Currently, those committees are the budget, administrative, and executive committees, but may be redirected to another committee as decided by the county legislative body. These committees will report their recommendations to the budget committee by March 15th.

(m) The budget committee shall present to the county legislative body a proposed budget appropriation resolution and proposed tax levy resolution when the proposed operating budget is presented.

(n) The local revenues for the school funds shall be recommended by the budget committee and accepted by the county board of education if they cannot reach an agreement otherwise.

SECTION 12. Appropriations –

(b) Any resolution presented to the county legislative body in any fiscal year, after the original appropriation resolution has been adopted and the property tax rate for the year has been set, which provides for an expenditure in addition to those made in the original budget appropriation, shall specifically provide the source of revenue or designate the source of funds necessary to meet expenditures to be made as a consequence of the additional appropriation.

(c) The appropriations made by the county legislative body shall constitute authorization for the expenditures contained therein unless otherwise limited by the county legislative body, subject to the impoundment authority granted to the SCFMC, county legislative body, and county board of education pursuant to Section 15 of this act.

(d) The expenditures and encumbrances against the amounts appropriated shall be made only upon an order or authorization issued by the purchasing department.

SECTION 13. Amendment of Operating Budget –

(a) Amendments to the LEA final adopted operating budget of the county shall be made as follows:

(1) Board of education amendments to line items within the major categories are developed by the director of schools and submitted to the board of education for approval. The director of schools shall report the proposed amendments to the finance director five (5) days prior to proposing the amendments and report on the action taken within five (5) days. The finance director may offer his opinion on the amendment or comment if requested.

(2) Board of education amendments to the major categories which do not increase the grand total of appropriations in the original adopted budget of the county department of education shall be proposed by the director of schools and approved by the county board of education, then shall be submitted to the budget committee for approval. The finance director may offer his opinion on the amendment or comment if requested. The budget committee must act within thirty (30) days of submission by the director of schools or the director of schools may submit the request to the county legislative body.

(3) Board of education amendments to line items and major categories that increase the total revenues or appropriations, or both, of the original adopted budget shall be approved by the county board of education and submitted by the director of schools to the budget committee for its recommendation and to the county legislative body for their approval, except as provided by Tennessee Code Annotated § 49-2-203(b)(15). The budget committee must act within thirty (30) days of submission or the requesting party may submit the request to the county legislative body. The finance director shall provide his opinion on the requested amendment.

(c) Notwithstanding subsections (a) and (b) of this section, amendments shall comply with any court order entered pursuant to Tennessee Code Annotated title 8, chapter 20.

SECTION 14. Impoundment of Funds –

If at any time the finance director determines that the revenues or other resources are, with respect to any fund, less than what was anticipated in the adopted operating budget, or if unanticipated expenditures arise which will likely create a budget deficit, the finance director may certify to each member of the county legislative body for non-school funds, and to the county board of education for school funds, the finance director may impound the appropriations as may be necessary to prevent deficit operation. The impoundment may be overridden by a simple majority vote of the county legislative body for non-school funds or the county board of education for school funds. If the county legislative body or county board of education overrides an impoundment, the county legislative body or the county board of education shall make those amendments to the operating budget as may be necessary to prevent deficit operation. The necessary amendments require a majority vote of the county legislative body or the county board of education. However, no impoundment of funds shall affect expenditures mandated by state statute or court order that have been appropriated to the offices as enumerated in Tennessee Code Annotated § 8-22-101.

If the proposals for the issuance of debt are not received during the annual budget process, then the SCFMC shall submit its recommendation to the budget committee within one (1) month from receipt of the proposal for the budget committee's recommendation to the county legislative body.

(4) The county legislative body shall not approve the issuance of any debt for which its approval is required by law until it has received the recommendation of the budget committee, unless the budget committee is requested by the county legislative body to make a recommendation and it fails to do so within thirty (30) days of making the request.

This review function shall be known as pre-audit. A pre-audit approval for disbursement of funds shall not be made unless the documentation supporting a disbursement of funds appears to be correct, properly authorized, and not exceeding the unencumbered balance of the appropriations against which they are chargeable. Pre-audit approval for disbursement of funds shall be made by signature of the finance director or designated employee(s) of the finance department in a timely manner to prevent work stoppage or postponement of services and in a format developed by the finance director and approved by the SCFMC.
- (i) Disbursements of county funds shall be made as follows:

SECTION 20. Purchasing Policies & Procedures –

(a) Policies and procedures for purchasing for the county shall be established by the SCFMC, upon receiving the recommendations of the purchasing agent. The policies and procedures for purchasing shall be made available for the use of all officers and employees of the county involved with purchasing. The SCFMC shall establish a system whereby heads of all agencies of the county or their designees requisition real and personal property or services and provide estimates of cost. Such requisitions shall be reviewed by the purchasing agent or the purchasing agent's designee and if the requisition appears to be correct, properly authorized, and the cost will not exceed the unencumbered balance of the appropriation against which the cost of the requisition is chargeable as approved by the finance department, then the purchasing agent shall determine the proper method of obtaining the property or services, and issue purchase orders as appropriate according to this act and the policies and procedures of the SCFMC. Heads of all agencies of the county may specify employees who are authorized to make requisitions, and any limitations upon their authority to act, upon written notification to the purchasing agent. Requisitions for a contract, lease, or lease-purchase extending beyond the current fiscal year that would constitute an obligation in excess of an amount to be determined by the purchasing agent shall be forwarded to the budget committee for approval prior to any further approval of the requisition.

(b) The policies and procedures for purchasing for the county established by the purchasing agent shall include the use of any type of purchasing or credit card and an approval process for purchases of real property, personal property, and services, including those by lease, lease-purchase, or contract that extend beyond one (1) year or commit the county to expenditures in excess of an amount as determined by the budget committee. The purchasing agent shall establish policies requiring approval of such purchases by either the purchasing agent, county legislative body, or any combination thereof. The policies and procedures approved by the SCFMC pursuant to this subdivision to determine the approval process for any type or amount of purchase shall be subject to approval by the county legislative body.

(c) Requisitions shall include specifications when necessary as determined by the purchasing agent. Specification development and stipulation shall be made by the county purchasing agent to receive the personal property or services requisitioned. However, the purchasing agent may reject any specification that the purchasing agent deems inadequate. The purchasing agent shall assist the agency of the county as needed to develop proper specifications for requisitions. Specifications shall not be written to exclude specific vendors, contractors or service providers, or to limit the bidding to a specific vendor, contractor, or service provider.

(d) Except as otherwise provided in this act or by other applicable general law, purchases shall be based upon competitive bidding. The SCFMC, after receiving the recommendations of the purchasing agent, shall establish the dollar amounts and types of purchases for which a formal competitive bidding process is required, the dollar amounts and types of purchases for which an informal bidding process is required or not required, and the exceptions to competitive bidding requirements, but the dollar amounts established for formal competitive bidding shall not exceed the amounts otherwise applicable in general law. In addition to competitive bidding, the SCFMC may establish the types of purchases and other circumstances under which requests for proposals (RFP), requests for qualification (RFQ), and other procurement methods are appropriate and allowable. The SCFMC may also establish guidelines not in conflict with applicable general law for purchases at public auction and using the Internet. Exceptions to competitive bidding may include, but are not limited to, sole source purchases, perishable commodities, and emergency purchases. If Sullivan County operates under the County Uniform Highway Law, compiled in title 54, chapter 7, then Tennessee Code Annotated § 54-7-113(c) regarding exceptions to public advertisement and competitive bidding requirements shall apply to purchases for the county highway department.

(e) All purchases competitively bid shall be awarded to the lowest responsible and responsive bidder, taking into consideration the quality of the personal property or services to be supplied, their conformity with specifications, their suitability to the requirements of the county and the delivery terms, and such other considerations as the purchasing agent deems appropriate and in conformity with any guidelines established by the SCFMC. All bids may be rejected for reasonable cause by the

purchasing agent.

(f) The purchasing agent may authorize any agency of the county to purchase in the open market, without filing a requisition, any personal property necessary for immediate delivery or services for immediate employment, in actual emergencies. Such direct emergency purchases may only be made by heads of agencies of the county within the authorization granted by the purchasing agent and when the purchasing agent is not available to make the purchase. At all other times, only the purchasing agent or the purchasing agent's designee shall make purchases. A report of an emergency purchase shall be made by the head of an agency of the county or the agency head's designee describing the circumstances of the emergency, the personal property or services purchased, and the amounts to be charged against the operating budget of the agency. Such emergency purchase report shall be submitted to the purchasing agent as soon as is reasonably possible following the date of such purchase by the head of the county agency concerned and such report shall be provided by the purchasing agent to the SCFMC.

(g) The purchasing agent, in authorizing deviations from the competitive bidding requirements in emergencies, shall not include conditions arising from neglect or indifference in anticipating normal needs. Emergency purchases shall be limited to needs arising which are not normally foreseeable.

- (2) Determine whether a deposit or bond is to be submitted with a bid on a purchase or sale, and if required, prescribe the amount and form of the deposit or bond, and provide for the forfeiture of the deposit or bond if the successful bidder refuses to enter into the contract and to determine the time for such forfeiture after the award of the bid. Such determination shall not conflict with existing state statutes for construction contracts;
- (3) Prescribe the way invoices for personal property and contractual services delivered to any of the agencies of the county shall be submitted, examined, and approved by the purchasing agent; and
- (4) Provide for all other matters as may be necessary to give effect to the duties of the SC FMC and purchasing agent.

(j) The SCFMC shall establish policies, subject to the approval of the county legislative body, for the disposal or transfer of surplus, obsolete, or unusable personal property. These policies may provide for the transfer to or between county agencies of personal property on hand which are surplus with one county agency, but which may be needed by others. However, a head of a county agency shall not be required to transfer any item of personal property in his or her custody without his or her consent except in an actual emergency or disaster.

(k) The county mayor or any department head or officer of the county having custody of real property may request that the real property over which the mayor, department head, or officer has custody be declared surplus and be sold or transferred from the ownership or possession of the county or the custody of the mayor, department head, or officer. Any such request shall be made to the SCFMC. The SCFMC shall make recommendations to the county legislative body regarding whether the real property requested to be declared surplus should be kept, its use changed, sold, or otherwise disposed of, and shall make a recommendation as to the proper use or disposition of the property to the county legislative body, which shall make the final determination as to the use and disposition of all county real property not titled to or leased by the county board of education. The county legislative body shall make the final determination as to the disposition of all real property titled, including property assigned to the board of education.

(l) The purchasing agent shall:

- (1) Develop requisition forms to be used by the various agencies of the county, subject to approval by the SCFMC;
- (2) Review requisitions, including specifications in accordance with Section 23 of this act;
- (3) Conduct formal and informal bid solicitations in accordance with the provisions of this act;
- (4) Make a record of all informal bids solicited, all informal bids received, and the successful bid and bidder, including the time of each such action;

- (6) Evaluate and compare bids and award purchases designated by the SCFMC to be awarded by the purchasing agent;
- (7) Issue purchase orders when appropriate based upon completed requisitions;
- (8) Prepare contracts, leases, and lease-purchase agreements. The purchasing agent shall prepare contracts, leases, and lease-purchase agreements with the aid of the legal counsel if such office or position is established, or with the aid of an attorney employed or retained by the county mayor or board of education;
- (9) Sign all contracts with the signature of agreeing respective department for all major contracts as the SCFMC determines;
- (10) Perform duties regarding the transfer or disposition of surplus, obsolete, and unusable personal property as directed by the purchasing committee;
- (11) Ensure that capital projects that have been approved in the capital projects budget and operating budget and funded according to law shall be competitively bid by the purchasing agent according to the requirements approved in the capital projects budget and operating budget; and
- (12) Perform such other duties as may be prescribed by the SCFMC.

(m) The finance director, purchasing agent, members of the committee, members of the county legislative body, or other officials, employees, or members of the board of education or highway commission, including spouses, shall not be financially interested or have any personal beneficial interest either directly or indirectly, in the purchase of any supplies, materials or equipment for the county.

(n) Any official or employee under the employment of the SCFMC that is found to be in violation of this act or failure to conform to the provisions of this act commits a Class C misdemeanor and is subject to removal from office or position.

SECTION 21. Approval of Contracts & Leases --

(a) In addition to the approval process established by the SCFMC, contracts, leases, and lease-purchase agreements shall be approved by the county attorney or such other legal counsel as appropriate, if such office or position is established, or by an attorney employed or retained by the county mayor or board of education, prior to execution when the dollar amounts involved exceed an amount determined by the SCFMC to assure compliance with law and proper form.

3. Where, by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of the enactment of the regulation or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or conditions of such piece of property, the strict application of any regulation enacted under this Act would result in peculiar and exceptional practical difficulties to or exceptional and undue hardship upon the owner of such property to authorize, upon an appeal relating to said property, a variance from such district application so as to relieve such difficulties or hardship, provided such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of the zone plan and zoning resolution.

SECTION 7. *Building Commission.* That the county court may provide for the enforcement of its zoning regulations by means of the withholding of building permits and, for such purpose may establish and fill a position of county building commissioner and may fix the compensation attached to said position. From and after the establishment of such position and the filling of same, it shall be unlawful to erect, construct, reconstruct, alter or use any building or other structure without obtaining a building permit from such county building commissioner, and such building commissioner shall not issue any permit unless the plans of and for the proposed erection, construction, reconstruction, alteration or use fully conform to all zoning regulations then in effect.
