COMPILER'S NOTE: Private Acts of 1929, Chapter 917, amended only Section 2 to strike out the words "County Board of Education for Carroll County, Tennessee," and insert therefor "a district Board of Education for said Special School District." Amending the act in this manner leaves numerous references to the County Board of Education, both in Section 2 and in Sections 4, 6 and 7. Based upon subsequent amendments and supplementary acts pertaining to this school district, it appears that the legislature intended that the County Board of Education have some degree of control over the special school district. Section 3 of the 1929 act (reproduced hereinbelow), which supplements the provisions of this act, grants the County Board of Education the power to employ teachers in special school district schools, with the

recommendation of the district Board of Education.

SECTION ____. That in the event of the inability, refusal to act, or a vacancy in the office of a member or members of the District Board of Education, (vacancy being defined as moving outside the boundaries of the Special School District), then the remaining members of the District Board of Education shall elect a member or members to serve until the next regular election, at which election the qualified voters shall elect the Board member for the unexpired term in the manner presently provided.
