Highway Commission

Private Acts of 1971 Chapter 8

SECTION 1. Coffee County is divided into four (4) highway commission districts, as follows:

Highway Commission District 1. Highway Commission District 1 shall be composed of Rural County Commission District 3.

Highway Commission District 2. Highway Commission District 2 shall be composed of Rural County Commission District 4.

Highway Commission District 3. Highway Commission District 3 shall be composed of Rural County Commission District 5.

Highway Commission District 4. Highway Commission District 4 shall be composed of Rural County Commission District 6.

The rural county commission districts referred to in this section shall be those established by the Coffee County commission in a reapportionment plan adopted by the commission in 2021. The county commission is authorized to make subsequent redistrictings of the highway commission districts from time to time as necessary for the election of highway commission members from districts that are substantially equal in population. Such districts shall be so defined that they contain one (1) rural county commission district and that their boundaries shall conform to those of rural county commission districts. Following each subsequent reapportionment of the county commission districts after the effective date of this act, it shall not be necessary to amend this act or any other private act applicable to the Coffee County Highway Commission such that any change in the reapportionment of the county commission in Coffee County will automatically change and reapportion the Coffee County Highway Commission. There shall be the same number of highway commission members as there are rural county commission districts of the county commission and the district of each highway commission member shall be consistent with the commissioner's corresponding rural county commissioner.

As amended by: Private Acts of 1998, Chapter 105
Private Acts of 2002, Chapter 78
Private Acts of 2022, Chapter 37

SECTION 2. The members of the Highway Commission now in office shall serve in their respective positions until their successors are elected and qualified. The Highway Commission shall be composed of the highway commission members elected as provided above and shall elect a chairperson from among its members. The county executive shall be an ex officio member.

Highway Commission members living in new districts shall continue to serve out their elected terms. District seats without current Highway Commission members, or those seats for which the Highway Commission member's term ends, shall hold elections for the County Highway Commission in August 2022 and at appropriate intervals thereafter.

If any member ceases to reside in any of the rural county commission districts from which the member was elected, the member's office shall become vacant and the County Commission shall elect another resident within said districts to fill the unexpired term. However, a change in the corporate limits of the municipality resulting in a change in rural county commission district lines shall not constitute a vacancy and the member so affected shall serve out the remainder of the member's term. Thereafter, the portion of the rural county commission district taken into the corporate limits of the municipality shall not be treated as a part of the highway commission district herein created.

The Commission Districts in Coffee County are more fully described in the reapportionment resolutions

adopted by Coffee County in regard to the County Commission at the Special Commission meeting held September 30, 2021, as on file in the office of the County Clerk and the County Election Commission.

Highways and Roads - Historical Notes

The following is a listing of acts which once had some effect upon the county road system in Coffee County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Public Acts of 1901, Chapter 136, required the County Court at its January Term every two years to elect one Road Commissioner for each road district, which would be co-extensive with each civil district, who would have general supervision over all the public roads, bridges and overseers in his district. The Road Commissioner would receive \$1 per day for each day's service actually rendered, but limited to ten days per year. The County Court would assign road hands to designated sections of county roads and fix the number of days of labor between five and eight days in any one year. The County Court would levy an ad valorem tax of two cents on \$100 of taxable property for each day assessed to labor on the public roads. Two-thirds of this tax could be worked out on the public roads in the district in which the property was situated. The County Court would appoint a committee to consist of the County Judge and four other citizens to let out contracts for work on the public roads to the lowest responsible bidder. Members of this County Highway Commission would receive the same compensation as Justices of the Peace, except for the County Judge who would serve without compensation. The Court would levy a special ad valorem tax of up to 20 cents per \$100 to establish and maintain the county highways.
2. Private Acts of 1907, Chapter 321, divided Coffee County into three Divisions as enumerated in the Act. The County Court would elect one Commissioner of Roads from each of the road divisions. Private Acts of 1967-68, Chapter 232, created a County Board of Highway Commissioners for counties with a population of not less than 28,564, nor more than 28,664 according to the Federal Census of 1960. This Act was probably intended to apply only to Tipton County (pop. 28,564) but Coffee County (pop. 28,603) falls within its provisions. However, Private Acts of 1967-68, Chapter 307, created a Highway Commission for Coffee County; and being a later act, it was the controlling act.
 37. Private Acts of 1967-68, Chapter 261, attempted to create a Highway Commission of three members with the County Judge as an ex-officio member and to create the position of County Road Superintendent who would be appointed by the Highway Commission but would not be a member of that body and who must meet certain qualifications.  39. Private Acts of 1969, Chapter 113, amended Private Acts of 1967-68, Chapter 307, to provide that the compensation of the members of the Commission would be determined by the Quarterly County Court at an amount between \$50 and \$100 per month.  40. Private Acts of 1970, Chapter 296, attempted to repeal Private Acts of 1967-68, Chapter 307, and create a Highway Commission of four members plus the County Judge with a County Road Superintendent appointed by the Highway Commission. The County Court rejected this act so its provisions never became operative.

41. Private Acts of 1975, Chapter 36, amended Private Acts of 1971, Chapter 8, but was rejected by the Coffee County Quarterly Court and therefore never took effect because of the Home Rule amendment to the State Constitution. The Act rewrote Section One to provide for a five member Highway Commission, four of whom would be elected and the other would be the County Judge who would also be Chairman. Section Two was changed to state the present Commissioners would remain in office until their terms expired, and then four members would be elected in August, 1976 to two year terms.
