Such power of condemnation may be exercised in the manner prescribed by Chapter 15 of Title 23, Tennessee Code Annotated, or in the manner prescribed by any other applicable statutory provisions now in force or hereafter enacted for the exercise of the power of eminent domain. As amended by: Private Acts of 1980, Chapter 291.

SECTION 6. Bonds of the Authority. The Authority shall have the power to issue bonds from time to time

in order to accomplish its purposes. All bonds issued by the Authority shall be payable solely out of and secured by a pledge of all or any portion of the revenues and receipts derived by the Authority as may be designated in the proceedings of the Board of Directors of the Authority under which the bonds shall be authorized to be issued; provided, that notes issued in anticipation of the issuance of bonds may be retired out of the proceeds of such bonds. Such bonds may be executed and delivered by the Authority at any time and from time to time, may be in such form and denominations and of such terms and maturities, may be in fully registered form or in bearer form registrable either as to principal or interest or both, may bear such conversion privileges and be payable in such installments and at such time or times not exceeding forty (40) years from the date thereof, may be payable at such place or places whether within or without the State of Tennessee, may be subject to redemption, either with or without premium, may bear interest at such rate or rates payable at such time or times and at such place or places and evidenced in such manner, may be executed by such officers of the Authority and may contain such provisions not inconsistent herewith, all as shall be provided in the proceedings of the Board of Directors whereunder the bonds shall be authorized to be issued. Any bonds of the Authority may be sold at public or private sale for such price and in the manner and from time to time as may be determined by the Board of Directors of the Authority to be the most advantageous, and the Authority may pay all expenses, premiums and commissions which the Board of Directors may deem necessary or advantageous in connection with the issuance thereof. Issuance by the Authority of one or more series of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same project or any other project, but the proceedings whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge made for any prior issue of bonds. Proceeds of bonds issued by the Authority may be used for the purpose of constructing, acquiring, reconstructing, improving, equipping, furnishing, bettering or extending any project or projects, including the payment of interest on the bonds during construction of any such project and for two (2) years after the estimated date of completion, the payment of engineering, fiscal, architectural, bond insurance and legal expenses incurred in connection with such project and the issuance of the bonds, and the establishment of a reasonable reserve fund for the payment of principal of and interest on such bonds in the event of a deficiency in the revenues and receipts available for the such payment. Any bonds shall, except as herein otherwise expressly provided, be issued for capital expenditures and none of the proceeds shall be used for operational expenditures or routine maintenance needs. Any bonds or notes of the Authority at any time outstanding may at any time and from time to time be refunded by the Authority by the issuance of its refunding bonds in such amount as the Board of Directors may deem necessary, but not exceeding the sum of the following: (a) the principal amount of the obligations being refinanced, (b) applicable redemption premiums thereon, (c) unpaid interest on such obligations to the date of delivery or exchange of the refunding bonds, (d) in the event the proceeds from the sale of the refunding bonds are to be deposited in trust as hereinafter provided, interest to accrue on such obligations from the date of delivery to the first or any subsequent available redemption date or dates selected, in its discretion, by the Board of Directors, or to the date or dates of maturity, whichever shall be determined by the Board of Directors to be the most advantageous or necessary to the Authority, (e) a reasonable reserve for the payment of principal of and interest on such bonds and/or a renewal and replacement reserve, (f) if the project to be constructed from the proceeds of the obligations being refinanced has not been completed, an amount sufficient to meet the interest charges on the refunding bonds during the construction of such project and for two (2) years after the estimated date of completion (but only to the extent that interest charges have not been capitalized from the proceeds of the obligations being refinanced), and (g) expenses, premiums and commissions of the Authority, including bond discount deemed by the Board of Directors to be necessary for the issuance of the refunding bonds. A determination by the Board of Directors that any refinancing is advantageous or necessary to the Authority or that any of the amounts provided in the preceding sentence shall be included in such refinancing, or that any of the obligations to be refinanced shall be called for redemption on the first or any subsequent available redemption date or permitted to remain outstanding until their respective dates of maturity, shall be conclusive. Any such refunding may be effected whether the obligations to be refunded shall have then matured or shall thereafter mature, either by the exchange of the refunding bonds for the obligations to be refunded thereby with the consent of the holders of the obligations so to be refunded, or by sale of the refunding bonds and the application of the proceeds thereof to the payment of the obligations to be refunded thereby, and regardless of whether or not the obligations to be refunded were issued in connection with the same projects or separate projects, and regardless of whether or not the obligations proposed to be refunded shall be payable on the same date or different dates or shall be due serially or otherwise. Unless the obligations to be refunded are to be retired at the time of delivery of the refunding bonds, the Board of Directors shall, prior to the issuance of the refunding bonds, cause notice of its intention to issue such bonds, identifying the obligations proposed to be refunded and setting forth the estimated date of delivery of the refunding bonds, to be given to the holders of the outstanding obligations by publication of an appropriate notice one (1) time in a newspaper having general circulation in Sumner County and, as soon as practicable after the delivery of the refunding

bonds, and whether or not any of the obligations to be refunded are to be called for redemption, shall cause notice of the issuance of the refunding bonds to be given in like manner. If any of the obligations to be refunded are to be called for redemption, the Board of Directors shall cause notice of redemption to be given in a manner required by the proceedings authorizing such outstanding obligations. The principal proceeds from the sale of any refunding bonds shall be applied only as follows: either,

- (a) To the immediate payment and retirement of the obligations being refunded; or,
- (b) To the extent not required for the immediate payment of the obligations being refunded, then such proceeds shall be deposited in trust to provide for the payment and retirement of the obligations being refunded and to pay any expenses incurred in connection with such refunding, but provision may be made for the pledging and disposition of any surplus, including, without limitation, provisions for the pledging of any such surplus to the payment of the principal of and interest on any issue or series of refunding bonds. Money in any such trust fund may be invested in direct obligations of, or obligations the principal of and interest on which are guaranteed by the United States government, or obligations of any agency or instrumentality of the United States government, or in certificates of deposit issued by a bank or trust company located in the State of Tennessee if such certificate shall be secured by a pledge of any of said obligations having an aggregate market value, exclusive of accrued interest, equal at least to the principal amount of the certificate so secured. Nothing herein shall be construed as a limitation on the duration of any deposit in trust for the retirement of obligations being refunded, but which shall not have matured and which shall not be presently redeemable or, if presently redeemable, shall not have been called for redemption. All such bonds, refunding bonds and the interest coupons applicable thereto are hereby made and shall be construed to be negotiable instruments.

SECTION 7. Security for Payment of Bonds. The principal of and interest on any bonds issued by the Authority shall be secured by a pledge of such revenues and receipts out of which the same may be made payable. The proceedings under which the bonds are authorized to be issued may contain any agreements and provisions respecting the maintenance of the projects or other facilities covered thereby, the fixing and collection of rents, fees or payments with respect to any projects, facilities or systems or portions thereof covered by such proceedings, the creation and maintenance of special funds from such revenues and from the proceeds of such bonds, and the rights and remedies available in the event of default, all as the Board of Directors shall deem advisable and not in conflict with the provisions of this act. To the extent provided in the proceedings authorizing any bonds of the Authority, each pledge and agreement made for the benefit or security of any of the bonds of the Authority shall continue effective until the principal of and interest on the bonds for the benefit of which the same were made shall have been fully paid or adequate provision for the payment thereof shall have been made by the Authority. In the event of default in such payment or in any agreements of the Authority made as a part of the proceedings under which the bonds were issued, such payment or agreement may be enforced by suit, mandamus, or the appointment of a receiver in equity, or any one or more of said remedies, all as provided in the proceedings under which the bonds are issued. The county executive and county clerk are hereby authorized and directed, to the extent which is now or hereafter legally possible, to execute all documents necessary to guarantee or in any other manner to secure the payment of the bond obligations of such Resource Authority, including bond anticipation notes or any other similar obligations of the Authority; provided, however, that the approval of the governing bodies of Sumner County, the city of Gallatin and the city of Hendersonville to such guarantee or security shall have been obtained before the execution of such documents; and provided, further, that if such cities and county are called upon to pay any obligations of the Resource Authority, such cities and county hereby agree that Sumner County shall pay three-sevenths (3/7) of such obligation and the city of Gallatin and the city of Hendersonville shall each pay two-sevenths (2/7) of such obligation. Provided, however, that prior to any meeting where such authorization will be considered by the governing body of the county or either city, the governing body shall cause reasonable public notice to be published describing the matter to be considered and containing an estimate of the dollar amount of any contingent liability by the county or cities if such authorization is given. The approval by the governing bodies as prescribed above shall be by a two-thirds (2/3's) vote of the county legislative body of Sumner County, the city legislative body of Gallatin and the city legislative body of Hendersonville; and such legislative bodies shall also by a two-thirds (2/3's) vote approve the amounts of any bonds and/or notes which may be issued or entered into by the authority. Any bond issue under this Act may be secured by a mortgage or deed of trust covering all or any part of the property, real or personal of the Authority. The requirements for recordation of mortgages and other security instruments in the County Register's office shall be waived in the case of the Authority's execution of such mortgages or security instruments. Any pledging of the credit of Sumner County or guarantees of bond issues by Sumner County shall be for the purpose of incinerating, recycling, separating, selling, reusing, salvaging, reclaiming, disposing, removing, dissolving, composting, landfilling, covering, storing, collecting, compacting, grinding, shredding, transporting, receiving, distributing, transferring, managing, utilizing,

handling, processing, and converting, and/or transforming waste and shall be in accordance with and not contrary to Tennessee Code Annotated, Titles 5 and 6.

As amended by: Private Acts of 1980, Chapter 291,
Private Acts of 1990, Chapter 165.

SECTION 8. Neither Sumner County, the City of Gallatin, the City of Hendersonville, the State of Tennessee, nor any municipality other than the Authority shall, except as may otherwise be authorized by the governing body of any such county, city, state, or other municipality, in any event be liable for the payment of the principal of or interest on any bonds of the Authority or for the performance of any pledge, obligation or agreement of any kind whatsoever which may be undertaken by the Authority and none of the bonds of the Authority or any of its agreements or obligations shall be construed to constitute an indebtedness of said state, county, cities or any such municipality within the meaning of any constitutional or statutory provision whatsoever.

As amended by: As amended by: Private Acts of 1980, Chapter 291.

SECTION 9. Exemption from Taxation. Accordingly, the Authority and all properties at any time owned by it and the income and revenues therefrom shall be exempt from all taxation in the State of Tennessee. All bonds issued by the Authority and the income therefrom shall be exempt from all state, county and municipal taxation, except inheritance, transfer and estate taxes. Also, for purposes of the Securities Law of 1955, compiled as §§ 48-1601 -- 48-1648, Tennessee Code Annotated, and any amendments thereto or substitution therefor, bonds issued by the Authority shall be deemed to be securities issued by a public instrumentality or a political subdivision of the State of Tennessee.

SECTION 10. Authority Non-Profit--Disposition of Earnings. No part of the net earnings of the Authority remaining after payment of its expenses shall enure to the benefit of any person except that, at such times as no bonds of the Authority are outstanding and unpaid and adequate provisions have been made for the full payment of expenses, appropriate reserve accounts and other obligations and contracts of the Authority, any net earnings of the Authority to the extent not necessary for such purposes shall be paid to Sumner County, the City of Gallatin and the City of Hendersonville in such proportions as may be agreed upon among such parties and the Board of Directors. If no agreement has been reached among the parties within sixty (60) days after the commencement of negotiations therefor, the question of the allocation of any available net earnings shall be settled by arbitration in accordance with the laws of the State of Tennessee pertaining to arbitration in effect at the time of submission to the arbitrators. Nothing herein contained shall prevent the Board of Directors from transferring all or any part of the properties of the Authority in accordance with the terms of any contract, agreement or covenant entered into or undertaken by the Authority.

SECTION 11. Annual Audits. The Board of Directors shall prepare and submit to the governing bodies of Sumner County, the City of Gallatin and the City of Hendersonville each fiscal year a financial statement which shall be audited by a recognized form of independent certified public accountants.

SECTION 12. Powers Not Restricted. Neither this act nor anything herein contained shall be construed as a restriction or a limitation upon any powers which the Authority might otherwise have under any laws of this state, but shall be construed as cumulative of and supplemental to any such powers. No proceeding, notice or approval shall be required with respect to the issuance of any bonds of the Authority or any instrument as security therefore except as provided in this act, any law to the contrary notwithstanding; provided that nothing herein shall be construed to deprive the State of Tennessee and its governmental subdivisions of their respective police powers over properties of the Authority, or to impair any power of any official or agency of said state and its governmental subdivisions which may be otherwise provided by law.

SECTION 13. Agreements with Authority Authorized. The State of Tennessee or any municipality therein is hereby authorized, whenever the same shall be found desirable by its governing body, to enter into contracts, agreements or other arrangements with the Authority regarding any project, facility or service of the Authority, including, without limitation, the collection, transfer, storage, transportation, processing or disposal of solid waste or the purchase, sale, lease or other disposition of energy, energy producing materials and other materials, commodities or properties of the Authority. Any such contract or agreement may extend for any period not exceeding forty (40) years from the date thereof.
