As amended by: Private Acts of 1945, Chapter 145

SECTION 6. That after making the report of the school census as provided by Sub-section 7 of Section 5 of this Act, the County Trustee shall apportion to the said Special School District for the maintenance of said school or schools, its per capita or prorata share of all school funds of the county then or thereafter in his hands according to the proportion which the school population of said Special School District shall bear to that of Carroll County under the school census of 1919, and upon the same basis the County Trustee shall also apportion to said Special School District its per capita or prorata share of the State school fund paid to said county by the State. Such school census shall be taken annually and upon it the funds shall be thus apportioned each year thereafter.

SECTION 7. That for the purpose of supporting and maintaining the school or schools of the said Special School District and for supplementing the school funds for said Districts [sic] so that school terms for said school or schools may be extended and continued nine months each year, if possible, as a free public school, there is hereby assessed for the year 1987 and for each year thereafter a tax limit of three dollars (\$3.00) on every one dollar's (\$100.00) worth of taxable property, both real and personal, situated within the said Huntingdon Special School District for general operation of schools. The basis of assessment of said tax on such property shall be the assessed value as shown by the books of the County Trustee, and all taxes assessed on real estate are a lien upon such real estate. The taxes herein assessed shall become due and be collected at the same time and in the same manner as taxes under the general laws of the State by the County Trustee. The said taxes herein provided for, together with all other school funds received from the County Trustee, shall constitute the school funds for the said Special School District, which funds shall be under the control of said Board of School Directors for the use and benefit of the said Board of Directors [sic] for the use and benefit of said Huntingdon Special School District. No part of said fund shall be paid by the Treasurer of said Special School District except by order of said Board of School Directors and upon warrants properly drawn and signed by the President and Secretary of the said Board of School Directors; provided further, that no personal property of the taxpayers within the said Special School District shall be exempt from levy or execution for their said tax assessments on personalty herein assessed by this Act; and provided that the County Tax Assessor shall prepare a separate complete list of all taxable property, both real and personal, within said School District for the use of the County Trustee in making collection of said taxes. The tax of twelve and one-half mills hereinabove in this Section levied may, to the extent of four mills, be pledged to and used by the Board of School Directors for the payment of bonds and or capital outlay notes of said District issued pursuant to authority for the purposes of constructing, improving and equipping school buildings and additions thereto for said District or purchasing sites in connection therewith. To the extent that said tax is so pledged the proceeds thereof shall be deposited in a fund or funds for the payment of said bonds in accordance with the provisions of the authorizing resolution.

COMPILER'S NOTE: This section was amended in 1987 to change the tax rate set out at the beginning of the paragraph above to not more than \$3 per \$100 property value, but the language at the end of the paragraph referring to the old tax rate of "twelve and one-half mills" was not changed.

The Board of School Directors of the Huntingdon Special School District shall have the authority to set the tax rate lower than that imposed by this Act as amended or any other Act setting a tax rate for the Huntingdon Special School District but shall not have the power to impose a tax in excess of any statutory levy. In order to change the rate of taxation, the Board shall certify on or before September 1 to the county trustee the new special school district tax rate not to exceed the rate imposed by any legislative Act, and the county trustee shall collect only the taxes based on the rates so certified.
