The Authority may condemn in its own name any land, rights in land, easements, and/or rights-of-way which in the judgment of the Board, are necessary for carrying out the purposes for which the Authority is created, and such property or interest in such property may be so acquired whether or not the same is owned or held for public use by persons having the power of eminent domain, or otherwise held or used for public purposes; provided, however, such prior public use will not be interfered with by the use to which such property will be put by the Authority; provided further, the exercise of eminent domain power shall be approved by a majority of those present and voting of the Board of the Authority. Such power of condemnation may be exercised in the manner prescribed by any applicable statutory provisions now in force or hereafter enacted for the exercise of the power of eminent domain.

SECTION 6. Rates sufficient to pay costs and retire bonds.

The Board shall prescribe and collect reasonable rates, fees, tolls, or charges for the services, facilities, and commodities of any system, shall prescribe penalties for the nonpayment thereof, and shall revise such rates, fees, tolls or charges from time to time whenever necessary to insure that any system shall be and always remain self-supporting. The rates, fees, tolls, or charges prescribed shall be such as will always produce revenue at least sufficient:

- (1) To provide for all expenses of operation and maintenance of the system, including reserves therefor;
- (2) To pay when due all bonds, notes and interest and premium thereon for the payment of which such revenues are or shall have been pledged, charged, or otherwise encumbered, including reserves therefor; and

This provision shall apply to the rates charged for the provision of services as outlined in Section 4 (7) of this act.

SECTION 7. Notes of the Authority.

(a) The Authority may issue, by resolution adopted by the Board, interest-bearing bond anticipation notes for all purposes for which bonds can be legally authorized and issued by the Authority. Such notes shall be secured by the proceeds from the sale of the bonds in anticipation of which the notes are issued and additionally secured by a lien upon the revenues of the system on a parity with the bonds in anticipation of which such notes are issued. In no event shall the amount of outstanding bond anticipation notes exceed the principal amount of the bonds to be issued by the Authority. The notes shall mature not later than two (2) years from their date of issuance and may be extended or renewed for not more than two (2) additional periods of two (2) years each by resolution of the Board and the issuance of renewal or extension notes.

(b) Notes shall be sold at public or private sale for not less than ninety-seven percent (97%) of the par value thereof and accrued interest as the Board may direct. (c) Notes shall be executed in the name of the Authority by the proper officials authorized to execute the same, together with the seal of the Authority attached thereto.

(d) The proceeds arising from the sale of such notes shall be disbursed as provided by the resolution authorizing the issuance of the notes. The term "bond anticipation notes" includes interim certificates or other temporary obligations which may be issued by the Authority to the purchaser of such notes upon the terms and conditions herein provided. When the bonds shall be issued and sold a sufficient amount of the proceeds of the bonds shall be applied to the payment of the notes at their maturity or upon their earlier redemption as directed by the Board of resolution.

(e) The Authority herein granted to issue "bond anticipation notes" also includes the issuance of "grant anticipation notes," to be secured by the grant in anticipation of which such notes are issued, with all

provisions of this section being applicable to such grant anticipation notes.

SECTION 8. Bonds of the Authority.

(a) The Authority shall have the power to issue bonds from time to time to finance the construction, purchase, acquisition, extension, improvements and equipping of one (1) or more systems. All bonds issued shall be payable solely out of the revenues and receipts derived from the system for which such bonds are issued or as may be designated in the proceedings under which the bonds shall be authorized to be issued. Such bonds may be issued in one (1) or more series, may be executed and delivered at any time and from time to time, may be in such form and denomination and of such terms and maturities, may be subject to redemption prior to maturity either with or without premium, may be in fully registered form, may bear such conversion privileges and be payable in such installments and at such time or times not exceeding forty (40) years from the date thereof, may be payable at such place or places whether within or without the State of Tennessee, may bear interest at such rate or rates payable at such time or times and at such place or places and evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided in the proceedings whereunder the bonds shall be authorized to be issued.

(b) Bonds may be sold at public or private sale for such price and in such manner and from time to time as may be determined by the Board of Directors to be most advantageous, and the Authority may pay any and all expenses, premiums, and commission which its Board of Directors may deem necessary or advantageous in connection with the issuance thereof.

(c) All bonds and the interest applicable thereto are hereby made and shall be construed to be negotiable instruments.

(d) Interim certificates or notes or other temporary obligations pending the issuance of revenue bonds shall be payable out of proceeds of bonds or other funds of the Authority available for such purpose.

(e) Proceeds of bonds may be used for the purpose of constructing, acquiring, reconstructing, improving, equipping, furnishing, bettering, or extending a system, including the payment of interest on the bonds during construction of any project for which bonds are issued and for two (2) years after the estimated date of completion, the payment of engineering, fiscal, architectural, bond insurance, and legal expenses incurred in connection therewith and the issuance of bonds, and the establishment of a reasonable reserve fund for the payment of principal of and interest on such bonds if a deficiency occurs in the revenues and receipts available for such payment.

SECTION 9. Refunding bonds of the Authority.

(a) Any bonds at any time outstanding may at any time and from time to time be funded by the issuance of refunding bonds in such amount as the Board may deem necessary, but not exceeding the sum of the following:

- (1) The principal amount of the bonds being refinanced;
- (2) Applicable redemption premiums thereon;
- (3) Unpaid interest on such bonds to the date of delivery or exchange of the refunding bonds;
- (4) If the proceeds from the sale of the refunding bonds are to be deposited in trust as hereinafter provided, interest to accrue on such obligations from the date of delivery to the first or any subsequent available redemption date or dates elected, in its discretion, by the Board, or to the date or dates of maturity, whichever shall be determined by the Board to be the most advantageous or necessary to the Authority;
- (5) A reasonable reserve for the payment of principal of and interest on such bonds and/or a renewal and replacement reserve;
- (6) If the project to be constructed from the proceeds of the obligations being refinanced has not been completed, an amount sufficient to meet the interest charges on the refunding bonds during the construction of such project and for two (2) years after the estimated date of completion (but only to the extent that interest charges have not been capitalized from the proceeds of the obligations being refinanced); and
- (7) Expenses, premiums, and commissions of the Authority, including bond discount deemed by the Board to be necessary for the issuance of the refunding bonds. A determination by the Board that any refinancing is advantageous or necessary to the Authority or that any of the amounts provided in the preceding sentence shall be included in such refinancing, or that any of the obligations to be refinanced shall be called for redemption date or permitted to remain outstanding until their respective dates of maturity, shall be conclusive.

(b) Any such refunding may be effected whether the bonds to be refunded shall have then matured or

shall thereafter mature, either by the exchange of the refunding bonds for the bonds to be refunded thereby with the consent of the holders of the bonds so to be refunded, or by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds refunded thereby, and regardless of whether or not the bonds to be refunded were issued in connection with the same projects or separate projects, and regardless of whether or not the bonds proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise.

(c) At the time of delivery of the refunding bonds, the bonds to be refunded will not be retired or a valid and timely notice of redemption of the outstanding bonds is not given in accordance with the resolution, indenture or other instrument governing the redemption of the outstanding bonds, then, prior to the issuance of the refunding bonds, the Board shall cause to be given adequate notice of its intention to issue the refunding bonds. The notice shall be given either by mail to the owners of all the outstanding bonds to be refunded at their addressees shown on the bond registration records for the outstanding bonds, or given by publication, or by such other means which may be deemed sufficient pursuant to the laws of this State. The notice shall set forth the estimated date of delivery of the bonds, refunding bonds and identify the bonds, or the individual maturities thereof, proposed to be refunded; provided, that if portions of individual maturities are proposed to be refunded the notice shall identify the maturities subject to partial refunding and the aggregate principal amount to be refunded within each maturity. If the issuance of the refunding bonds does not occur as provided in the notice, the governing body shall cause notice thereof to be given as provided above. Except as otherwise set forth in this section, the notice required pursuant to this section shall be given whether or not any of the bonds to be refunded are to be called for redemption.

(d) If any of the obligations to be refunded are to be called for redemption, notice of redemption shall be given in a manner required by the proceedings authorizing such outstanding obligations.

(e) The principal proceeds from the sale of any refunding bonds shall be applied only as follows: either,

(1) To the immediate payment and retirement of the bonds being refunded; or

(2) To the extent not required for immediate payment of the bonds being refunded, such proceeds shall be deposited in trust to provide for the payment and retirement of the bonds being refunded and to pay any expenses incurred in connection with such refunding, but provision may be made for the pledging and disposition of any surplus, including, without limitation, provisions for the pledging of any such surplus to the payment of the principal of, premium, if any, and interest on any issue or series of refunding bonds. Money in any such trust fund may be invested in the discretion of the Board.

(f) Nothing herein shall be construed as a limitation on the duration of any deposit in trust for the retirement of obligations being refunded, but which shall not have matured and which shall not be presently redeemable or, if presently redeemable, shall not have been called for redemption.

SECTION 10. Security for payment of bonds and notes.

(a) The principal of, premium, if any, and interest on any bonds, refunding bonds and notes may be secured by a pledge of revenues and receipts of a system. The proceedings under which the bonds, refunding bonds or notes are authorized to be issued may contain any agreements, provisions and covenants respecting the maintenance of such system or other facilities covered thereby, the fixing and collection of rents, fees or payments with respect to any system or portions thereof covered by such proceedings, the creation and maintenance of special funds from such revenues and from the proceeds of such bonds, refunding bonds and notes and the rights and remedies available in the event of default, all as the Board shall deem advisable and not in conflict with the provisions of this act. To the extent provided in the proceedings authorizing any bonds, refunding bonds or notes, each pledge and agreement made for the benefit of security of any of the bonds, refunding bonds or notes shall continue in effect until the principal of and interest on the bonds, refunding bonds or notes for the benefit of which the same were made shall have been fully paid or adequate provision for the payment thereof shall have been made by the Authority. In the event of a default in such payment or in any agreements of the Authority made as part of the proceedings under which the bonds, refunding bonds or notes were issued, such payment or agreement may be enforced by suit, mandamus, or the appointment of a receiver in equity, or the proceedings under which the bonds, refunding bonds or notes are issued.

(b) The Board may designate the appropriate officials to execute all documents necessary to guarantee or in any other manner to secure the payment of the bonds or notes of the Authority; provided, however, the approval of the governing body of the county or district to such guarantee or security shall have been obtained before the execution of such documents. Provided, further prior to any meeting where such authorization will be considered by the governing body of the county or district, the governing body shall cause reasonable public notice to be published describing the matter to be considered and containing an estimate of the dollar amount of any contingent liability by the county or district of such authorization is

given.

(c) Bonds, notes or refunding bonds may constitute a joint obligation of the Authority and the county or district. Any such bond, note or refunding bond upon which the county is jointly obligated with the Authority may be secured by the full faith and credit and unlimited ad valorem taxing power of the county. Bond, notes or refunding bonds issued as a joint obligation of the Authority and the county shall be issued in the form and manner of Tennessee Code annotated, Title 9, Chapter 21, Parts 1, 2, and 9, where applicable, and in the event of a conflict between this act and Tennessee Code Annotated Title 9, Chapter 21, Parts 1, 2, and 9, then the provisions of Tennessee Code Annotated, Title 9, Chapter 21, Parts 1, 2, and 9 shall prevail. Notes issued as a joint obligation of the Authority and the county shall be issued in the form and manner of Tennessee Code Annotated Title 9, Chapter 21, Parts 1, 4 and 5, where applicable and in the event of a conflict between this act and the provisions of Tennessee Code Annotated, Title 9, Chapter 21, Parts 1, 4 and 5 shall prevail.

(d) Any bond, note or refunding bond issued under this act may be secured by a mortgage or deed of trust covering any or all part of the property, real or personal, of the Authority. Any pledge, of lien, on revenues, fees, rents, tolls or other charges received or receivable by any local government to secure the payment of any bonds, notes or refunding bonds issued pursuant to the act and the interest thereon, shall be valid and binding from the time that the pledge or lien is created and granted and shall inure to the benefit of the holder or holders of any such bonds, notes or refunding bonds until payment in full of the principal and premium and interest thereon. Neither the resolution nor any other instrument granting, creating or giving notice of the pledge of a lien, or other such security interest, need be filed or recorded to preserve or protect the validity or priority of such pledge or lien.

SECTION 11. Exemption from taxation and State regulation.

(a) The Authority, its properties at any time owned by it and the income and revenues therefrom shall be exempt from all State, county and municipal taxation. All bonds, notes and refunding bonds issued by the Authority and the income therefrom shall be exempt from all State, county, and municipal taxation, except inheritance, transfer and estate taxes, or except as otherwise provided by state law. For purposes of Tennessee Code Annotated Title 42, Chapter 2, and any amendments thereto or substitution therefor, bonds issued by the Authority shall be deemed to be securities issued by a public instrumentality or a political subdivision of the State.

(b) Neither the Tennessee Regulatory Authority nor any other Board or commission of like character hereafter created shall have jurisdiction over the Authority in the management and control of a system, including the regulation of its rates, fees, tolls, or charges, except to the extent provided by this act; provided, however, the Authority is subject to regulation by the Department of Health and the Department of Environment and Conservation as a public water supply and public sewerage system.

SECTION 12. Liability and indebtedness of political subdivisions.

(a) Neither the county, the districts, the State, nor any municipality other than the Authority shall, except as may otherwise be authorized by the Board of Directors of the Authority and the governing body of the particular governmental entity, in any event be liable for the payment of the principal of, premium, if any, or interest on any bonds, notes or refunding bonds of the Authority or for the performance of any pledge, obligation, or agreement of any kind whatsoever which may be undertaken by the Authority, and none of the bonds, notes or refunding bonds of the Authority or any of its agreements or obligations shall be construed to constitute an indebtedness of the State, or any municipality within the meaning of any constitutional or statutory provision whatsoever.

(b) Bonds, notes or refunding bonds of the Authority shall not constitute a debt or a pledge of the faith and credit of the State or any municipality, except as may otherwise be authorized by the governing body of the county, district or municipality, and the holders or owners of such bonds shall have no right to have taxes levied by any municipality, the State or any other taxing authority within the State for the payment of principal of, premium, if any, and interest on such bonds, but shall be payable solely from revenues and monies pledged for their payment.

(c) Except as may otherwise be authorized by the governing body of the county or district(s) as specified hereinabove, all such bonds shall contain on the face thereof a statement to the effect that the bonds, refunding bonds or notes are not a debt of the State or any municipality or any other taxing authority within the State, but are payable solely from revenues and monies pledged to the payment thereof.

SECTION 13. Disposition of Funds.

No part of the net earnings of the Authority remaining after payment of its expenses shall inure to the benefit of any persons except that, at such times as no bonds, note or refunding bonds of the Authority are outstanding and unpaid and adequate provision has been made for the full payment of all liabilities, obligations and contracts of the Authority, and the Authority shall have, by operation of law, been

terminated, any assets of the Authority, to the extent not necessary for such purposes, shall be paid to the county, to the districts, and to any municipality represented on the Board, in equal proportions. To the extent allowed by this act, nothing herein contained shall prevent the Board from transferring its properties in accordance with the terms of any contract, agreement, or covenant entered into or undertaken by the Authority.

SECTION 14. Budget: annual audits; contracting procedures; personnel procedures.

(a) The Board shall annually establish and adopt a budget for the Authority.

(b) The Board shall cause to be prepared each fiscal year an annual audit of the books and records of the Authority. (b) The districts may enter into agreements with the Authority for the orderly transfer of all or any part of its system and to enter into agreement for the Authority to assume, to pay or to refund bonds, refunding bonds and notes issued by the districts or loan agreements entered into by the districts to acquire, construct or equip all or any part of a system.

(c) The districts are authorized to advance, donate or lend money to the Authority and to provide that funds available to it for a system shall be paid to the Authority.

(d) A utility district shall have the same right to enter into any agreement with the Authority that the Board deems necessary to carry out the purposes of this act, as the utility district has to enter into similar agreements with water and wastewater treatment authorities as provided by Tennessee Code Annotated Title 68, Chapter 221, Page 6, and as provided by the Utility District Law, Tennessee Code Annotated Title 7, Chapter 82.

SECTION 16. Powers of the County.

(e) The county has the power to enter into any other agreement with the Authority that the Board deems necessary to carry out the provisions of this act.

SECTION 17. Powers not restricted.

Neither this act nor anything herein contained shall be construed as a restriction or a limitation upon any powers which a county, city or utility district might otherwise have under any laws of this State, but shall be construed as cumulative of and supplemental to any such powers. No proceeding, notice, or approval

shall be required with respect to the issuance of any bonds, refunding bonds or notes of the Authority or any instrument as security therefor except as provided in this act, any law to the contrary notwithstanding; provided, however, nothing herein shall be construed to deprive the State of Tennessee and its governmental subdivisions of their respective police powers, or to impair any power of any official or agency of said State and its governmental subdivisions which may be otherwise provided by law.

SECTION 18. Agreements with the Authority.

The Authority is hereby authorized, whenever the same shall be found desirable by its Board, to enter into contracts, agreements or other arrangements with any municipality regarding a system, any facility, or any service of the Authority. Provided, however, that the continued operation of any utility district entering into an agreement with the Authority, including the districts, as provided in Section 18 of this act, shall be in compliance with the Utility District Law, Tennessee Code Annotated, Title 7, Chapter 82.

(a) Upon the acquisition of the City's water system and wastewater system, the Authority shall have the exclusive right to provide water and wastewater service within the City's municipal boundaries at the time of the acquisition and as its municipal boundaries are expanded by annexation or any other means.

(b) Upon the acquisition of the Districts, the Authority shall have the exclusive right to provide water and wastewater service within the geographic boundaries of the Districts as they existed on the date of the acquisition.

(e) The general manager shall attend all meetings of the board.

(f) The general manager shall perform all other duties as directed by the board.

SECTION 9. Condemnation and Eminent Domain.

The Authority may condemn in its own name any land, rights in land, easements, and/or rights-of-way, which in the judgment of the board are necessary for carrying out the purposes for which the Authority is created. Such property or interest in such property may be so acquired whether or not the same is owned or held for public use by persons having the power of eminent domain, or otherwise held or used for public purposes; provided, however, such prior public use will not be interfered with by the use to which such property will be put by the Authority. Such power of condemnation may be exercised in the manner prescribed by any applicable statutory provisions now in force or hereafter enacted for the exercise of the power of eminent domain.

SECTION 10. Rates, Fees, and Charges.

(a) The board shall prescribe and collect reasonable rates, fees, and charges for the services, facilities, and commodities of any system and shall revise such rates, fees, and charges from time to time whenever necessary to ensure that any Authority's water and wastewater systems shall be and always remain self-supporting. The rates, fees, or charges prescribed shall be such as will always produce revenue at least sufficient:

(1) To provide for all expenses of operation and maintenance of the system, including reserves therefor;

(2) To pay when due all bonds, notes, and interest and premium thereon for the payment of which such revenues are or shall have been pledged, charged, or otherwise encumbered, including reserves therefor; and

(3) To provide for the extension or improvement of the system.

SECTION 11. Notes of the Authority.

(a) By resolution adopted by the board, the Authority may issue interest-bearing bond anticipation notes for all purposes for which bonds can be legally authorized and issued by the Authority. Such notes shall be secured by the proceeds from the sale of the bonds in anticipation of which the notes are issued and shall be secured by a lien upon the revenues of the Authority's system on a parity with the bonds in anticipation of which such notes are issued. In no event shall the amount of outstanding bond anticipation notes exceed the principal amount of the bonds to be issued by the Authority. The notes shall mature not later than two (2) years from their date of issuance and may be extended or renewed for not more than two (2) additional periods of two (2) years each by resolution of the board and the issuance of renewal or extension notes.

(b) Notes shall be sold at public or private sale for such price and in such manner as the board may direct. Notes may be sold in one (1) or more series, may bear such date or dates, may bear interest at such rate or rates (which may vary from time to time), may be payable at such time or times, may be in such denomination or denominations, may be in such form, either coupon or registered, may be payable at such place or places, may be executed in such manner, may be payable in such medium of payment, may be subject to such terms of redemption, without a premium or, for notes sold for not less than the par value thereof and accrued interest, without or with a premium, all as may be provided by resolution of the board.

(c) Notes shall be executed in the name of the Authority by the proper officials authorized to execute the same, together with the seal of the Authority attached thereto.

(d) The proceeds arising from the sale of such notes shall be disbursed as provided by the resolution authorizing the issuance of the notes. As used in this section, the term "bond anticipation notes" includes interim certificates or other temporary obligations, which may be issued by the Authority to the purchaser of such notes upon the terms and conditions herein provided. When the bonds are issued and sold, a sufficient amount of the proceeds of the bonds shall be applied to the payment of the notes at their maturity or upon their earlier redemption as directed by the board by resolution.

(e) The Authority herein granted to issue "bond anticipation notes" also includes the issuance of "grant anticipation notes," to be secured by the grant in anticipation of which such notes are issued, with all provisions of this section being applicable to such grant anticipation notes.

SECTION 12. Bonds of the Authority.

(a) The Authority shall have the power to issue bonds from time to time to finance the construction, purchase, acquisition, extension, and improvement of one (1) or more systems. All bonds issued shall be payable solely out of the revenues and receipts derived from the system for which such bonds are issued or as may be designated in the proceedings under which the bonds shall be authorized to be issued. Such bonds may be issued in one (1) or more series, may be executed and delivered at any time and from time to time, may be in such form and denomination and of such terms and maturities, may be subject to redemption prior to maturity either with or without premium, may be in fully registered form, may bear such conversion privileges and be payable in such installments and at such time or times not exceeding forty (40) years from the date thereof, may be payable at such place or places whether within or without the State of Tennessee, may bear interest at such rate or rates payable at such time or times and at such place or places and evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided in the proceedings whereunder the bonds shall be authorized to be issued.

(b) Bonds may be sold at public or private sale for such price and in such manner and from time to time as may be determined by the board to be most advantageous, and the Authority may pay any and all expenses, premiums, and commission, which its board may deem necessary or advantageous in connection with the issuance thereof.

(c) All bonds and the interest applicable thereto are hereby made and shall be construed to be negotiable instruments.

(d) Interim certificates or notes or other temporary obligations pending the issuance of revenue bonds shall be payable out of proceeds of bonds or other funds of the Authority available for such purpose.

(e) Proceeds of bonds may be used for the purpose of constructing, acquiring, reconstructing, improving, equipping, furnishing, bettering, or extending a system, including the payment of interest on the bonds during construction of any project for which bonds are issued and for two (2) years after the estimated date of completion, the payment of engineering, fiscal, architectural, bond insurance, and legal expenses incurred in connection therewith and the issuance of bonds, and the establishment of a reasonable reserve fund for the payment of principal of and interest on such bonds if a deficiency occurs in the revenues and

receipts available for such payment.

SECTION 13. Refunding Bonds of the Authority.

(a) Any bonds at any time outstanding may at any time and from time to time be funded by the issuance of refunding bonds in such amount as the board may deem necessary, but not exceeding the sum of the following:

- (1) The principal amount of the bonds being refinanced;
- (2) Applicable redemption premiums thereon;
- (3) Unpaid interest on such bonds to the date of delivery or exchange of the refunding bonds;
- (4) If the proceeds from the sale of the refunding bonds are to be deposited in trust as hereinafter provided, interest to accrue on such obligations from the date of delivery to the first or any subsequent available redemption date or dates elected, in its discretion, by the board, or to the date or dates of maturity, whichever shall be determined by the board to be the most advantageous or necessary to the Authority;
- (5) A reasonable reserve for the payment of principal of and interest on such bonds and/or a renewal and replacement reserve;

(6) If the project to be constructed from the proceeds of the obligations being refinanced has not been completed, an amount sufficient to meet the interest charges on the refunding bonds during the construction of such project and for two (2) years after the estimated date of completion (but only to the extent that interest charges have not been capitalized from the proceeds of the obligations being refinanced); and

(7) Expenses, premiums, and commissions of the Authority, including bond discounts deemed by the board to be necessary for the issuance of the refunding bonds. A determination by the board that any refinancing is advantageous or necessary to the Authority or that any of the amounts provided in the preceding sentence shall be included in such refinancing, or that any of the obligations to be refinanced shall be called for redemption on the first or any subsequent available redemption date or permitted to remain outstanding until their respective dates of maturity, shall be conclusive.

(b) Any such refunding may be affected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by the exchange of the refunding bonds for the bonds to be refunded thereby with the consent of the holders of the bonds to be refunded, or by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds refunded thereby, and regardless of whether or not the bonds to be refunded were issued in connection with the same projects or separate projects, and regardless of whether or not the bonds proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise.

(c) At the time of delivery of the refunding bonds, the bonds to be refunded will not be retired or a valid and timely notice of redemption of the outstanding bonds is not given in accordance with the resolution, indenture, or other instrument governing the redemption of the outstanding bonds, then, prior to the issuance of the refunding bonds, the board shall cause to be given adequate notice of its intention to issue the refunding bonds. The notice shall be given either by mail to the owners of all the outstanding bonds to be refunded at their addressees shown on the bond registration records for the outstanding bonds, or given by publication, or by such other means that may be deemed sufficient pursuant to the laws of this State. The notice shall set forth the estimated date of delivery and refunding of the bonds, and identify the bonds, or the individual maturities thereof, proposed to be refunded; provided, that if portions of individual maturities are proposed to be refunded, the notice shall identify the maturities subject to partial refunding and the aggregate principal amount to be refunded within each maturity. If the issuance of the refunding bonds does not occur as provided in the notice, the governing body shall cause notice thereof to be given as provided above. Except as otherwise set forth in this section, the notice required pursuant to this section shall be given whether or not any of the bonds to be refunded are to be called for redemption.

(d) If any of the obligations to be refunded are to be called for redemption, notice of redemption shall be given in a manner required by the proceedings authorizing such outstanding obligations.

(e) The principal proceeds from the sale of any refunding bonds shall be applied only as follows, either:

- (1) To the immediate payment and retirement of the bonds being refunded; or
- (2) To the extent not required for immediate payment of the bonds being refunded, such proceeds shall be deposited in trust to provide for the payment and retirement of the bonds being refunded and to pay any expenses incurred in connection with such refunding, but provisions may be made for the pledging and disposition of any surplus, including, without limitation, provisions for the pledging of any such surplus to the payment of the principal of, premium, if any, and interest on any issue or series of

refunding bonds. Money in any such trust fund may be invested in the discretion of the board.

(f) Nothing herein shall be construed as a limitation on the duration of any deposit in trust for the retirement of obligations being refunded, but which shall not have matured and which shall not be presently redeemable or, if presently redeemable, shall not have been called for redemption.

SECTION 14. Security for Payment of Bonds and Notes.

(a) The principal of, premium, if any, and interest on any bonds, refunding bonds, and notes may be secured by a pledge of revenues and receipts of the Authority's system. The proceedings under which the bonds, refunding bonds, or notes are authorized to be issued may contain any agreements, provisions, and covenants respecting the maintenance of such system or other facilities covered thereby, the fixing and collection of rates, fees, or charges with respect to any system or portions thereof covered by such proceedings, the creation and maintenance of special funds from such revenues and from the proceeds of such bonds, refunding bonds, and notes and the rights and remedies available in the event of default, all as the board shall deem advisable and not in conflict with the provisions of this act. To the extent provided in the proceedings authorizing any bonds, refunding bonds, or notes, each pledge and agreement made for the benefit of security of any of the bonds, refunding bonds, or notes shall continue in effect until the principal of and interest on the bonds, refunding bonds, or notes for the benefit of which the same were made shall have been fully paid or adequate provision for the payment thereof shall have been made by the Authority. In the event of a default in such payment or in any agreements of the Authority made as part of the proceedings under which the bonds, refunding bonds, or notes were issued, such payment or agreement may be enforced by suit, mandamus, or the appointment of a receiver in equity, or the proceedings under which the bonds, refunding bonds, or notes are issued.

(b) The board may designate the appropriate officials to execute all documents necessary to guarantee or in any other manner to secure the payment of the bonds or notes of the Authority; provided, however, the approval of the governing body of the County or City to such guarantee or security shall have been obtained before the execution of such documents. Provided, further, that prior to any meeting where such authorization will be considered by the governing body of the County or City, the governing body shall cause reasonable public notice to be published describing the matter to be considered and containing an estimate of the dollar amount of any contingent liability by the County or City as such authorization is given.

(c) Bonds, notes, or refunding bonds may constitute a joint obligation of the Authority and the County or City. Any such bond, note, or refunding bond upon which the County or City is jointly obligated with the Authority may be secured by the full faith and credit and unlimited ad valorem taxing power of the County or City. Bonds, notes, or refunding bonds issued as a joint obligation of the Authority and the County or City shall be issued in the form and manner set forth in Tennessee Code Annotated, Title 9, Chapter 21, Parts 1, 2, and 9, where applicable, and in the event of a conflict between this act and Tennessee Code Annotated, Title 9, Chapter 21, Parts 1, 2, and 9, then the provisions of Tennessee Code Annotated, Title 9, Chapter 21, Parts 1, 2, and 9 shall prevail. Notes issued as a joint obligation of the Authority and the County or City shall be issued in the form and manner set forth in Tennessee Code Annotated, Title 9, Chapter 21, Parts 1, 4, and 5, where applicable, and in the event of a conflict between this act and Tennessee Code Annotated, Title 9, Chapter 21, Parts 1, 4, and 5, then Tennessee Code Annotated, Title 9, Chapter 21, Parts 1, 4, and 5 shall prevail.

(d) Any bond, note, or refunding bond issued under this act may be secured by a mortgage or deed of trust covering any or all part of the property, real or personal, of the Authority. Any pledge, of lien, on revenues, fees, rents, tolls, or other charges received or receivable by any local government to secure the payment of any bonds, notes, or refunding bonds issued pursuant to the act and the interest thereon, shall be valid and binding from the time that the pledge or lien is created and granted and shall inure to the benefit of the holder or holders of any such bonds, notes, or refunding bonds until payment in full of the principal and premium and interest thereon. Neither the resolution nor any other instrument granting, creating, or giving notice of the pledge of a lien or other such security interest, need be filed or recorded to preserve or protect the validity or priority of such pledge or lien.

SECTION 15. Exemption from Taxation and State Regulation.

(a) The Authority, its properties, and the income and revenues therefrom shall be exempt from all State, County, and municipal taxation. All bonds, notes, and refunding bonds issued by the Authority and the income therefrom shall be exempt from all State, County, and municipal taxation, except inheritance, transfer, and estate taxes, or except as otherwise provided by the laws of this state.

(b) The Authority is subject to regulation by the Water and Wastewater Financing Board under Tennessee Code Annotated, Section 68-221-1008. The Authority is subject to regulation by the Department of Environment and Conservation as a public water supply and public sewerage system.

SECTION 16. Liability and Indebtedness of Political Subdivisions.

(a) Neither the State, any county, or any municipality other than the Authority shall, except as may otherwise be authorized by the board of the Authority and the governing body of the County or City, in any event be liable for the payment of the principal of, premium, if any, or interest on any bonds, notes, or refunding bonds of the Authority or for the performance of any pledge, obligation, or agreement of any kind whatsoever that may be undertaken by the Authority, and none of the bonds, notes, or refunding bonds of the Authority or any of its agreements or obligations shall be construed to constitute an indebtedness of the State, any county, or any municipality within the meaning of any constitutional or statutory provision whatsoever.

(b) Bonds, notes, or refunding bonds of the Authority shall not constitute a debt or a pledge of the faith and credit of the State, any county, or any municipality, except as may otherwise be authorized by the governing body of the County or City, and the holders or owners of such bonds shall have no right to have taxes levied by any county, municipality, the State, or any other taxing authority within the State for the payment of principal of, premium, if any, and interest on such bonds, but shall be payable solely from revenues and monies pledged for their payment.

(c) Except as may otherwise be authorized by the governing body of the County or City, all such bonds shall contain on the face thereof a statement to the effect that the bonds, refunding bonds, or notes are not a debt of the State, any county, any municipality, or any other taxing authority within the State, but are payable solely from revenues and monies pledged to the payment thereof.

SECTION 17. Disposition of Funds.

No part of the net earnings of the Authority remaining after payment of its expenses shall inure to the benefit of any persons except that, at such times as no bonds, notes, or refunding bonds of the Authority are outstanding and unpaid and adequate provision has been made for the full payment of all liabilities, obligations, and contracts of the Authority, and the Authority shall have, by operation of law, been terminated, any assets of the Authority, to the extent not necessary for such purposes, shall be paid to the County and the City in equal proportions. To the extent allowed by this act, nothing herein contained shall prevent the board from transferring its properties in accordance with the terms of any contract, agreement, or covenant entered into or undertaken by the Authority.

SECTION 18. Budget and Annual Audit.

(a) The board shall annually establish and adopt a budget for the Authority.

(b) The board shall cause to be prepared each fiscal year an annual audit of the books and records of the Authority. The Comptroller of the Treasury, through the Department of Audit, is responsible for determining that such audits are prepared in accordance with generally accepted governmental auditing standards. A copy of such annual audit shall be filed with the office of the County Mayor of Cumberland County and the Mayor of the City of Crossville.

SECTION 19. Powers of the Districts.

(a) The Districts may take all actions hereunder by resolution of its governing body. The Districts shall have all powers necessary in order to further the purposes of this act, including without limitation, the power to consolidate with the Authority, the power to contract with the Authority, and the power to sell, lease, dedicate, donate, or otherwise convey to the Authority any of its interests in any existing water and wastewater system, franchises, assets, liabilities, or other related property, whether real or personal, or mixed, tangible or intangible, and whether or not subject to mortgages, liens, charges, or other encumbrances, or grant easements, licenses, or other rights or privileges therein to the Authority.

(b) The Districts may enter into agreements with the Authority for the orderly transfer of all or any part of its system and to enter into agreement for the Authority to assume, pay, or refund bonds, refunding bonds, and notes issued by the districts or loan agreements entered into by the districts to acquire, construct, or equip all or any part of a system.

(c) The Districts are authorized to advance, donate, or lend money to the Authority and to provide that funds available to it for a system shall be paid to the Authority.

(d) The Districts shall have the same right to enter into any agreement with the Authority that the board deems necessary to carry out the purposes of this act, as the Districts have to enter into similar agreements with water and wastewater treatment authorities as provided by Tennessee Code Annotated, Title 68, Chapter 221, Part 6, and as provided by the Utility District Law, compiled in Tennessee Code Annotated, Title 7, Chapter 82.

SECTION 20. Powers of the County.

(a) The County may take all actions hereunder by resolution of its governing body. The County shall have

all powers necessary to further the purposes of this act, including, without limitation, the power to sell, lease, dedicate, donate, or otherwise convey to the Authority any of its interests in any existing water and wastewater system, franchises, assets, liabilities, or other related property, whether real or personal, or mixed, tangible or intangible, and whether or not subject to mortgages, liens, charges, or other encumbrances or grant easements, licenses, or other rights or privileges therein to the Authority, and to contract with the Authority.

(b) The County, through its governing body, is authorized to issue joint obligations with the Authority and to pledge its full faith and credit and unlimited taxing power to such bonds, notes, or refunding bonds and to guarantee the bonds, notes or refunding bonds as set forth in Section 14.

(c) The County may enter into agreements with the Authority for the orderly transfer of all or any part of its system and to enter into agreements with the Authority for the Authority to assume, to pay, or to refund bonds, refunding bonds, and notes issued by the County or loan agreements entered into by the County to acquire, construct, or equip all or any part of a system.

SECTION 21. Powers of the City.

(a) The City may take all actions hereunder by resolution of its governing body. The City shall have all powers necessary to further the purposes of this act, including, without limitation, the power to sell, lease, dedicate, donate, or otherwise convey to the Authority any of its interests in any existing water and wastewater system, franchises, assets, liabilities, or other related property, whether real or personal, or mixed, tangible or intangible, and whether or not subject to mortgages, liens, charges, or other encumbrances or grant easements, licenses, or other rights or privileges therein to the Authority and to contract with the Authority.

(b) The City, through its governing body, is authorized to issue joint obligations with the Authority and to pledge its full faith and credit and unlimited taxing power to such bonds, notes, or refunding bonds and to guarantee the bonds, notes, or refunding bonds as set forth in Section 14.

(c) The City may enter into agreements with the Authority for the orderly transfer of all or any part of its system and to enter into agreements with the Authority for the Authority to assume, to pay, or to refund bonds, refunding bonds, and notes issued by the County or loan agreements entered into by the City to acquire, construct, or equip all or any part of a system.

SECTION 22. Powers not restricted.

Neither this act nor anything herein contained shall be construed as a restriction or a limitation upon any powers that a county, city, or utility district might otherwise have under any laws of this State, but shall be construed as cumulative of and supplemental to any such powers. No proceeding, notice, or approval shall be required with respect to the issuance of any bonds, refunding bonds, or notes of the Authority or any instrument as security therefor except as provided in this act, any law to the contrary notwithstanding; provided, however, nothing herein shall be construed to deprive the State of Tennessee and its political subdivisions of their respective police powers, or to impair any power of any official or agency of said State and its political subdivisions, which may be otherwise provided by law.

SECTION 23. Agreements with the Authority.

(a) The Authority is hereby authorized, whenever the same shall be found desirable by its board, to enter into contracts, agreements, or other arrangements with any municipality regarding a system, any facility, or any service of the Authority. Any such contract or agreement may extend for any period not exceeding forty (40) years from the date thereof.

(b) Any municipality seeking to enter into such agreement with the Authority shall have the same rights and liabilities as it would otherwise have in entering into a similar agreement with a water and wastewater treatment authority as provided by Tennessee Code Annotated, Title 68, Chapter 221, Part 6, and as provided by the Utility District Law, compiled in Tennessee Code Annotated, Title 7, Chapter 82.

SECTION 24. Liberal Construction.

The provisions of this act shall be liberally construed to affect the purposes thereof, and insofar as the provisions of this act may be inconsistent with the provisions of any other law, the provisions of this act shall be controlling.

SECTION 25. Severability.

If any provision of this act or the application thereof to any person or circumstance is held to be invalid, such invalidity shall not affect any other provision or application of the act, which can be given effect without the invalid provision or application, and to that end, the provisions of this act are declared to be severable.

SECTION 26. Local Approval.

This act shall have no effect unless it is approved by a two-thirds (2/3) vote of the legislative body of Cumberland County pursuant to a resolution adopted by such body. Its approval or nonapproval shall be proclaimed by the presiding officer of the legislative body and certified to the secretary of state.

SECTION 27. Effective Date.

Passed: May 5, 2022.

Administration - Historical Notes

County Clerk

The following act once affected the office of county clerk in Cumberland County. It is included herein for historical purposes.

1. Private Acts of 1943, Chapter 364, authorized the Quarterly County Court of Cumberland County to settle with Powell D. Garrison, a former County Court Clerk, for his ex-officio fees arising during his term of office from September 1, 1934 to January 1, 1943, at an amount not to exceed \$50 per quarter retroactive to the first date. The Act states that the County Court Clerk before Garrison was paid these fees, but Garrison did not apply for them and so was not paid any ex-officio fees although it was common practice in the State to do this.

County Executive

The references below are of acts which once applied to the office of county judge, or county executive in Cumberland County. They are included herein for historical purposes only. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1855-56, Chapter 253, created the position of County Judge, who would be learned in the law and elected by the people to four year terms. Quorum courts were abolished and all their powers, authority, and responsibility were transferred to the County Judge. He was further given the duties of the Chairman to preside over the meetings of the Quarterly County Court. He would hold the County Court, monthly, on the first Monday. The Act prescribed the jurisdiction of the County Court and set the salary of the Judge at \$5 per day for every day the Court met, but the Quarterly County Court could pay more, if it desired. The County Judge would also serve as the accounting officer and general agent of the County. This Act was repealed by Acts of 1857-58, Chapter 5.
2. Acts of 1889, Chapter 132, created the office of County Judge for Cumberland County who would be at least thirty years old, learned in the law, a citizen of Cumberland County and a person of good moral character who would be elected by the people for a term of eight years. The first election would take place when the next regular election for county officials was held in August, 1890. He would have all the power and jurisdiction and perform all the obligations conferred upon other County Judges. He would likewise be vested with all the powers and duties of the Chairman of the County Court for which he would be paid a salary of \$250 per year. Court System - Historical Notes

Board of Jury Commissioners - Jurors

The following acts once affected jurors or boards of jury commissioners in Cumberland County, but are no longer operative. Also referenced below is an act which repeals prior law without providing new substantive provisions.

1. Private Acts of 1915, Chapter 565, provided that all jurors in Cumberland County shall receive \$2 daily for each days regular attendance on a jury, plus such mileage and ferriage as was allowed under the law.
2. Private Acts of 1915, Chapter 645, created a Board of Jury Commissioners for Cumberland County. The Board would consist of three discreet men, freeholders or householders, residents of the County for at least three years and who were not county officials or lawyers. They would be appointed by the Circuit or Criminal Court Judge of the county and serve for two years after being sworn into office, and accept certain conditions and obligations as stated in the oath. After selecting a Chairman and Secretary, the Board would meet on the first Wednesday of each month preceding the month in which Court was to start and select 36 names from the tax rolls of the county to be on the jury list. Each member would file 12 names for the jury list which had been agreed upon by the other two members. The Clerk would place all 36 names in a well bound book as a permanent record. The list would be certified in language set out in the act and the whole thing signed by the members. The grand and petit juries would be made up from this list. Provisions are made for the remaining members to carry on if one or more are absent from the meetings.
3. Private Acts of 1917, Chapter 747, amended Private Acts of 1915, Chapter 645, so as to have the same apply to Sequatchie County. This act was repealed by Private Acts of 1919, Chapter 170.
4. Private Acts of 1925, Chapter 637, created a Board of Jury Commissioners for Cumberland County consisting of one member from each civil district who would be appointed by the Circuit Judge to serve 2 years. The Clerk of the Circuit Court would be the ex-officio Clerk of the Commission.

The Commission would select a list of 300-500 names from the tax rolls of the county from which the jury lists would be drawn. The Commission, or the Judge, may call a meeting of the Commission if the jury list were depleted during the two year terms. The minutes of the meeting and the list of jurors would be kept in a well bound book. The names would also be written on a scroll and placed in a box which would be sealed until time to draw out the names. From 10 to 15 days before opening court, the seal would be broken and a child under ten years of age would draw 42 names from the box in the presence of the Commission. This list would be certified to the Circuit Court Clerk who would transmit it to the Sheriff five days before the term of court opened, in order for him to summon them. If these were not enough names, then more could be drawn in the presence of the Judge in open court.

5. Private Acts of 1937, Chapter 208, amended Private Acts of 1925, Chapter 637, in several particulars, in Section 5 by making jury lists subject to an annual drawing rather than biennial; in Section 10, by adding "or Chancery Court," after the word "Judge"; and then it added a new Section 20 which provided 18 names to the Chancellor to serve as jurors in the Chancery Court if any case being heard therein required jurors.

Circuit Court - Clerk

The following act has no current effect, but once applied to the Cumberland County Circuit Court Clerk. It was repealed, superseded, or never received local approval.

1. Acts of 1903, Chapter 255, was a statewide salary act for Circuit Court Clerks. Cumberland County would have paid their Circuit Court Clerk \$500 per year under this statute and he would be required to file a sworn itemized statement showing all the fees collected in the office. If the fees were less than the salary, the county would pay the difference, but, if they exceeded that sum, the Clerk could retain the excess.

Education/Schools - Historical Notes

Board of Education

The following acts once affected the board of education in Cumberland County but are no longer operative. Also referenced below is an act which repeals prior law without providing new substantive provisions.

1. Acts of 1907, Chapter 236, abolished the District Directors in every county of Tennessee and placed the school systems under County Boards of Education and District Boards of Advisors. The County Court would divide each county into five school districts composed of whole civil districts, as nearly equal in population or territory. One member of the Board of Education would be elected from each district, and, if the districts were less than five, from the county at large. The Board would select a Chairman whose duties and responsibilities were specified in the Act. The County Superintendent would be the ex-officio secretary. The power and authority of the Board were specified in this Act. Every Board member would report to the Superintendent on a scholastic census in his district and upon the condition of the physical facilities. The Board members would be paid between \$1.50 to \$3 per day for their services for not more than 30 days a year. The obligations of the Advisory Board, who were elected by the voters of the districts, three per Civil district, for two year terms, were specified.
2. Private Acts of 1927, Chapter 210, amended Public Acts of 1925, Chapter 115, a statewide school law by adding a paragraph at the end of Section 6 which provided for a nine member Board of Education in Cumberland County, and one member from each Civil District and one from the county at large, who would be elected by the County Court for a two year term and every two years thereafter.
3. Private Acts of 1931, Chapter 663, also amended Public Acts of 1925, Chapter 115, by providing for only five members of the Board of Education from the county at large who would have five year terms. The Act names C. E. Keys, as Chairman, to serve to the regular term of the County

Court in January, 1936; A. L. Tabor, to serve until January, 1935; Mrs. T. A. Day, to serve until January, 1934; S. E. Knox, to serve until January, 1933; and M. L. Taylor to serve until January, 1932. This Act was repealed specifically by Private Acts of 1933, Chapter 421.

4. Private Acts of 1957, Chapter 342, created three Educational Districts in Cumberland County. Two members from each District would be elected to the Board of Education plus one member elected at large. Board members would be paid \$6 per day for their attendance at Board meetings. This Act did not receive local approval and never became effective.

Superintendent or Director of Schools

The acts referenced below once affected the office of superintendent of education in Cumberland County, but are no longer operative. Also referenced below is an act which repeals prior law without providing new substantive provisions.

1. Private Acts of 1941, Chapter 420, provided that the County Superintendent shall be elected at the regular biennial election in August, 1942, and take office September 1 following his election, serving for two years, at a salary of \$2,000 a year, half to be paid by the State and half by the county.
2. Private Acts of 1943, Chapter 160, provides that the County Superintendent of Education in Cumberland County shall be elected at the regular July session of the Quarterly County Court in July, 1944, take office on the following September 1, and serve for a term of four years at a salary of \$2,500 annually, shared evenly by county and state. The incumbent would finish his term which would expire on September 1, 1944. This Act was repealed by Private Acts of 1951, Chapter 77.

General Reference

The following acts constitute part of the administrative and political heritage of the educational structure of Cumberland County but are no longer operative since they have either been superseded, repealed, or failed to receive local approval. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1905, Chapter 488, created thirteen school districts in lieu of the four school districts then existing. The boundaries of the thirteen school districts would coincide with those of the former Civil Districts before they were reduced to four by Private Acts of 1903, Chapter 599. The directors of the four school districts would remain in office, in whatever district their residence placed them until their terms expired.
2. Private Acts of 1909, Chapter 494, was a compulsory school attendance law for several counties, including Cumberland, requiring all children from 8 to 14 years of age to attend some school for at least four months or eighty consecutive school days in a year. Parents, or guardians, were responsible for seeing that the law was met. Some exceptions of disability, hardship cases, and private tutorship were recognized. Certain school officials could excuse a child, but not more than 2 days a month. Failure to comply subjected the guilty parent or guardian to a fine, and adequate reports of all absences, and copies of excuses, must be made to the Board of Education. The Superintendent of school shall notify the parent when a child is absent from school.
3. Private Acts of 1909, Chapter 544, was a compulsory attendance law for Cumberland County. Parents and guardians of children between the ages of 8 and 16 must have them in school for 80 days, or 16 weeks, if schools are open that long, unless excused under conditions enumerated in the Act. The County would furnish books and clothes to poor children who could not attend school for those reasons. School officials must submit proper reports to the Board of Education regarding absenteeism of all students. Parents and guardians, guilty of non-compliance, could be fined from \$10 to \$50 for each offense, and each day would constitute a separate offense.
4. Private Acts of 1921, Chapter 56, recited in the preamble that citizens had contributed large sums with which to purchase 440 acres of land at Crossville on which the Methodist Episcopal Church, South, was to build a school for the benefit of all citizens, and that the County Court had previously authorized an appropriation of \$2,500 to the Vocational School provided it was located in Cumberland County and that the General Assembly would approve their action. This Act ratified, approved, and validated the appropriation.
5. Private Acts of 1921, Chapter 398, authorized the County Court of Cumberland County to pay the American Missionary Association, which planned to expand its school with a \$100,000 improvement program, the sum of \$300 a year for five years provided the said Association had spent as much as \$20,000 on its program during the prior year, and, provided further, that the General Assembly would approve the appropriation. This Act did approve the action.
6. Private Acts of 1925, Chapter 483, created the Mayland Special School District out of part of the

Second Civil District of Cumberland County, the boundaries of the district being described therein. The School Board would consist of three members, elected by the people of the district, who would serve two year terms, be of good moral character, twenty-five years or older, and have at least an elementary school education. The Board members were the corporate directors of the school district but would receive no pay other than that the Secretary could get the expense of the school census paid to him. The powers and duties of the Board were enumerated in the Act. The Trustee would pay to the district their pro rata share of general county education funds, and, in addition, a tax would be levied in the district of 20 cents on \$100 of property valuation, plus a \$1 poll tax, to provide money for the school. No more than 25% of the tax would be used for debt service. All children from 6 to 21 may attend and at no cost to them. This Act was repealed expressly by Private Acts of 1931, Chapter 690,, and by Private Acts of 1927, Chapter 349.

7. Private Acts of 1925, Chapter 643, created the "Crossville Special School District" of Cumberland County whose boundaries were described in the Act. A Board of School Directors composed of three members was incorporated who would receive no pay except the Secretary who could collect his expenses for taking the required school census. They would be elected for two year terms in August, 1928, and A. L. Garrison and T. E. Measamer were named as two to serve until then. The Board members must be at least 30 years old, residents of the district, of good moral character and have a high school education. Their powers and duties were specified. A tax not to exceed 50 cents per \$100, and a poll tax of \$1, which could be raised to \$2 the following year, were authorized to provide funds.
8. Private Acts of 1925, Chapter 651, is the same as Private Acts of 1925, Chapter 483, which created the Mayland Special School District. This Act was repealed by Private Acts of 1931, Chapter 690.
9. Private Acts of 1927, Chapter 349, amended Private Acts of 1925, Chapter 651, by changing the boundaries of the Mayland School District and by permitting a maximum of 75% of total revenue to be applied to school bonds instead of 25%. This Act was repealed by Private Acts of 1931, Chapter 690.
10. Private Acts of 1951, Chapter 53, states that Mrs. Cora J. Baldwin taught in the Woody School for the 1948-49 school year but was not paid because the Superintendent did not procure a permit for her. Her work was accepted, her pupils were counted and promoted, and all her records and paper work received and approved. They have recommended payment of \$1,165.60 which would have been her salary, if paid, for the nine month school year. This is to be considered enabling legislation permitting the Quarterly County Court to pay and the County Judge to issue a warrant to pay the above amount to Mrs. Baldwin.
11. Private Acts of 1957, Chapter 342, created three Educational Districts in Cumberland County by aligning them with the Road Districts. Each District, so constituted, would elect two members to the Board of Education for two year terms, and one member would be elected from the county at large, all of which elections would be conducted under the regular election laws of the state. The members of the Board would be paid \$6 per day. This Act was not approved locally and never became effective.

Highways and Roads - Historical Notes

The following is a listing of acts which once had some effect upon the county road system in Cumberland County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1839-40, Chapter 150, authorized Moses Thompson to cut and open a turnpike road, commencing at a point in Gordon's turnpike road, in the Grassy Cove in Bledsoe County, thence across Walden's Ridge to descend the mountain between Piney and the head of Van's Spring Creek.
2. Acts of 1859-60, Chapter 89, repealed Acts of 1839-40, Chapter 150, granting to Moses Thompson a charter for a turnpike road. This act grants a 25 year right to the road to William R. S. Thompson who was authorized to begin the road at a point on Worthinton S. Graves Turnpike Road in the Grassy Cove Community in Cumberland County and proceed across Walden's Ridge on the most direct and practical route to Rhea County.
3. Acts of 1901, Chapter 136, was perhaps the first statewide road law which established a pattern for most of those which followed even though some form of general road legislation had been on the books since the 1820's. The County Courts of the state's counties would select a road commissioner from each road district coextensive with the civil districts who would take an oath, make bond, serve for two years, and would have general supervision over all public roads and overseers in his district. The duties of the Courts, the Commission, the Chairman of the Commission, the Secretary of the Commissioners, and others connected to road departments were specified in the Act. All males, age 21 to 45, were required to work on the roads the number of days set by the County Court, under the immediate supervision of overseers who were appointed by the district commissioners. Prisoners were also made available to work the highways. Some specifications for roads and the mechanics of opening, closing, and changing roads were included. The county court could designate the roads to be worked under contract, and could levy a tax for road purposes. This act was the subject of a court suit in the case of Carroll v. Griffith, 117 Tenn. 500, 97 SW 66 (1906).
4. Acts of 1905, Chapter 478, amended Acts of 1901, Chapter 136, in several minor areas, but primarily in the procedures to open, change, or close a road by broadening the notices required, and by giving the landowner subject to eminent domain procedures an easier road to travel.
5. Private Acts of 1911, Chapter 352, made it possible for any five or more people in the county to obtain a Charter from the State under the mode now pointed out by law to build roads to be called traction engine roads over which to run traction engines for the purpose of hauling freight, lumber, logs, cross-ties, and all other sorts of general freight for profit. The power or eminent domain was conferred upon these companies, and it was a misdemeanor for anyone to use these roads, after they were built, without the consent of the owner.
6. Private Acts of 1915, Chapter 362, created a three member Board of Highway Commissioners to carry out the provisions of this Act authorizing a bond issue to construct certain roads.
7. Private Acts of 1917, Chapter 537, was a road law for Cumberland County. The County and Circuit Judges, and the Chancellor of the District would appoint 3 Road Commissioners who would initially serve two, four, and six year terms. Their successors would serve six year terms. Commissioner qualifications were set up and their duties specified which included the general oversight, management, and control of all public roads and bridges in the county. They would organize, select a Chairman, promulgate rules and regulations, and employ a Road Supervisor who also required to meet certain standards, to make oath and bond, who would devote full time to his duties and be responsible for the execution of all the road programs. He would act as Secretary to the Commissioners, keep records, be responsible for tools and equipment, work the jail prisoners as the law permitted, and perform such other duties as directed. The procedures to open, change, or close a road were stated and males, 21 to 45, must work five days a year or commute at the rate of seventy five cents for each day.
8. Private Acts of 1919, Chapter 748, set up a County Supervisor of Roads at a maximum salary of \$5 daily. His term was for two years, or until his successor was elected by the County Court; he must be at least 25 years of age, have a fair common school education and be experienced in road work. His bond was set at \$5,000. The District Supervisors for each District, elected by the County Court, would appoint overseers whose pay the County Court would set, who would be under \$2,000 bond and keep records of all money received and spent which would be open to inspection at all times. County prisoners could be worked on the roads as well as all males outside cities, age 21 to 50, would work five days, or commute at \$1.50 a day. The County Court

could levy a tax of not less than ten nor more than twenty-five cents per \$100 property valuation. Procedures were established for opening, closing, and changing roads, and to condemn property for road purposes. Carriers were also subject to road duty but could commute at a higher rate. All road funds would be apportioned to the districts. This Act was repealed specifically by Private Acts of 1939, Chapter 411.

9. Private Acts of 1921, Chapter 849, authorized the appointment by the County Judge, the Circuit Judge and the County Court Clerk of three commissioners to serve as the Road Commission. They would serve three year terms and would be paid \$4 per day plus expenses, be between 25 and 65 years of age, of good moral character and who would take and sign a written oath. Their powers and duties were specified. They could employ the Road Supervisor at \$4 daily and the District Supervisors at \$3 a day. Males outside cities were subject to work 10 hour days for five days. The tax rate for road purposes was from fifteen cents to twenty-five cents per \$100 property valuation. The act required one to purchase a license for the privilege of using the roads for commercial purposes according to a rate schedule in the law. The Trustee would keep the money and the records. This Act was repealed by Private Acts of 1935, Chapter 382.
10. Private Acts of 1923, Chapter 482 amended Private Acts of 1921, Chapter 849, to authorize the Board of Road Commissioners to expend funds to maintain roads radiating from the county site to the county lines and to promulgate rules for preserving the roads from damage due to heavy vehicles.
11. Private Acts of 1927, Chapter 157, repealed Section 7, Private Acts of 1921, Chapter 849, the Road Law for Cumberland County which was the Section requiring the privilege license for using the roads.
12. Private Acts of 1929, Chapter 209, amended Private Acts of 1921, Chapter 849, in Section 2 by removing the upper age limit for the Road Commissioners which was specified as 65 years of age in the law.
13. Private Acts of 1931, Chapter 92, amended Private Acts of 1921, Chapter 849, Cumberland's Road Law, by changing "County Court Clerk" in Section 1 to "Clerk and Master" and by requiring the County Judge to keep a record of the appointments to the Board of Road Commissioners all of which shall be open to inspection and all vacancies on the Commission shall be filled in thirty days. In Section 2, the Chairman of the Board shall be under \$10,000 performance bond. The Road Commission shall make a monthly report to the County Judge on the warrants drawn on each road fund and the purpose for which it was spent.
14. Private Acts of 1935, Chapter 382, expressly repeals Private Acts of 1921, Chapter 859. (The caption stated Chapter 849 which is the correct Act). This Act provided for the election by popular vote of one Road Commissioner. The Commissioner would appoint a secretary at no more than \$60.00 per month and his monthly salary could not exceed \$125. The Commissioner's bond was set at \$10,000 and the secretary's at \$2,500, Financial reports would be submitted to the County Court every quarter by the Commissioner who would have general oversight, management and control of the roads and bridges. He could make contracts for the roads and make purchases up to \$500. He would also dispense all road funds after receiving them from the Trustee. The Road Commissioner appoints the road overseers who will be paid no more than \$1.50 per day and exercise only such authority as the Commissioner delegates. Males between 21 and 45 were required to work as the County Court decided or commute under such terms as the court established. Some penalties for violations or failures to comply were fixed. This Act was repealed by Private Acts of 1937, Chapter 155.
15. Private Acts of 1937, Chapter 810, stated that the city of Crossville proposed to construct a lake for their water supply and for those adjacent parts of the county and for such a project to be carried out it was necessary to construct a road to make the lake accessible to the citizens by connecting it with the Lantana Road, the act authorized the Road Officials of the county to exceed their anticipated revenues in order to build the road and to borrow money up to \$5,000 a year and at interest rates of 6% or less. The County Judge was directed to honor the road officials requests for funds when they were within these limitations.
16. Private Acts of 1939, Chapter 412, created a County Road Commission of three members, one from each of the three Road Districts which were composed of whole civil districts enumerated in the Act. Floyd Wilson, Buck West, and T. R. Tollett were named as the first Commissioners to hold office until September 1, 1940 when their elected successors would take office for two year terms. The Commission would meet once a month in a room at the Courthouse, receive \$4 per day for their services, and they could not be a member of the County Court or interested in any of the road department's business affairs. The Commission had general jurisdiction over the roads

and bridges, and supervision of the funds coming to the road department. They could appoint foremen at \$3 a day for which they were declared eligible, could purchase on bid and award contracts, could employ an engineer and skilled workmen, work prisoners, and contract with the State or Federal governments. The Commissioners must reside in the zone they represent and be between 25 and 65 years of age. They may have the use of a pick-up truck and be furnished oil and gas while in the discharge of their duty.

17. Private Acts of 1951, Chapter 37, amended Private Acts of 1939, Chapter 412, in Section 5 by setting the pay of the Road Commissioner at \$200 per month but they would be paid only for actual days worked; by providing in Section 11 that the Road Commission could appoint as many Road Foreman as necessary. The Commission was allowed to employ a full-time secretary-bookkeeper who would keep financial records.
18. Private Acts of 1955, Chapter 145, established a County Road Commission composed of five members to manage the public road system of the county not part of the state highway system. County Road Commission was given the power to employ a County Road Superintendent under contract for up to two years. The act was approved by referendum. With its amendments, it was the basic road law for Cumberland County until it was repealed by Private Acts of 1986, Chapter 108.
19. Private Acts of 1955, Chapter 146, repeals Private Acts of 1939, Chapter 412, provided this Act was approved by a majority of voters in a referendum held for that purpose. The act makes it incumbent upon the election officials of the county to call for the election within 15 days after the Governor signed this Bill, and to hold the same between 20 and 40 days of the call. This Act was properly approved.
20. Private Acts of 1961, Chapter 150, amended Private Acts of 1955, Chapter 145, by raising the limit on the maximum compensation of the clerk from \$3,000 to \$3,600 per annum. This Act was not approved by the local authorities and never became operative law.
21. Private Acts of 1965, Chapter 72, amended Chapter 145 of the Private Acts of 1955 by increasing the compensation of the Clerk for the County Road Commission from \$3,000 to \$4,000 annually and similarly to increase the annual salary of the Road Superintendent from \$6,000 to \$8,000. The act received local approval.
22. Private Acts of 1970, Chapter 196, purported to amend Private Acts of 1955, Chapter 145, by increasing the compensation of Commissioners from \$10 to \$50 per meeting and raising the yearly limit from \$150 to \$750 per commissioner. The compensation of the Clerk was increased from \$3,000 to \$4,600 per annum. This Act was not approved at the local level and therefore did not become effective.
23. Private Acts of 1971, Chapter 121, amended Chapter 145 of the Private Acts of 1955, by increasing the annual compensation of the Clerk of the County Road Commission from \$4,000 to \$6,000. The act also increased the compensation of members of the Road Commission for each meeting from \$10 to \$15; increased the cap on the annual meeting compensation from \$150 to \$225. Also, the act redistricted the road districts from which Road Commissioners were elected for 1972 and subsequent elections. The act received local approval.
24. Private Acts of 1976, Chapter 229, amended Chapter 145 of the Private Acts of 1955, as amended by Chapter 121 of the Private Acts of 1971, increased the compensation of Road Commissioners for attending meetings to \$25 per meeting with a cap on annual compensation of \$450. The act received local approval.
25. Private Acts of 1977, Chapter 131, amended Private Acts of 1955, Chapter 145, so as to increase the annual salary of the Clerk for the County Road Commission from \$6,000 to \$9,000. This Act did not receive local approval and never became effective.

Sheriff

The following acts have no current effect but are included here for reference purposes since they once applied to the Cumberland County Sheriff's Office.

1. Acts of 1857-58, Chapter 153, Section 1, permitted the Sheriff of Cumberland County to appoint one additional Deputy Sheriff to assist him.
2. Private Acts of 1945, Chapter 577, sets the ex-officio fees to be paid to the Sheriff of Cumberland

County at \$1,800 per year payable monthly out of the general funds of the count, and these ex-officio fees would be all the Sheriff would receive.

Taxation - Historical Notes

Assessor of Property

The following acts were superseded, repealed or failed to win local ratification, but they are listed here as a reference to laws which once affected the Cumberland County Assessor.

1. Private Acts of 1925, Chapter 427, fixed the salary of the Tax Assessor of Cumberland County at \$1,000 per year, payable out of the regular county funds at the rate of \$400 on the first Monday in April and \$600 when the assessments have been completed, both to be upon the warrant of the County Judge.
2. Private Acts of 1939, Chapter 113, stated in its preamble that the assessed value of property, as set by the County Tax Assessor, was set at such a low value in the Town of Crossville that the town was forced to levy an artificially high tax rate in order to generate sufficient revenue. This Act established the position of Tax Assessor for the Town who would assess property at its "actual cash value". The County Tax Assessor was barred access to the books and records of the City Tax Assessor.
3. Private Acts of 1945, Chapter 362, provided that beginning in 1945 and annually thereafter, the sum of \$600 shall be paid to the Tax Assessor of Cumberland County to compensate him for clerical expenses, or unusual expenses, incurred during the year, \$300 of which would be paid on the Saturday before March 15, and \$300 on the Saturday before August 15.
4. Private Acts of 1955, Chapter 215, amends Private Acts of 1951, Chapter 131, by changing the quoted population figures to make the act apply to Cumberland County and further amends Section One by increasing the salary of the Tax Assessor from \$3,000 to \$5,000 annually. This Act did not receive local approval and therefore never became operative.

Taxation

The following is a listing of acts pertaining to taxation in Cumberland County which are no longer effective. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1870-71, Chapter 50, provided that counties and cities may impose taxes for county and corporate purposes if (1) all taxable property is taxed according to its value and (2) neither the credit of the county nor the city be loaned to any person, firm, or private corporation except upon a vote by a majority of the county court and after submitting the question to a referendum vote in which three quarters of the voters must affirm the same. Twenty-seven counties, including Cumberland, exempted themselves from the three-quarter requirement and provided that in those counties only a majority of the voters voting in the referendum must approve. See State v. Mayor of Bristol, 109 Tenn. 315, 70 S.W. 1031 (1902).
2. Acts of 1905, Chapter 398,, authorized and empowered the county court to supply the Tax Books belonging to the office of the County Trustee when the same have been permanently lost or destroyed, and established the mode of procedure in such cases. The Trustee would file a petition with the County Judge, or Chairman, averring the fact that the books are destroyed and the manner in which the loss occurred. The petition would also state whether the same books can be supplied from the assessment rolls or other public records on file. If all information to establish proper assessments is gone, the County Court would appoint three Commissioners with the same qualifications as members of the Board of Equalization who would hear proof as to the assessed value of all the property in the county and thus complete the Tax Books. Exceptions to the rulings of the Commission could be filed within five days after completion and return of the books. No penalties would be levied on people who were not delinquent on their own doing.
