The minutes of said Commissioners are furthermore required fully to show the date, letter, number, amount and place of payment of each bond so deposited and filed, and coupon so destroyed, as a check on the Register required to be kept by the Treasurer. The Treasurer when he shall take up or receive any bond or coupon, shall on the same day notify the Secretary, giving description of same. The Commissioners of the Chattanooga Protection District may issue any of the bonds hereby authorized, at any time or times, and as they may determine, until they shall have issued the aggregate amount hereby authorized. All moneys borrowed or arising from the negotiation or sale of any of said bonds shall promptly be paid into the Treasury of said Commissioners and shall constitute a fund to be used and applied to carry into effect the object and purposes of this Act. The said bonds shall be exempt in this State from all taxes, including State, County and Municipal.

 Private Acts of 1949, Chapter 719.

SECTION 9. That the Secretary of said Commissioners shall, upon order of said Commissioners, cause said bonds to be lithographed, with such devices for identification and to prevent imitation, as said Secretary shall think proper; and he shall register said bonds in a book to be kept for that purpose, as the same are issued, stating therein the date, letter, number, amount and place of payment and on what account issued, of each bond issued, and he shall take the receipt in said book of the party to whom each of said bonds is delivered.

SECTION 10. That it shall not be lawful for the said Commissioners of Chattanooga Protection District, or any officer, member or agent thereof, to pledge or deposit any bond or coupon issued under this Act, as security for payment of any borrowed money, or of any debt or obligation of said Commissioners or of anyone else; and any member, officer or agent of said Commissioners who shall violate this Section, by selling, transferring or negotiating any bond or bonds for an amount less than authorized by the terms of said 8th Section, shall be deemed guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the penitentiary for not less than one year, nor more than five years. And it shall also be unlawful for the Commissioners, or any officer, member or agent thereof, to receive, take or hold for any bond or coupon issued under this Act, any sum or amount of money less than the face value of said bond or coupon, and any violation of this clause shall be deemed a felony, and the party or parties so violating, upon conviction, shall be punished by imprisonment in the penitentiary for a term of not less than one year, nor more than five years. The cost of printing said bonds and a reasonable expense for selling the same may be paid, by Commissioners from the proceeds of the bond sale or from any funds in their Treasury.

SECTION 11. That the bonds of said Chattanooga Protection District shall be a lien on all lands in said District, and said Commissioners may irrevocably pledge the full faith, credit and resources of said District and all assessments of benefits of said District to secure the payment of the said bonds and the interest thereon.

SECTION 12. That after said bonds have been authorized by vote as hereinbefore provided, the Commissioners of Chattanooga Protection District, for the purpose of paying interest on bonds, or of applying to any other obligation or of prosecuting any of the activities of said Commissioners, may in any year borrow money in anticipation of the current year's revenues. Said Commissioners may issue

debentures therefor, bearing interest at a rate not exceeding five per cent per annum, which shall not be sold for less than par and accrued interest; and the provisions in this Act with reference to the receiving and canceling of bonds and to misapplication of funds, shall apply likewise to said debentures. No revenues derived from the sale of debentures or from the collection of any levy, shall be used for any purpose except the payment of such bonds and debentures and such interest on bonds and debentures which fall due during the current year (or before the next date for annual settlement of the tax collector) unless provision shall first have been made to set aside a sufficient part of the current year's revenues to pay such bonds, debentures and interest; and after setting aside the necessary sum (from funds either in the Treasury or to be collected for the current year, or both), then any balance on hand or from the sale of debentures may be expended for any of the obligations or activities of said Commissioners.

As amended by: Private Acts of 1935, Chapter 446
Private Acts of 1945, Chapter 136

SECTION 13. That no bonds herein authorized shall be issued and sold by said Commissioners until after an election shall be held in the Chattanooga Protection District and a number of votes equal to fifty (50) per cent of the total vote cast for all candidates for Mayor in the last municipal election vote in favor of the issuance of said bonds. It shall be the duty of the Election Commissioners of Hamilton County upon request of the Commissioners of said Chattanooga Protection District to call and hold an election within sixty (60) days after receipt of said request, said election to be held at the usual voting precincts within said District. Said election shall be called and held in the manner prescribed by law. At said election all persons qualified to vote for Mayor and Commissioners of the City of Chattanooga who are otherwise qualified may vote at such election. The Election Commissioners shall prepare ballots for each precinct in said Chattanooga Protection District, on which shall be printed these words:

'FOR THE ISSUANCE OF BONDS'

'AGAINST THE ISSUANCE OF BONDS'

and voters shall indicate their desire by putting a cross (x) mark opposite their choice. If, at said election, voters equal to fifty (50) percent of the total vote cast for all candidates for Mayor in the last municipal election vote in favor of the issuance of bonds the Commissioners of the Chattanooga Protection District shall proceed with the issuance and sale of bonds and the exercise of all the power and authority and in the performance of all things authorized by this Act. If the bonds are not authorized by the voters at said election said Commissioners shall not have the power to issue bonds. Said Commissioners of the Chattanooga Protection District may, in their discretion, request the Election Commissioners of Hamilton County to call and hold another election after the expiration of one (1) year from the date of the first election and resubmit the question of the issuance of said bonds to the voters, as hereinbefore provided.

The result of said election shall be certified by the officers thereof to the Election Commissioners of Hamilton County, Tennessee, within five (5) days after such election is held, and the Election Commissioners shall then canvass and declare and certify the result of such election to the Commissioners of the Chattanooga Protection District.

Private Acts of 1945, Chapter 136
Private Acts of 1945, Chapter 500
Private Acts of 1949, Chapter 719.

SECTION 14. That no expense shall be incurred or liability created under the provisions thereof, until and after said bonds shall have been authorized by vote in said district as hereinbefore provided and until after said bonds shall have been sold, and that no liability shall be created, expense or indebtedness incurred or work done under any contract for construction of said flood protection works until after said Commission shall have definitely ascertained and determined that the total amount of the cost of work of construction of said flood protection works, and any expense incident thereto or resulting therefrom, and all cost and expense of rights-of-way, property damage, and every other expense of whatever kind, whether resulting directly or indirectly from acquisition of rights-of-way or construction of said flood protection works shall not exceed in the aggregate the sum of Three Million Dollars (\$3,000,000), and until after all contracts for said work of constructing said flood protection works or incident or necessary thereto shall have been let, and bonds of not less than 30 per cent of the contract price shall have been deposited with said Commissioners for the faithful performance of said contracts.

As amended by: Private Acts of 1935, Chapter 446
Private Acts of 1945, Chapter 136
Private Acts of 1949, Chapter 719.

SECTION 15. That the Commissioners [sic] Chattanooga Protection District, shall assess or cause to be assessed the benefits to accrue to each tract of land within said district from the flood protection works proposed by them to be built, giving as brief a description of each tract or parcel of land owned by each owner as will enable the same to be identified, the owner's name (as it appears on the tax collector's

records) and giving the total amount of the benefits thereto. Reference to a recorded deed describing the land (by Book and Page) shall be a valid description. Unless convinced that it is in error and convinced who is the true owner, the Commissioners shall accept the last tax receipt issued for State and County Taxes on any property as prima facie evidence that the person to whom issued is the owner of said property; and no error in the name of the owner or owners of any property, railroad or the name of any corporation shall invalidate this assessment nor any part thereof. The words "land" and "tract of land" as used in this Act, and the words "property" and "real property" shall include the land together with all buildings, railroads and all structures and improvements thereon recognized as real property by the laws and customs of this State. No benefits shall be assessed against any property in the said District which is left outside "on the unprotected side" of the flood protection works, and is therefore not afforded protection thereby. The exclusion of any part or parts of the said District from direct protection may be ordered by the Commissioners [sic] Chattanooga Protection District after they shall have decided upon a general plan for flood protection which will not protect such part, and as often as they shall decide upon a modification of said plan they may order the exclusion of any other part or parts of the District from direct protection, and may again include for protection parts of the said District theretofore excluded. They shall adopt a definite plan for the protection works as early as practicable in their judgment, after collecting such data and making such investigations as they deem essential, but shall not by this be required to complete any plan in detail before adopting same. All plans for said District shall be made by the chief engineer appointed by Commissioners, subject to the approval of said Commissioners; and all construction work, operation and maintenance shall be done under the supervision of the chief engineer. The said Commissioners may change or modify the plan or any part thereof as often as they shall deem it desirable and proper to do so. Whenever after the original assessment is made, changes and modifications are adopted, said Commissioners shall make or cause to be made a new assessment of benefits, including thereon only the property on which they find that the assessment should be raised or lowered by such changes; but at no time when there are outstanding bonds, shall a change be made which will result in the total assessment of benefits in the District being less than eighty-five per cent (85%) of the total benefits shown at the time of sale of said bonds, or the highest total shown at the time of the sale of any of them, if there have been several bond sales. No part of the said Chattanooga Protection District shall be entitled to recover damages because of having been left out of the protection portion of the District either by the original plan or any modification thereof made either before or after flood protection works are built or during their construction; but should a levy or levies be collected on the benefits of any property and the benefits on said property be reduced by a subsequent assessment, then the difference shall be refunded by aforesaid Commissioners to the owners of said property, Commissioners retaining only the amount of the money theretofore collected, which would result from the rate theretofore imposed, applied to the last benefits assessed. In case the benefits are increased on any property, the levy on the new assessment shall be collected for the year during which said benefits are reassessed, and for each year thereafter. In making such assessments of apportional benefits, the lands receiving the greatest benefit shall be marked on a scale of 100%, and those benefited in a less degree shall be marked with such percentage of 100% as the benefit received bears in proportion to that classified to receiving 100% benefit. This classification when finally established shall remain as a basis for all future assessments connected with the objects of said district.

In making such classification said Commissioners are authorized to divide the land of one owner lying in a body into more than one tract, and classify each subdivision thereof, if, in their opinion, portions of such entire tract will be more benefited than other portions, and especially when such entire tract is a large one, and it will be more equitable and just to classify it in sub-divisions.

As amended by: Private Acts of 1935, Chapter 446
Private Acts of 1945, Chapter 136

SECTION 16. That the Commissioners [sic] Chattanooga Protection District may proceed with the floating of bonds, the procuring of rights-of-way, and with construction work, or any of these acts, and the doing of all other things authorized by this Act, immediately after the close of the first hearing on the original assessment, irrespective of any appeals taken from same; and that no appeal from either the assessment of benefits or from any award of damages shall delay the improvements.

As amended by: Private Acts of 1935, Chapter 446
Private Acts of 1945, Chapter 136

SECTION 17. That for each revision of assessment of benefits, the filing, publication, hearing by the Commissions and all things shall be done as provided for the original assessment and all of the provisions of Section 15 of this Act shall apply to each revised assessment.

As amended by: Private Acts of 1935, Chapter 446
Private Acts of 1945, Chapter 136

SECTION 18. That upon the election resulting "For the issuance of bonds" and after the close of the first hearing, on original assessments, the Commissioners of the Chattanooga Protection District may proceed

with the floating of bonds, the procuring of rights-of-way and with construction work of any of these acts, and the doing of all other things authorized by this Act, irrespective of any appeals taken from such assessments, and that no appeal from either the assessments of benefits or from any award of damages shall delay the improvements.

As amended by: Private Acts of 1935, Chapter 446
Private Acts of 1945, Chapter 136

SECTION 19. That after the close of the first hearing on the original assessment and the hearing on each modification of or amendment thereto, Commissioners shall enter, for each tract of land or owner, in a book to be provided by them (in duplicate, one copy for the Commissioners and one for the County Trustee) the description, Owner's name, Total betterment (as approved by the Commissioners at the hearing), Rate of Levy (for the first year), and amount of levy (for the first year). Five columns shall be provided for the entries last mentioned, and following said five columns, there shall be provided columns for four succeeding years, to wit: for each year, a column for Total benefits, Rate of levy and Amount of levy. When so prepared one of said books to be delivered to the County Trustee on or before the first day of October of the same year; and the entries therein shall be the authority of the County Trustee to collect the amounts shown therein for the first year's levy, which he is hereby required to collect and pay over to the Treasurer of said Commissioners as hereinafter provided for the payment of all collections of levies made by him.

As amended by: Private Acts of 1935, Chapter 446
Private Acts of 1945, Chapter 136

SECTION 20. That the aforesaid first levy and any annual levy shall be made and collected on the assessed benefits in the following manner; to the estimated cost of the proposed improvements, which said Commissioners shall cause to be made together with the administration and supervision of same, there shall be added not less than fifteen (15) per cent for contingencies. The amount thus arrived at shall be prorated for a certain number of annual installments to be determined by the Commissioners. Said installments need not be the same each year, but no such installments shall be more than ten per cent of the pro rata to each owner, when said cost is prorated to the several owners in the proportion of their assessment of benefits to the total benefits for the District. After the said cost with the percentage added for contingencies shall have been so prorated, any owner may pay his pro rata in cash to the Treasurer of the Commissioners, if paid before any bonds are issued; but such payment in cash shall not exempt said owner from paying the annual levy for operation and maintenance as described hereinafter. The Commissioners shall, each year, on or before the 10th day of July make and publish such levy as it shall determine upon and it shall thereupon be the duty of the Secretary to extend the amount of the said levy on the original or a copy of the assessment roll of said District on file in his office, and to certify a copy of the levy, on or before October first, of the said year, to the County Trustee, and said Trustee shall thereupon extend the amount of the levy on the copy of said assessment in his office. Whenever a modification or amendment of said assessment shall be made as provided herein, the same course shall be followed by each official as provided herein for the original assessment. The levy ordered by the Commissioners each year shall include:

- (1) Pro rata of cost plus not less than 15 percent contingencies:
- (2) Pro rata of interest on indebtedness: Total, of (1) and (2).
- (3) Pro rata of estimated annual operation and maintenance cost; Total of (1), (2), and (3) but on property for which the payment of benefits was made in cash, each annual levy shall be only for the pro rata of estimated annual operation and maintenance cost.

As amended by: Private Acts of 1935, Chapter 446
Private Acts of 1945, Chapter 136

SECTION 21. That the County Trustee of Hamilton County shall collect, each year, at the same time that state and county taxes are collected, the levy for such year in said Chattanooga Protection District which has been certified to him by the Secretary of the Commission. Said Trustee shall make monthly reports to the Commissioners [sic] Chattanooga Protection District of the amount of said levy collected during the current month and shall pay over the same monthly to the Treasurer of said Commissioners, and shall make his final settlement for each year not later than May first of the subsequent year. The Commissioners shall require the said Trustee to make a special bond for the proper collecting and paying over of the said levy. For the collection of said levy the said Trustee shall be allowed a commission as now allowed by law for collection of State and County taxes, which shall be deducted by him from the moneys so collected before paying the same over. For any failure to pay over (at the time provided in this Act) any money collected for said District, he shall be liable for damages at the rate of ten per cent (10%) and interest at the rate of six per cent (6%) per annum on the principal.

SECTION 22. That if any person shall enjoin the collection of any levy provided for in this Act of any subsequent Act supplementary or amendatory hereto, and shall fail to perpetuate, by decree of court, said

injunction, the Court, in dissolving the injunction shall, in addition to the cost, adjudge against them all damages suffered as the result of such injunction and shall award an execution for the same in favor of said Commissioners [sic] Chattanooga Protection District for the use of said District.

That the law now governing the amount of penalties, and prescribing when taxes become due and delinquent, the advertising, sale and redemption of property which is delinquent for taxes, shall apply to the collection of penalties, the advertising, sale and redemption of property which may be delinquent for the payment of the levy of the Chattanooga Protection District the same as if repeated in this Act in full.

SECTION 24. That the Commissioners [sic] Chattanooga Protection District shall set aside from their revenues a sufficient sum each year to meet the interest on all outstanding bonds and also the principal on all bonds as they mature.

That either the Commissioners [sic] Chattanooga Protection District or any owner of real property within said District or any holder of any past due bond or coupon which has been presented for payment and not paid, may, by mandamus, compel the fixing of a rate of levy sufficient to meet the obligations of said District and may compel the performance by the Commissioners and their officers, and the County Trustee of the duties imposed upon them by this Act.

SECTION 26. That the said Commissioners [sic] Chattanooga Protection District be and they are hereby authorized and empowered to enter upon, take and hold any land or premises or any material whatever, whether by purchase, grant or donation, devise or otherwise, that may be necessary and proper for the location, construction, repair, operation, or maintaining of the structures and works provided for in this Act, and said commissioners are also empowered to cut and remove trees, timber and other material that might be falling or otherwise encumber or endanger said structures and works or any part thereof, and the said Commissioners shall have power to acquire by compromise or by agreement with the owner or owners all property and rights-of-way required by them, and they may settle all claims for compensation or damages on account of rights-of-way, or materials for the construction, maintenance or repair of said structure and works, and the said conveyance shall vest said Commissioners with the title in fee simple to the right-of-way or property thus acquired. And to this end, the said Commissioners shall have and exercise the power of eminent domain as provided by the laws of Tennessee for the taking of private property for works of internal improvement; the said right and power to be exercised in the manner now provided by law.

Upon payment or tender of any award made, it shall rest absolutely in said Commissioners the title to the land, material or other property taken or to be taken and appropriated, but this shall not be construed as in any way to impair the right of said Commissioners to enter upon, take, use and appropriate land, material or other property for the use aforesaid.

As amended by: Private Acts of 1935, Chapter 446
Private Acts of 1945, Chapter 136

SECTION 28. That if the plan adopted or contemplated by said Commissioners shall modify, divert, or affect in any way the channel of Tennessee River or of any streams or watercourses, said Commissioners are hereby authorized and empowered to do such work as may so affect said river and any such streams or watercourses, *provided*, that said Commissioners shall first obtain the necessary authority from the proper federal official, officials or agency, before doing any work which shall encroach upon the authority or rights of the Federal Government with reference to any channel under its control.
