# Health - Historical Notes

---

Dear Reader:

The following document was created from the CTAS website ([ctas.tennessee.edu](http://ctas.tennessee.edu)). This website is maintained by CTAS staff and seeks to represent the most current information regarding issues relative to Tennessee county government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with county government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other CTAS website material.

Sincerely,

The University of Tennessee  
County Technical Assistance Service

# Health - Historical Notes

## **Health**

The following summaries are included herein for reference purposes.

1. Private Acts of 1967-68, Chapter 403, requires the purchase of a privilege permit from the County Court Clerk for construction of septic tank and sewage disposal systems, and which further contains provisions that before engaging in the said construction where septic tanks and sewage disposal systems were to be installed, a percolation report had to be obtained and approved by the County Health Department and the construction site surveyed and likewise approved before beginning. Private Acts of 1971, Chapter 175, amended this Act to exempt incorporated municipalities within the county which had its own system of permit fees on new construction.
2. Private Acts of 1998, Chapter 156, was identical to Private Acts of 1998, Chapter 144, amending Private Acts of 1957, Chapter 107, relative to the power to issue bonds of the Williamson County Hospital District.
