SECTION 1. That in all counties within this State, having a population of not less than 23,145 and not more than 23,160, according to the Federal Census of 1940 or any subsequent Federal Census, the County Judge or Chairman of such counties is hereby designated as the County Purchasing Agent, whose duty it shall be to purchase any and all supplies and equipment for the use of county officials, employees or departments and to enter into contracts for the purchase of the same and who shall be charged with the full responsibility of carrying out all of the provisions of this Act, and who shall have sole power and authority to contract for and purchase materials, supplies and equipment of every kind whatsoever, including insurance, for the use of all officials, agents, servants, departments, or agency of, supported by or under the control of the county government or for which the county may be chargeable.
