# Health - Historical Notes

---

Dear Reader:

The following document was created from the CTAS website ([ctas.tennessee.edu](http://ctas.tennessee.edu)). This website is maintained by CTAS staff and seeks to represent the most current information regarding issues relative to Tennessee county government.

We hope this information will be useful to you; reference to it will assist you with many of the questions that will arise in your tenure with county government. However, the *Tennessee Code Annotated* and other relevant laws or regulations should always be consulted before any action is taken based upon the contents of this document.

Please feel free to contact us if you have questions or comments regarding this information or any other CTAS website material.

Sincerely,

The University of Tennessee  
County Technical Assistance Service  
226 Anne Dallas Dudley Boulevard, Suite 400

## Health - Historical Notes

The following summaries are included herein for reference purposes.

1. Private Acts of 1921, Chapter 780, made it lawful for anyone who has practiced pharmacy anywhere in the United States under the supervision of a registered pharmacist for as many as ten years to practice pharmacy in Hawkins County.
2. Private Acts of 1933, Chapter 303, stated that in Hawkins and Hancock counties any person of good moral character, over 21 years of age, who had been continuously engaged in the practice of medicine, was authorized to continue the practice of medicine in the above counties under the general state laws relating thereto.
3. Private Acts of 1937, Chapter 283, recited that Dr. H.C. Cross, of Hawkins County, had practiced medicine there for almost fifty years, and he was a person of good moral character. This act permitted him to continue the practice of medicine in that county provided he filed an affidavit of the above statement of facts with the state board of medical examiners.
