SECTION 2. That it shall be the duty of the supervisor in counties to which this Act applies, to efficiently construct, maintain and operate the road system in such counties; and it shall be his duty as early as weather conditions permit and funds available will allow, to begin the work of maintenance and repair of the roads in his county and to continue the same as long as necessary and permitted by available funds. Such road supervisor shall have full and complete authority to employ such labor and skilled mechanics as he may need but the compensation payable by him for such shall not exceed the compensation paid by the State Highway Department in such county for similar services. Such supervisor shall keep a time book of the hours of labor worked by each person so employed by him and for the purpose of paying such person for labor, and other necessary expenditures, may issue warrants drawn upon the road funds of said county, which warrant shall be drawn on the County Trustee; but no such warrant shall be valid unless countersigned by the County Judge of counties to which this Act applies nor unless accompanied by certificate from such road supervisor that the payee named in the warrant, where the same be issued for labor, has actually performed the number of hours set forth at the appropriate rate per hour. Any road supervisor who issues a fraudulent warrant shall be guilty of a misdemeanor and upon conviction, shall be fined not less than \$10.00, nor more than \$50.00, and imprisoned for not less than sixty days nor more than six months in the county jail. The road supervisor, with the approval of the County Judge, shall have the power and authority to make emergency purchases of supplies, materials, repair parts for road machinery or equipment and the like, provided any such emergency purchase does not exceed the sum of \$500.00. The road supervisor shall, at least 10 days prior to each regular meeting of the Quarterly County Court, make and file with the County Court Clerk a list showing all supplies, gas, oil, tires, materials, repair parts, equipment, machinery and the like that he thinks it necessary or desirable to purchase within the next 3 months and the estimated cost thereof; and the County Judge, with the approval of the Quarterly County Court, shall appoint a committee consisting of 3 members of the County Court who, along with the road supervisor and the County Judge, shall have and are hereby given the power and authority to, after the taking of bids, enter into contracts in the name of the County for the purchase of said supplies, gas, oil, tires, materials, repair parts, equipment, machinery and the like as they deem it necessary or desirable to purchase. The road supervisor herein named shall at least ten days prior to the next meeting of the Quarterly County Court of counties to which this Act applies make and file with the County Court [sic] Clerk a full and complete report of all disbursements made by him since the date of the last report. Each

report so made shall contain all disbursements up to the first of the calendar month in which such report be made; and such report when filed with the County Court Clerk shall be preserved by him as a part of the records of his office, shall be spread upon the minutes of the court if the Quarterly County Court so elect and shall be available for inspection by any interested citizen.

As amended by: Private Acts of 1959, Chapter 130

SECTION 3. That all applications to open, discontinue and change roads shall be made to the road supervisor and in addition thereto, such supervisor and the approval of the Quarterly County Court shall have power to do the same upon his own initiative and by the approval of the Quarterly County Court. For the purpose of more effectively making practicable such changes in the roads, the county, acting through the supervisor, shall have and possess the power of eminent domain which shall be exercised in the following manner:

Whenever the Road Supervisor and by the approval of the Quarterly County Court shall be of the opinion that a change or alteration in the present system of roads shall be necessary, he shall give notice to the landowner affected of the location of such proposed change and of the [sic] date upon which a jury of view will be summoned to view the proposed change and to award damages. He shall likewise file a copy of such notice in writing with the Sheriff of counties to which this Act applies and thereupon the Sheriff shall appoint a jury of view of five members to go upon and examine the premises and to assess the damages occasioned to the landowner by such change. The award of such jury of view shall be made in writing and filed with the County Court Clerk and all damages and costs awarded under this Act shall be and become a charge against [sic] the general funds of counties to which this Act applies. Any person aggrieved by the action of the jury of view herein provided may within ten days after the filing of said report by the jury of view with the County Court Clerk, appeal therefrom to the next term of the County Court of said County by giving security or executing the pauper's oath as required by law; and from the action of the Quarterly County Court an appeal lies to the next term of the Circuit Court of said county, either party being entitled to get a jury upon his or her application at the hearing in such Circuit Court. In addition to the right to condemn land for the purpose of changes in existing roads, such county is given the power of eminent domain with respect to borrow pits, gravel pits, sand banks and other material deemed necessary as essential in the construction of roads. The procedure in case of condemnation thereof shall be the same as that provided above; but nothing herein shall deny to such county the right to proceed to condemn such property under the procedure now provided by the general statutes of Tennessee for the exercise of eminent domain of public corporations, the procedure herein provided being merely alternative rather than exclusive. The road supervisor herein named shall have and exercise full and complete control over all bridges forming a part of the county highway system and such bridges shall be treated as a part of the road system for the purposes of this Act.

SECTION 4. SECTION 8. [sic] That this Act shall take effect from and after its passage, the public welfare requiring it.
