-786

With some exceptions, Tennessee law allows records that have to be created or retained to be kept in electronic format. If such a record created or retained in electronic format is a writing eligible to be recorded, a copy of such writing, in lieu of the original electronic format record, may be registered. The original electronic record must have been created or retained in accordance with the *Electronic Transactions Act* (T.C.A. §§ 47-10-101 through 47-10-123) or other provision of law. A licensed attorney or other custodian of the record must certify that the copy is a true and accurate copy of the original electronic record and the signature of the attorney or custodian must be notarized. The register may specify whether the copy to be registered shall be in paper or electronic form. The certification of electronic document shall be notarized and shall substantially follow the form prescribed in statute. T.C.A. § 66-24-101(d).
