SECTION 3. That the administrative details of accounting and purchasing, auditing and budgeting, matters pertaining to finance, the drawing of warrants, the keeping of books and records of the County and all similar details shall be under the supervision of the Commission. The County Court shall prescribe, install, and maintain a centralized system of double entry accounting and fiscal control of all County funds, and may prescribe and supervise the administrative and fiscal procedures to be employed by each County office, agency and department and may require such records, reports and procedure and such general business methods as may to the Court seem desirable and necessary. But the system of accounts to be kept by the Department of Education shall be such as may be prescribed by the Department of Education of the State of Tennessee. The accounting system herein provided shall properly account for all revenues accruing to the County from any and all sources, including grants-in-aid or other income from the State and/or the Federal Government, and all disbursements made and obligations against any County fund or any fund administered by any branch of the County Government.

The Commission shall be the purchasing agency for the County and the County Court is authorized to employ all necessary assistants to the Commission and to fix and pay compensation therefor. The plans and specifications shall be adopted or supplied by such Board or official having jurisdiction. No County official or Board other than the Commission shall have any authority to make purchases or to let contracts as set out above which bind the County." The purchase of supplies, materials or properties in any one class in excess of Five Hundred (\$500.00) Dollars shall be made upon competitive bids, after due notice by advertisement or otherwise to prospective bidders; purchases in smaller amounts shall also be made at lowest and best price possible provided, however, that in case of emergency, competitive bids shall not be required. As amended by: Private Acts of 1978, Chapter 193

SECTION 4. That all County officials, commissions or boards and all authorized clerks of any Court in said County shall make requisition upon the Commission for the quantity and character of supplies, materials or properties needed or the needs of which are anticipated; and if such Commission be satisfied that the quantity, quality and character of such supplies, materials or properties so requisitioned are proper and

necessary, it shall proceed to purchase the same and make delivery thereof to the requisitioning officer, or officials, Board of Commission, or if deemed advisable store the same in such storage space as may be provided, delivery thereof to be made when, and if needed.

Said Commission after ascertaining that all materials, supplies or properties so requisitioned, and for which purchase orders have been issued are in order and properly accounted for from packing slips, invoices, etc., when delivery is made to requisitioner which are to be properly signed by an assistant or assistants of the Purchasing and Finance Commission office as a receiving report.

It shall further be the duty of all requisitioners, for which purchase orders are issued, to keep in their possession records of the disposition of all supplies, materials or properties and are to be held accountable to the said Commission for such records which shall periodically be audited by the Purchasing and Finance Commission office for a check of the disposition of all supplies, materials and properties, chargeable to such departments or officials.

It shall be the duty of all officials of the County to supply the Purchasing and Finance Commission with a property report of all equipment, office furniture, fixtures, office equipment, properties and supplies chargeable to such officials and officers, etc., and belonging to the County which shall be a permanent record of the Commissions' office, such properties, furniture, equipment, etc., shall be audited monthly by assistants of the Purchasing and Finance Commission office.

The Commission, or its assistant or assistants, shall prepare all necessary and proper vouchers for purchases made and shall accompany the same with the invoices and information as to price, quantity and character of such supplies, materials or properties. Said invoices are to specify the department or office for which the purchase was made, a warrant for which shall be drawn upon the County Trustee, signed by the Chairman of said Commission and by the County Judge or Chairman of the County Court, for the payment of all purchases made, with the exception of purchases made for supplies, materials and properties chargeable to the public school fund of said County, and for such purchases the invoice with the accompanying data aforesaid shall be presented to the County Board of Education, which shall draw its own warrant, or warrants, in payment thereof as now provided by law, and said Trustee shall not honor any warrant for the purchase of supplies, materials and properties or contracts as set out above other than those drawn by the County Board of Education and the County Purchasing and Finance Commission.

Said Commission shall make reports, listing all purchases and contracts consummated by it to the regular meetings of the County Court for the preceding quarter.

Said Commission shall be responsible for the auditing and checking all county officials, employees, Boards of Commissions and the County Court shall make available to it all necessary help and assistance, technical, expert or otherwise as may be advisable to the end that systematic audits, checks and surveys may be made at such times and in such manner as the County Court may determine and a report thereof kept in the office of the Commission for public inspection. Said County Court shall have authority to employ a certified public accountant who is not otherwise an employee of the County, or a firm of such accountants, and may enter into contracts with them on behalf of the County prescribing the method and time of such audits but the books and records of such County officials, Board of Commission, shall be audited not less than once each year, provided, however, that the expense of said audits shall not exceed Three Thousand Dollars (\$3,000.00), per year.

SECTION 5. That the scale of wages and salaries of all employees of the Highway Department shall be subject to the approval of the said Commission. And all authority to draw warrants on Highway Department funds in the hands of the County Trustee shall be removed from the Highway Supervisor and placed in the Commission, the same as for purchases. The County Highway Department shall submit its payroll to the Commission and if found in order it shall draw warrants in payment of it as above set out for payment for purchases of supplies, materials and properties.

SECTION 6. That until otherwise prescribed by the County Court, the fiscal year of the Government of Rhea County shall begin on July 1st and end on June 30th each year. **SECTION 7.** That there is hereby created a County Budget Committee for Rhea County composed of the Chairman of the County Purchasing Commission, the County Judge or Chairman of the County Court and three Justices of the Peace appointed or elected by the Quarterly County Court at its April term.

It shall be the duty of said Budget Committee, after full investigation of the fiscal affairs of each Department, Board, Commission or office to adopt a proposed budget for the next fiscal year beginning on the next July 1st, for all affairs of the County, except schools. Said proposed budget shall set out in detail the estimated expenditures for each department of the County Government by months where practical and otherwise by quarters. Expenditures for each such period shall substantially comply with the budget for the period. It shall also recommend a tax levy for each department of the County Government which, together with any unencumbered funds in the hands of the Trustee less a reserve for erroneous

assessments and delinquent taxes for that year, it believes will be sufficient to operate each department of the County Government on a cash or "pay as you go basis."

This proposed budget shall be prepared in time to furnish a copy of it to each member of the County Court, to all interested officials and to newspapers for publication not later than June 1st immediately preceding the beginning of the fiscal year covered by the proposed budget.

This proposed budget shall be submitted to and acted upon at the July Term of the County Court. The County Court may modify as it sees fit such budget before its adoption but it shall make a tax levy upon the adoption of such budget sufficient to operate the County affairs on a "Cash" or "Pay as you go" basis, as outlined above.

SECTION 8. That it is the purpose of this Act to provide for the "Cash" basis operation of all fiscal affairs of Rhea County. To that end no purchase shall be made for any department until it is determined and certified by the County Central Accounting office that there is an unencumbered fund in the hands of the Trustee to the credit of the department for which the purchase is to be made, sufficient to pay for said purchase. It is further provided that no warrant shall be drawn by any County official until an encumbrance number has been assigned to it by the Central Accounting office and no encumbrance number shall be so assigned unless and until the Central Accounting office shall have determined that there is sufficient unencumbered funds in the hands of the Trustee to the credit of that particular department to pay such warrant.

SECTION 9. That the Commission shall have authority to purchase road equipment for the County highway upon rental purchase basis, after ascertaining there is sufficient income from road funds to make said rental payments under any contract so made. This right to make such rental purchase contract is provided because the said County does not have sufficient cash on hand at all times from road funds to make cash payments for heavy machinery used for said Highway Department and unless the Commission is given this right, said County could be deprived of machinery needed for said County roads.

SECTION 10. That it shall be a misdemeanor in office for any County official of Rhea County to willfully authorize or execute any contract for service or make any purchase or draw any warrant on the Trustee without having first determined as above set out that there is an unencumbered balance in the current budget for the affected department and that there is in the hands of the Trustee unencumbered funds to pay for all the purchase or to pay the warrant, or to make any purchase from any vendor in which he has any personal interest directly or indirectly and upon conviction for this personal offense, the official shall be dismissed from his office and disqualified for holding any public office in Rhea County, for a period of Five Years.

SECTION 11. That the County Judge or County Chairman, the Supervisor of Roads and the members of the County Purchasing and Finance Commission are hereby constituted a County Highway Supervisory Committee. The County Judge or Chairman shall be its chairman. Said Committee shall approve in writing a program of Road maintenance and construction for each quarter of the budget year which shall be followed by the Supervisor of Roads in expending of County Road Funds. This program shall set out what roads are to be constructed and/or improved and in what order. The above program shall provide a fair and equitable distribution of road construction, improvement and maintenance as between the Civil Districts and various communities of the County. Account shall be taken of such matters as population, road mileage, mail routes, and work previously done in the several districts and communities and the current condition of the roads.

All machinery, tools and materials for use by the Highway Department shall be requisitioned by the Supervisor of Roads subject to the approval of the Commission. This committee shall have full authority to act for the County in making recommendations to the State Highway Department as to where and how State and/or Federal Highway funds available to the County shall be spent. The employment of personnel, with the exception of a bookkeeper, and their salaries shall be upon the recommendation of the Supervisor of Roads and subject to the approval of the Commission. The Purchasing and Finance Commission shall employ a bookkeeper for the County Highway Department, and the Road Supervisor or the County Highway Supervisory Committee shall have no authority to employ a bookkeeper for said Department. Said bookkeeper for said Department to be paid out of the road funds.

SECTION 12. That should any section, or part of a section, of this Act be declared unconstitutional, or for any reason invalid, same shall not be held to impair or invalidate the constitutionality, validity, force or effect of any other section or part of this Act, it being expressly declared by the General Assembly that this Act and the remaining sections, or parts of sections, would have been approved or adopted without regard to the invalidity or unconstitutionality of any part of a section, unless it clearly appears that the remainder of the Act be necessarily dependent upon that part declared invalid or unconstitutional.

SECTION 13. That all laws, or parts of laws, in conflict with or inconsistent with the provisions of this Act,

or any part thereof, are hereby repealed, and this Act shall take effect from and after its passage, the public welfare requiring it, but this Act shall not have the effect of removing from office the present Board of Commissioners elected by virtue of Chapter 48, of the Private Acts of 1953 or to amend, alter, or abridge their duties or authority under Chapter 48 of the Private Acts of 1953 until their term expires on August 31, 1956.

SECTION 14. That this Act shall have no effect unless the same shall have been approved by two-thirds vote of the Quarterly County Court of Rhea County, Tennessee, on or before the next regular meeting of said Quarterly County Court occurring more than Sixty Days after its approval by the Chief Executive of this state. Its approval or non-approval shall be proclaimed by the Chairman of the Quarterly County Court of Rhea County, Tennessee, and shall be certified by him to the Secretary of State.

Passed: March 9, 1955.

Retention of Government

Private Acts of 1978 Chapter 194

SECTION 1. Unless otherwise required by general law or constitutional provision, the governmental organization of Rhea County shall remain as now provided for by general law or private act, and the powers, duties, and authority of each component of such county government shall remain unchanged by actions taken by any other local government on such local government's behalf.

SECTION 2. This Act shall have no effect unless it is approved by a two-thirds (2/3) vote of the Quarterly County Court of Rhea County before September 1, 1978. Its approval or nonapproval shall be proclaimed by the presiding officer of the Quarterly County Court and certified by him to the Secretary of State.

SECTION 3. For the purpose of approving or rejecting the provisions of this Act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective upon being approved as provided in Section 2.

Passed: February 27, 1978.

Administration - Historical Notes

Budget System

The following acts once created a budgeting system for Rhea County, but they have been specifically repealed or superseded by current law. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1931, Chapter 467, created a three member Budget and Finance Commission for Rhea County which would be elected annually by the Quarterly Court and sworn to perform their respective duties. The Commission would meet no later than December's first Monday to make a careful study of the financial conditions and needs of the County for the coming fiscal year beginning January 1 and ending December 21, except in the school department whose fiscal year would run from July 1 through June 30. The Commission would prepare a suggested budget showing in detail the financial condition and needs of the county and a suggested tax rate to produce the funds necessary to meeting those needs, and present the same to the Quarterly Court. The School Board would submit their budget request not later than March 15 each year. The budget, as proposed and adopted, would be printed in some newspaper. Any county official exceeding the budget allotment was subject to fine and forfeiture of office and it was the mandatory responsibility of the Commission to report and prosecute such events. Any purchase made in excess of available funds constituted an illegal and unenforceable contract.
2. Private Acts of 1937, Chapter 862, also created a budget system for Rhea County but repealed only the conflicts of any prior law. The Commission was increased to five members, the Act naming E. M. Williamson, Chairman, Mrs. Daisy Morgan, Secretary, and W. R. Spivey, Creed Cunningham, and Mrs. Ethel England as members. Each member would be paid \$75 per year for their services. The remainder of this Act coincides with the provisions of its predecessor, analyzed in Item One above. This Act was repealed by Private Acts of 1949, Chapter 317, below.
3. Private Acts of 1943, Chapter 127, created the office of County Auditor in Rhea County and made it the duty of the Quarterly Court at its April, 1943, term to elect some person with a substantial knowledge of bookkeeping and accounting as the County Auditor who would serve a term of four years at \$1,200 a year compensation payable monthly. He shall be the Director of the Budget and

examine the accounts for all the departments to see that they stay within their budget allotments; to examine the records and expenditures of all the county agencies to see whether any revenues are due the County, including the Justices of the Peace. He shall file a report by March of each year with the Court showing the results of his audits and the action taken to correct the discrepancies found. This act was repealed by the one following.

4. Private Acts of 1945, Chapter 604, amended Private Acts of 1937, Chapter 862, by appointing Charles C. Keith and E. C. Byron as members of the Budget Commission, and by adding a provision that the terms of all the members of the Commission shall expire on the first Monday in July, 1945. Each member of the Commission would be paid \$100 a year, payable quarterly, out of the general fund account of the County on the warrant of the County Court Clerk, countersigned by the County Judge, or Chairman.
5. Private Acts of 1949, Chapter 25, specifically repeals Private Acts of 1943, Chapter 127, above, as the same was written.
6. Private Acts of 1949, Chapter 317, reorganized through the Quarterly Court of Rhea County the fiscal affairs of the government by giving the Quarterly Court the power to adopt Ordinances and Resolutions prescribing detailed procedures to be followed in the Administration of Finance, personnel, and the procedures of each office, official agent, employee, department, institution and activity of the Rhea County Court, including, but not limited to, assessment of property, levying of taxes; the handling of funds of all kinds, fiscal procedures and methods, regulating electrical, plumbing, and building codes, and providing for the penalties to be imposed on violations. This Act created a Purchasing and Finance Commission, prescribing the qualifications for members and naming Birch Arnold, Craven Hinch and James M. Abel, as members, all of whom would be paid \$300 a year. The scale of wages to be paid in the Highway Department must first be approved by the Commission, which is in charge of all county finances. The County Budget Committee would be composed of the Chairman of the Purchasing Committee, the County Judge, and three justices of the peace, members of the court, whose duties and authority are enumerated herein. The County Highway Supervisory Committee was made up of the County Judges, the Supervisor of Roads, and the members of the Purchasing Commission. This Act expressly repealed Private Acts of 1937, Chapter 862, Item 2 above, and was in return repealed by Private Acts of 1953, Chapter 47, below. This Act was upheld by the Supreme court in Hicks v. Rhea County, 189 Tenn. 384, 225 S.W.2d 544 (1949).
7. Private Acts of 1953, Chapter 47, repealed Private Acts of 1949, Chapter 317, in its entirety.

County Attorney

The following acts once affected the appointment, election, or office of the county attorney in Rhea County. These acts are included for historical reference only. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1931, Chapter 659, created in Rhea County, identified by the use of the 1930 Federal Census figures, the position of County Attorney whose compensation shall be fixed at \$50 per annum, retainer fees, and such additional sums as may be appropriated by the County Court for services rendered, all of which shall be paid quarterly by the Court. The County Attorney shall give legal aid and advice to all county officials, attend all meetings of the County Court, and represent the County in all litigation. The County Attorney could be removed by the Court. This Act was repealed by the one below.
2. Private Acts of 1933, Chapter 70, repealed Private Acts of 1931, Chapter 659, above, in its entirety.

County Executive

The references below are of acts which once applied to the office of county judge, or county executive in Rhea County. They are included herein for historical purposes only. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1856, Chapter 253, established the post of County Judge in every Tennessee county, who would be elected by the people for a four year term. The first election would occur on the first Saturday in May, 1856, under regular election laws. The Judge shall be learned in the law, sworn to office, and commissioned as other Judges. The Quorum Courts were abolished and their functions assigned to the Judge. The Courts would convene on the first Monday in every month and hold open until the dockets were completed. The jurisdiction of the Court is defined in the Act plus the fact that the Judge would be the accounting officer and general agent of the county for which positions general assignments were enumerated. The County Court Clerk would serve as the Clerk. The Judge shall not be precluded from practicing law in other courts than the one over

which he presided. This Act was repealed by the one below.

2. Acts of 1857-58, Chapter 5, expressly repealed Acts of 1856, Chapter 253, above, as it was written, and restored all the laws rendered inoperative by it.
3. Private Acts of 1923, Chapter 398, created the position of County Judge for Rhea County who would serve an eight year term and be paid \$1,800 annually. The Judge would be sworn and commissioned as other Judges and vacancies would be filled by appointment of the Governor until a Judge could be popularly elected by the next general August election. The office of Chairman was abolished, these duties being given to the Judge, and his other responsibilities were listed in eight separate paragraphs in Section 5 of the Act. The Court was required to be open at all times and process was to be made returnable to the first Monday occurring after five days from issue. The Quarterly Court would continue to meet as before on the first Monday in January, April, July, and October. The Clerk's duties would continue as before and he would keep a well bound docket book in addition. Again, the Judge could practice law in all courts except the one over which he presided. This Act was repealed in Item 5, below.
4. Private Acts of 1927, Chapter 739, amended Private Acts of 1923, Chapter 398, Section 5, by granting to the County Judge the authority to vote on issues before the Court in case the vote is a tie, and by giving him the further jurisdiction to issue injunctions to the same extent exercised by Circuit Judges and Chancellors.
5. Private Acts of 1949, Chapter 485, expressly repeals Private Acts of 1923, Chapter 398, as amended, above, in Item 3.
6. Private Acts of 1968, Chapter 491, created the office of County Judge in Rhea County, but was rejected by the Quarterly Court and never became an active law under the Home Rule Amendment to the Constitution of the State. The Judge, who must be 30 years of age, or older, a resident of the county for five years preceding, would be elected to an eight year term by popular vote in November, 1968, entering upon the office January 1, 1969 and complete the term ending September 1, 1974. He would be sworn and commissioned as other Judges of courts of record and be compensated at the rate of \$7,800 a year. The office of Chairman was abolished as of January 1, 1969, and the Judge would assume all the responsibilities and jurisdiction of that office. The Judge must keep an office in the Courthouse and devote his full time to the position. All of the above was subject to approval by referendum

County Legislative Body

The following acts once applied to the quarterly court or the county legislative body of Rhea County and are included herein for historical purposes. Also referenced below are acts which repeal prior law without providing new substantive provisions.

The Act named B. M. Wilbur, to be commissioned to serve as the new Justice of the Peace until September 1, 1938, when his successor, elected at the general August election in 1938, would take office.

Port Authority

1. Private Acts of 1963, Chapter 247, created a Port Authority in Rhea County and Meigs County on the Hiwassee River calculated to expedite transportation and commerce and which would exercise those powers specifically granted herein. Six Commissioners, three from each county, elected by the people, would operate the Authority with whatever employees might be needed. The Authority

could exercise the power of eminent domain within the confines of this Act and the general law, and may issue bonds where certain conditions precedent are met. The County Courts of the respective counties nominate the Commissioners to be voted on, and no Justice of the Peace is eligible to serve. The Commissioners would not be paid except such per diem as might be allowed by the Quarterly Court but can be paid their legitimate expenses. Each county would pay one-half of the expense generated including the employment of architects. The operation of the Port Authority is declared to be a governmental function for which the Quarterly Courts may appropriate funds. A priority schedule for the expenditures of funds is established and the Act is intended to promote the navigation of the Little Tennessee River. This Act was disapproved by the Quarterly Court and never became an effective law

Members of the Commission must be sworn and bonded, would meet every Wednesday at the Courthouse in public meetings of which minutes would be kept at all times. No member of the County Court was eligible to serve and vacancies would be filled by the remaining members, unless they could not agree, whereupon the County Judge, or Chairman, would fill the vacancy. The Chairman would be paid \$600 a year, and the members \$300 a year. The Commission would supervise all accounts and purchasing procedures, instituting a system of double entry bookkeeping, make all purchases for the county, employing such help as may be needed to do so, and soliciting competitive bids on all items over \$100. The Commission was responsible for the disposition of surplus property and the audit of each department every year, or to hire someone to do it at a compensation of less than \$3,000. The Highway Supervisor was not allowed to draw on highway funds. The Commission would prepare and submit a budget from requests of the Department heads and be prepared to report and prosecute anyone who exceeded, or violated, the budget allocations, once adopted. This act is repealed in Item 3.

Nothing in this Act shall be construed to preclude the Sheriff of Roane County from collecting the State, County, and poor tax due in that part of Rhea and Bledsoe Counties.
3. Acts of 1815, Chapter 75, stated that all that part of Rhea County lying north and east of the following described line, that is, beginning at White's Creek near Matthew English's saw mill, at the mouth of Crab Orchard Creek, thence running up said creek to the mouth of Burkes's Creek, thence a direct course to the new corner of Roane County, at the line of Overton County, is hereby declared to be and made a part of Roane County.
4. Acts of 1815, Chapter 200, extended the boundaries of Roane County and used the boundary lines of Rhea County as part of the description but this Act apparently does not affect the area of Rhea County.
5. Acts of 1817, Chapter 13, provided that Rhea County begin on the South Bank of Tennessee River, opposite the mouth of White's Creek in Rhea County, thence South thirty degrees East, to the southern boundary line of this State, thence West with said boundary line to a point opposite the mouth of Opossum creek that empties in on the north side of said river; thence a direct line to the mouth of said creek; thence north thirty degrees West to the extreme height of Waldens Ridge, thence east, with Bledsoe county line, until it intersects Roane County or White's creek; thence down said creek, as it meanders, to the beginning.

8. Acts of 1821, Chapter 169, provided that the line running between the counties of Rhea and Hamilton, shall commence at a point one half mile below Blythe's ferry, and Benjamin Jones and John Russell, thence up the foot of the said mountain to the line of said counties as now run and marked.
9. Acts of 1833, Chapter 16, extended the Jurisdiction of the State over a portion of the Cherokee Indian Reservation and thereby enlarged the areas of several counties, including Rhea. The Act provided, among other things, that the county of Rhea, in addition to its present limits, shall commence at the point where Hamilton County terminates on the bank of the Tennessee River, as provided in this Act, running thence along said line to the house now occupied by Wilson Evans, thence a direct line to a point on the Hiwassee River, opposite the first large ridge above the mouth of Price's Creek.
10. Acts of 1833, Chapter 214, provided that the line dividing the counties of Rhea and M'Minn, shall continue from the south bank of Hiwassee river, crossing said river opposite to the foot of the first large ridge, above the mouth of Prive's creek, thence along the extreme height or top of said ridge, as it meanders until it strikes the south line of the top of said ridge, which runs from the eight mile tree or stake from the mouth of White's creek, as established by the act of 1819, fixing the lines between the counties of Rhea and Roane, leaving John Igon's plantation, William Moore's plantation, Matlock's Mills, and the whole of the back valley so called and its meanders on the

north side of Rhea county.

11. Acts of 1837-38, Chapter 259, changed the boundaries between Rhea and Roane Counties so as to include the land and possessions of Leonard C. Nance wholly within Roane County. M. Bowers, which were all formerly located in Hamilton County, in Rhea County.

17. Acts of 1881, Chapter 143, changed the lines between Bledsoe County, Rhea County, and Hamilton County so as to attach the lands of James Sladen to Bledsoe County. See case of McMellan v. Hannah, 106 Tenn. 691, 61 S.W. 1020 (1901), declared this act to be unconstitutional in Cheatham County because Cheatham County was under the land area requirements for counties as established in the Constitution to begin with, but the unconstitutionality would not affect Rhea County.
18. Acts of 1889, Chapter 25, moved all the lands and improvements belonging to Oxshee John Thurman out of Rhea County and into Bledsoe County.

Court System - Historical Notes

Board of Jury Commissioners - Jurors

The following act once affected jurors or boards of jury commissioners in Rhea County, but is no longer operative.

1. Private Acts of 1939, Chapter 401, created a three member Board of Jury Commissioners for Rhea County, composed of discreet people, householders, who would be appointed by the Circuit Judge, or the Judge having criminal Jurisdiction, who would be sworn according to the oath contained in the Act and organize by choosing a Chairman. The Circuit Court Clerk would be the Clerk and also be sworn with the oath in the Act. The Board would select from the taxrolls, or some other source of public information, a list of reputable people not to be less than one-eighth of the number of votes cast in the last presidential election but the names chosen shall not be less than 250 or more than 1,000, who shall be the Jurors for the next two years. The Clerk shall secure a well-bound book and the names selected shall be entered in this book in alphabetical order, and certified at the end by all three members of the Board. The names were also to be placed on cards, or scrolls, placed in a box which would be sealed and locked and never opened except in the presence of the Board and then only to draw names. From ten to fifteen days before the term of Court was to open, the box would be brought out, shaken, and a child under ten years of age would draw out of the box the number of names needed for jurors for that term of Court, or the number of jurors as may be ordered and determined by the Court. These names would be placed in an envelope and delivered to the Judge by the Chairman of the Board. These names also were to be recorded in the book. The jury panel hereby drawn, if exhausted before adequate juries are obtained, would be replaced by another panel chosen in the same way. Three days before Court would open, the Sheriff would summon those selected who could be excused only by the Judge and then only for the reasons set out in the Act.

Elections - Historical Notes

The acts listed below have affected the civil districts in Rhea County, but are no longer operative regarding elections.

1. Acts of 1835-36, in Resolution #3 named the people in each County of Tennessee who would be responsible for laying off the County into Civil Districts determined by the total population of the County. In Rhea County, William T. Gillenwaters, William Johnson, Stephen Winton, Abraham Cox, Jr. and John D. Chatten, were named to accomplish this purpose.
2. Acts of 1899, Chapter 163, established four Civil Districts instead of the fourteen then existing, describing these four with a metes and bounds description. Generally the First Civil District was the area north of the Piney River to the Cumberland County Line; the area in the County between Clear Creek and in the direction of Bledsoe County was the Second Civil District. The other two Districts had a more complicated description and they are not repeated here.
3. Private Acts of 1953, Chapter 49, abolished the four Civil Districts of Rhea County and created two Civil District in their stead. All the area south of Clear Creek constituted the Second Civil District. Charles McCuistion and James Grashain were named as Justices of the Peace in the First District, and Clyde Roddy, George Wilkey, and Boss Knight were nominated the Justices of the Second District. All the Magistrates serving incorporated towns shall continue. See Byrd v. Rhea County, 207 Tenn. 63, 338 S.W.2d 545(1960).
4. Private Acts of 1955, Chapter 312, abolished the two Civil Districts of Rhea County and replaced them with four, all being generally described in the Act. Provisions were made for the Justices of the Peace for the new Districts to be elected at the General County Election in August, 1960. This Act was properly ratified according to the requirements of the Home Rule Amendment to the Constitution and thus become effective law. This act was another construed by the court in the case of Byrd v. Rhea County, 207 Tenn. 63, 338 S.W.2d 545 (1960).
5. Private Acts of 1959, Chapter 346, was enacted before the above Act become effective. This Act is published herein.
6. Private Acts of 1972, Chapter 227, abolished the four existing Civil Districts of Rhea County and created three in their place, which were in conformity with the apportionment ordered by the Federal Courts.

Highways and Roads - Historical Notes

The following is a listing of acts which once had some effect upon the county road system in Rhea County, but which are no longer operative. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1821, Chapter 6, required the County Courts of all the counties in Tennessee to index and classify the roads in their counties into three classes, determined primarily by the width, use, and surfacing material of the road. Roads of the first class had to be maintained to a higher degree

than the others. There were Penalties in this Act for obstructing the roads and for failing to comply with the terms of this Act. This Act may have been the first step taken which has led to Tennessee's fine State and County road and transportation systems.

2. Acts of 1826, Chapter 190, appointed Benjamin Jones, and Phillip Abel, of Rhea County, as Commissioners for a turnpike road, running through Rhea, Hamilton, and Bledsoe Counties. The Act further provided that all people of these three counties who have assisted in the opening of this road, who have worked upon it before the passage of this Act, and all persons going to and from mills, musters, church, or blacksmith shops, are exempt from paying toll on this road.
3. Acts of 1829, Chapter 6, named George Dawson of Bledsoe County, and James Preston, of Rhea County, as the Commissioners for a turnpike road which would be built and maintained by Randolph Ross and Reuben Ross, with George Gordon.
4. Acts of 1829, Chapter 134, stated that the proprietors of the turnpike which crosses Walden's Ridge in Rhea and Bledsoe Counties shall not hereafter be required to pay a tax greater in amount than \$10.
5. Acts of 1829-30, Chapter 40, named William T. Gillingwater, of Rhea County, as an additional Commissioner on the turnpike road leading from the foot of Walden's Ridge in Bledsoe County to the foot of the said Ridge in Rhea County, commonly called Beattie's Turnpike.
6. Acts of 1829-30, Chapter 53, released and discharged the owners and proprietors of the turnpike road leading from Bledsoe to Rhea County, known by the name of Beattie's Turnpike, from paying any tax for keeping a turnpike toll gate on the said road.
7. Acts of 1829-30, Chapter 209, appointed John Ayers and Herman Collins, of Bledsoe County, as Commissioners for the Turnpike Road running from Acquilla Johnson's and running thence near Sam Cathey's mill, Bledsoe County, crossing Walden's Ridge in the most direct line to Washington in Rhea County, at or near Orvill Paine's.
8. Acts of 1839-40, Chapter 150, was the enabling law for Moses Thompson, of Rhea County, to open a turnpike road, starting in Grassy Cove in Cumberland County and crossing Walden's Ridge by the most practical route to the foot of the mountain in Rhea County which allowed him to charge the same tolls as on other turnpikes. The Act named Weatherton S. Greer, of Bledsoe County, James J. Cash, and E. E. Warson, of Rhea County, as Commissioners to examine the road periodically. The people living in the First Civil District of Rhea County and the Second Civil District of Bledsoe County were exempted from paying the tolls on the road. This Act was repealed by the one following.
9. Acts of 1859-60, Chapter 89, expressly repealed the 1839 Act above which related to Moses Thompson. This Act was the legal authority for William R. S. Thompson to build a turnpike road starting from near Grassy Cove in Cumberland County, running across Walden's Ridge to the foot of the mountain in Rhea County, which would descend the mountain between David Roddy's gap and the Piney River. The road must meet the specifications set up in the Act. James Robison, of Rhea County, and John Garrison, of Cumberland County, are named to examine and inspect the work as it progresses and every six months after completion for which they would each be paid \$2 per day. The right to charge the tolls specified in the Act would endure for the 25 year life of the franchise period. All tollgate keepers on the road must take an oath that they will not charge any greater amount for tolls than the ones specified in the Act.
10. Acts of 1865, Chapter 20, authorized F. A. Henagar, James R. Rigsby, George W. Rider, and Abel A. Pearson to establish a turnpike road across Quall's Trace of Walden's Ridge, beginning at the point where J. L. Hutchison formerly lived in Rhea County and running thence to Bridgeman's Mill in Bledsoe County.
11. Acts of 1865-66, Chapter 25, appointed William A. Green and Robert R. Barger, both of Rhea County, and William Skillem, of Bledsoe County, as the Commissioners for the Kinka Turnpike, whose Charter is hereby reviewed.
12. Acts of 1869-70, Chapter 43, granted to the Cincinnati and Southern Railroad the right to enter upon any land in the several counties listed in the Act, including Rhea County, for the purpose of examining and selecting the rights of way for the Railroad, which would commence in the City of Chattanooga and extend to the northern boundary of the State.
13. Acts of 1901, Chapter 136, applied to all counties under 70,000 in population. The Act was a general road law for all affected counties which allowed the county court to appoint a Road Commissioner for each Road District, which would be coextensive with the Civil Districts. The commissioners would be in office for two years discharging the duties listed in the Act. The county court must assign road hands to the districts and determine the number of days each was

- required to work which must be no less than five nor more than eight. The quarterly courts must further levy a special road tax of two cents per \$100 or property valuation for each day they decide for the road hands to work, but two-thirds of this tax may be worked off. Commissioners would name the overseers in each District who were in immediate supervision of the roads, who would establish reasonable specifications for the roads to be built, who would index and classify the roads, and who would hear and dispose of the petitions for opening, closing, or changing roads. The county court had the authority to contract some of these roads repair and maintenance out. The Commissioners would be paid the same amount as the justices of the peace for their attendance at the quarterly court. A road tax not to exceed 20 cents per \$100 property valuation was to be levied for expenditure in the County road system.
14. Acts of 1905, Chapter 478, amended Acts of 1901, Chapter 136, above, in several minor particulars, but most substantially in the procedures to be followed to secure rights of way for the county and state roads, especially where and when the power of eminent domain had to be used to obtain the same.
 15. Private Acts of 1921, Chapter 844, directed that K. F. Johnson and M. D. Hinds be added to the Board Commission to build lateral roads in Rhea County and their powers, duties, and compensation shall be the same as the other members of the Board Commission (See Bond Issues for Roads.)
 16. Private Acts of 1933, Chapter 151, created a Department of County Roads in Rhea County, identified by the use of the 1930 Federal Census, whose management would be vested in a five member County Road Commission and a Supervisor of Roads. No member of the county court could serve in either position nor could they be members of the county court. Five Road Zones were set up which were made up of whole Civil Districts, and one commissioner would be elected from each District by the people. Regular meetings of the commission would take place on the first Tuesday in each month but called meetings could be held at any time. Their compensation was \$3.00 for each regular meeting and nothing for a called meeting. The Commission would be in charge of all the roads, bridges, and culverts in the county, except those under the supervision of the state, hear and dispose of petitions to open, close or change a road, but all bridges costing over \$300 had to have prior approval by the county court. The purchasing commission would procure materials, placing all items over \$350 on competitive bids. The Act named to the Board G. C. West, Charlie Tooley, C. E. Reid, O. D. Wilburn, and W. J. Jared for the respective Districts in that order. The Commission would report to the County Judge, or Chairman, the condition of the road funds each month. All males outside cities between the ages of 21 and 50 must work 6 days on the roads, or pay over \$6. Penalties were provided for those in violation of any of the terms and conditions of this Act, which was later repealed as amended by Private Acts of 1943, Chapter 152.
 17. Private Acts of 1935, Chapter 415, amended Private Acts of 1933, Chapter 151, Section 3, above, by striking the provision for a compensation of \$3.00 per day for members of the Road Commission and substituting \$100 per year for each member, payable quarterly, which would be in place of all other compensation. A Section 6 is added to the Act which provided that the County Road Supervisor shall be employed for a term of two years, and shall enter upon the discharge of his duties on the first Tuesday in September following the general election in August.
 18. Private Acts of 1935 (Ex. Sess.), Chapter 62, incorporated the area and the inhabitants of Rhea County and Meigs County as the "Rhea and Meigs Special District" to construct, maintain, and operate, a bridge across the Tennessee River at or near a point between Dayton and Decatur, which corporation was endowed with all the corporate powers and privileges incidental to those institutions. A six member Board of Commissioners was provided, one of whom would be Chairman, and another, Secretary. The Act named J. W. Lilliard, J. R. Coffman, W. A. Shadow, James Abel, Glenn Woodlee and Owen Wasson to the first Board. Three Commissioners would be elected in each county at the next general August election for four year terms, succeeding those named above. The Commissioner had the power and authority to acquire the land, construct, and maintain the said bridge. They could also issue bonds at interest rates not to exceed 6% and to mature in 40 years, or less, from date of issue. The Commission would provide a schedule of tolls, rates, and fees to be charged on the bridge which would be sufficient at all times to accomplish the above stated purposes. Bond holders were given certain expressed rights to secure their investments. Commissioners would employ all the personnel to operate the bridge, and serve without pay except they would be reimbursed for their actual out of pocket expenses up to \$25 a year.
 19. Private Acts of 1937 (Ex. Sess.), Chapter 24, was the legal authority for the County Judge, the Supervisor of Roads, and the Superintendent of Public Instruction, all of Rhea County, to make a

settlement, subject to the approval of the County Court, with Raymond Hawkins, who was injured while working with the County Highway Department, and with Max Harwood, through his father, Morgan Harwood, which younger Harwood sustained injuries while operating a saw in the Manual Training Department of the Spring City High School.

20. Private Acts of 1941, Chapter 430, ratified and confirmed in all respects the use and application heretofore made in Rhea County of highway reimbursement funds. The actions of the County Trustee in the consolidation and handling of the debt service accounts and sinking fund assets including interest accrued on the bonds held in any sinking funds under the authorization of and with the permission of the Quarterly County Court are also ratified and confirmed in all respects.
21. Private Acts of 1943, Chapter 36, amended Private Acts of 1927, Chapter 38, Section 3, the Rhea County Road Law, published herein, by increasing the annual salary of the Road Supervisor from \$1,800 to \$2,400 and the monthly rate of pay from \$150 to \$200.
22. Private Acts of 1943, Chapter 152, specifically repeals Private Acts of 1933, Chapter 151, Item 16, above, and all its amendments in their entirety.
23. Private Acts of 1949, Chapter 622, validated, ratified, and confirmed four printed pages of claims which had been filed against the Rhea County Highway Department and which were at that time in the County Accountant's office. The Quarterly Court is allowed herewith to borrow enough money to pay the said claims at an interest rate not to exceed 4%. Since the money was used for the roads in Rhea County, it shall be repaid out of the shared gasoline tax money from the State. \$2,500 shall be set aside each month and applied to the payment of these claims until all of them have been liquidated.
24. Private Acts of 1949, Chapter 631, amended Private Acts of 1927, Chapter 38, the Rhea County Road Law, by inserting a new Section 2 which set up the position of Road Supervisor and set the salary between \$200 and \$250 a month, and repealed Section 4, 5, 6, 8, 9, 10, and 18 in their entirety, as written. This Act was repealed by the one below.
25. Private Acts of 1953, Chapter 45, expressly repealed Private Acts of 1949, Chapter 631, Item 24, above, in its entirety, thus restoring Private Acts of 1927, Chapter 38, to its original text.
26. Private Acts of 1953, Chapter 50, amended Private Acts of 1927, Chapter 38, Section 3, by increasing the annual salary of the Road Supervisor from \$2,400 to \$4,800 and the monthly pay rate from \$200 to \$400. This Act was repealed in Item 28.
27. Private Acts of 1953, Chapter 569, amended Private Acts of 1953, Chapter 50, Section One, above, by reducing the annual salary of the Road Supervisor from \$4,800 to \$3,600, and the monthly rate of pay from \$400 to \$300, but set up an expense account of \$600 a year payable \$50 a month. This Act was repealed in Item 28.
28. Private Acts of 1968, Chapter 492, would have amended the Road Law of Rhea County, in Section 3, by raising the annual salary of the Road Superintendent from \$5,400 to \$7,200, but this Act was rejected by the Quarterly Court and never became an effective law.

order of lay-offs and re-employment and for other purposes; and

(h) Keep any other such records as may be necessary for the proper administration of this part.

SECTION 6. The board of county commissioners shall set the compensation, if any, of the members of the civil service board.

SECTION 7. The civil service of the county is hereby divided into classified and unclassified services. The classified service shall comprise all positions of employment for the sheriff's department not specifically included in the unclassified service.

Persons holding classified service positions at the time this part becomes operative, who have served for period longer than six (6) months, shall be retained without preliminary or performance tests, but shall thereafter be subject in all other aspects to the provisions of this part.

Any other persons in the classified service at the time this part becomes operative shall be regarded as holding their positions under provisional appointment. The unclassified service shall include:

- (a) Officials elected by popular vote and persons appointed to fill vacancies in such elective offices;
- (b) Members of duly established boards and commissions of the county;
- (c) Any person retained by the county on a consulting basis and any professional person hired in his professional capacity as determined by the board;
- (d) Any person who provides services to the county on a volunteer basis or who receives no compensation for said services;
- (e) Any person occupying the position of department head, deputy department head, chief deputy, or a personal assistant to a department head as is designated by an appointing authority. The intent of this provision is to restrict positions in the unclassified services to those that involve sensitive policy-making duties. In granting its approval, the board shall consider this intent as well as the size of the department in question. A list of these additional positions shall be prepared and maintained by the secretary; and
- (f) Any person who is a part-time employee who works less than twenty (20) hours per week. Part-time employees who work more than twenty (20) hours per week but less than forty (40) hours will remain unclassified unless thirty-nine (39) weeks per year are worked in excess of twenty (20) hours per week.

SECTION 8. Any person coming under the classified service who shall hereafter be inducted into the armed forces of the United States, or who shall hereafter enter the service voluntarily in a time of war or other national emergency, shall, upon application, receive a military leave of absence for the duration of the period of service required. The employee shall retain all rights or seniority and shall be entitled to re-employment in the same capacity and position he held at the time of entering military service; however, an application for reinstatement in such position must be made by or on behalf of such employee within three (3) months after termination of active service in the armed forces.

SECTION 9. The appointing authority will keep the board informed by periodic reports of the employment needs of his office.

The board shall, as often as necessary, hold tests to establish lists of persons eligible for the various positions in the classified service.

Such tests shall be public, competitive and free to all persons who may be lawfully appointed under the rule promulgated by the board and existing prior to the announcement of the examination and shall be in compliance with all state and local rules and regulations governing discrimination on the basis of race, creed, color, sex, age, national origin, or handicap as well as any laws regarding Americans with disabilities. Such rules may set limitations as to health, previous criminal convictions, misdemeanors involving theft, and other necessary prerequisites for the performance of the duties of the position for which examination is designated.

All tests shall be practical and shall consist only of subjects which will fairly determine the capacity of the person examined to perform the duties of the position in which the appointment is to be made. Tests may include examination for physical fitness and manual skill. No question in any test shall relate to religious or political opinions or affiliations.

The eligibles shall take rank upon a list which shall be compiled for each position, in the order of their relative excellence as determined by the tests and without reference to when the tests were given. No lists of eligibles shall be valid after one (1) year; however, the civil service board may extend an eligible period for not more than one (1) additional year.

Notice of the time, place and general scope of each test and the duties, pay and experience required for

all positions for which the test is to be held, shall be given by the board to each applicant at least one (1) week preceding the test. The notice must be in writing and addressed to the last known address supplied by the applicant. Notice of promotional tests shall be given as the board may prescribe.

SECTION 10. Whenever a vacancy occurs in any position in the classified section, the department shall ask the board for the names and addresses of all eligible persons. The board shall certify the names of all persons on the eligible list for that position within five (5) working days of the request. The department head shall investigate each of the five (5) highest on the list of eligibles. If none of the five (5) eligibles are acceptable to the department head, he shall investigate the next five (5) eligibles on the list, one (1) after the other until one (1) of the eligibles investigated is acceptable. The department head shall appoint this person to the position and notify the board of his or her action. If the civil service board fails to provide a list, then the department head may make appointments to vacancies after having notified the board of his or her intention to do so.

No appointment for any position in the classified services shall be deemed complete until after the expiration of six (6) months of probationary service, during which time the department head may determine the effectiveness of the employee and if, in the standards, the department head may terminate the employment of that person.

Whenever a position of the classified services is filled by promotion, and the services of the person promoted are terminated by the department head during the probationary period, such person shall be returned to the person's former position in the classified service unless such person's conduct during the probationary period has given grounds for dismissal for cause under this part.

Any person dismissed during the probationary period shall not be eligible for a hearing before the board.

A person certified to the department head who does not report for duty at the time so designated may be rejected by the department head, who shall notify the board of the action taken and the reason for it. The person's name will then be stricken from the eligible list.

SECTION 11. For unsatisfactory performance of duties or other causes, an employee in the classified service may be subject to the following discipline by the appointing authority:

- (a) Reprimand;
- (b) Suspension without pay for a period not to exceed thirty (30) days;
- (c) Reduction in pay within allowable range for class of employee;
- (d) Demotion to a lower classification;
- (e) Dismissal for service; and
- (f) Retirement under the terms of the retirement act, as applicable.

The appointing authority will make the disciplinary order in writing stating the discipline to be taken and the reasons for such discipline.

The disciplined employee may respond in writing within seven (7) days of receipt of the order of discipline. The board will then hold a hearing thereon, and shall thereupon fully hear and determine the matter and shall either affirm, modify or revoke such order of discipline. The appellant shall be entitled to appear personally, produce evidence, and to have counsel, and to a public hearing.

SECTION 12. Employees in the classified services may be transferred from one position to another in the same class. Transfers may be instituted only by the department head and shall be permitted only with the consent of the department head.

SECTION 13. The department heads shall be given an immediate report in writing of all appointments, reinstatements, vacancies, or other matters affecting the status of any member of the classified service or the performance of the duties of members of the classified service. The report shall be in the manner and form prescribed by the board.

The department head may suspend any employee for not more than ten (10) days for cause and there shall be no right of appeal for such suspension. The department head shall not have the authority to suspend any employee for more than one (1) suspension of ten (10) days within any given six (6) month period of time without the right of appeal.

If the department head shall suspend any employee for a period longer than ten (10) days, the suspended employee shall be notified in writing of the charges placed against him or her. The employee shall thereafter have ten (10) days to request a hearing before the civil service board. Upon receiving the employee's request, the board shall set a hearing, not more than thirty (30) days from the date of the receipt of the request.

SECTION 14. No person holding a position in the classified service shall take an active part in any political campaign while on duty, nor under any circumstances shall any employee solicit money for political campaigns. An employee shall not use his or her position to reflect the employee's personal political feelings as those of the department head or to exert any pressure on anyone to influence that person's political views. No employee while on duty, nor any officer while in uniform, shall display any political advertising or paraphernalia on the employee's person or on the employee's automobile.

However, nothing in this part shall be construed to prohibit or prevent any such employee from becoming or continuing to be a member of a political club or organization and enjoying all the rights and privileges of such membership or from attending any political meetings, while not on duty. An employee shall not be denied freedom in the casting of a vote nor seeking election to a non-partisan office. If an employee seeks election to a partisan office, that employee must take an unpaid leave during that campaign.

Any person violating the provisions of this section shall be dismissed from the service of the county.

SECTION 15. Notwithstanding the other provisions of this act, in the event that conditions in the sheriff's department of the county or the financial condition of the county necessitates a reduction in the work force, the required reduction shall be made in such class or classes as the appointing authority designates. Favorable consideration must, however, be given toward retention of those employees in the highest class of positions. If necessary to achieve their retention, employees may be temporarily demoted to a lower class or position. The determination as to which employees within a particular class are to be laid off rests with the sound discretion of the appointing authority and will be based on such considerations as serving ratings, seniority, department head recommendations and other relevant factors. Any employee laid off or temporarily demoted to a lower class of position under this section shall be given priority over other applicants to reinstatement to the employee's former position or to a comparable position in the system.

SECTION 16. The civil service system established under the provisions of this act shall become operative upon certification by the chairman of the board of county commissioners to the Secretary of State that a civil service board has been duly elected and that the board of county commissioners, by a majority vote of its members, has approved:

- (a) A plan for examination of applicants; and
- (b) A listing of classified and unclassified positions.

SECTION 17. Upon ratification by the county legislative body and the full implementation of this act's provisions and until such time as this act is revoked, this act will supersede all laws, acts, rules and regulations relative to the Sheriff's Department personnel that are in conflict with this act.

SECTION 18. The provisions of this act are severable, and if any such provisions or sections are held to be unconstitutional, the remaining provisions and sections are not so affected but continue in full force and effect.

SECTION 19. The provisions of this act once adopted may be revoked by the same method used to adopt the act. Such revocation shall be effective with the next beginning fiscal year.

SECTION 20. This act shall have no effect unless it is approved by a two-thirds (2/3) vote of the legislative body of Rhea County. Its approval or nonapproval shall be proclaimed by the presiding officer of the county and certified to the Secretary of State.

SECTION 21. For the purpose of approving or rejecting the provisions of this act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective upon being approved as provided in Section 20.

Passed: April 1, 1996.

Law Enforcement - Historical Notes

Jails and Prisoners

The following act once affected jails and prisoners in Rhea County, but is no longer operative.

1. Acts of 1825, Chapter 146, appointed Thomas Price, Richard G. Waterhouse, William S. Leuty, John Locke, Miles Vernon, William Smith and Robert Bell, as Commissioners with the power and authority to contract with suitable workmen to build a new jail in Rhea County on the public square or at some other suitable place in Washington. The Quarterly Court may levy a tax over the next three years to finance the cost of construction. The said tax would be collected by the Sheriff, paid to the Trustee and used for no other purpose. The Commissioners will report to the Court when the new jail is completed and then the old jail will be either sold or tom down.

Militia

Those acts once affecting Rhea County, which related to the militia and to other law enforcement agencies other than the sheriff, are mentioned below in chronological order.

1. Acts of 1809, Chapter 43, set up muster times for the militia in Rhea and Bledsoe Counties. The Regiment of infantry in Rhea County shall hold their regimental musters at the place of holding Court in Rhea County on the second Thursday in next October, and every year thereafter. The battalions composing the First Regiment of Rhea County shall hold their battalion and company musters at the same time.
2. Acts of 1809, Chapter 89, stated that the militia of Rhea County shall compose the 30th Regiment of the State Militia, and will muster at the place of holding Court in the said County. Section 14 formed some brigades in the militia and assigned Anderson, Roane, Bledsoe, and Rhea Counties' to the 8th Brigade.
3. Acts of 1815, Chapter 119, was an entirely new militia law for the State saying that the militia shall be composed of free men and indentured servants between 18 and 45 years of age. There is a table of organization complete with the duties of each rank and a re-enactment of all rules and regulations pertinent to the orderly discharge of the functions of the units of the State and County militia including police work. The militia of Rhea County would compose the 30th Regiment. Each regiment consisted of two battalions, made up of companies of not less than 40 privates, 2 musicians, 3 sergeants, 3 corporals, one captain, one lieutenant, and one ensign.
4. Acts of 1821, Chapter 184, stated that the militia of Rhea County which is the 30th Regiment of the State of Tennessee shall hold a regimental muster on the fourth Tuesday in September.
5. Acts of 1822, Chapter 155, stated that all that part of Rhea County which lies on the south of the Tennessee River shall be and compose a separate battalion of militia which shall be known as the Third Battalion and commanded by the second Major of the Regiment.
6. Acts of 1822, Chapter 205, averred that the different militia regiments of the counties of Rhea, Bledsoe, Hamilton, Marion, and McMinn shall constitute a Brigade in the militia of this State and shall be attached to the First Division. Field officers shall meet at the Courthouse in Washington in-Rhea County, to elect a Brigadier General, who, when elected, shall have all the rank, power, and authority as other Brigadier Generals.
7. Acts of 1825, Chapter 69, was a virtual rewriting of the Militia Law of Tennessee ranging the entire scale of military affairs. Rhea County's militia was the 30th Regiment in the 12th Brigade whose regimental muster would be on the first Saturday in October every year.
8. Acts of 1825, Chapter 86, provided that the militia of Rhea County on the north side of the Tennessee River shall compose the 30th Regiment and the militia on the south side shall compose the 96th Regiment which will consist of two battalions and be a part of the 12th Brigade.
9. Acts of 1827, Chapter 162, was the authority for the volunteer Rifle Company in the County of Rhea and the town of Washington, called the Washington Guards, to dissolve their association and unite themselves into a company of calvary, and thus be entitled to receive all the benefits granted to other calvary companies.
10. Acts of 1831, Chapter 101, released Edmund Bean, a citizen of Rhea County, from the payment of the sum of \$65, that being the total amount of three separate fines assessed against him by a regimental Court Martial held for the 30th Regiment of Tennessee Militia. The release will be effective upon Bean's paying the Court costs, if any, which remain unpaid.
11. Acts of 1831, Chapter 121, stated that all persons living on Walden's Ridge in Rhea County near Gordon's Road are hereby exempted and discharged from attending all musters of militia unless the same is in case of invasion or insurrection.
12. Acts of 1835-36, Chapter 21, was a reenactment of the entire militia laws of Tennessee to conform to the requirements of the new 1835 State Constitution. Rhea County's militia will constitute the 35th Regiment which shall be commanded by a Colonel.
13. Acts of 1837-38, Chapter 157, was a lengthy amendment to the militia law which set the county drills for every militia unit in the State, plus scheduling the regimental musters for these organizations. Each member was compelled to report equipped according to law for at least three hours of training each day of the muster. Rhea County's militia was in the 7th Brigade with the units in Meigs, Bledsoe, Marion, and Hamilton Counties, and would drill on the Monday and Tuesday after the first Friday and Saturday in September of each year. The regiment in the county would meet on the first Thursday in the following October.

Sheriff

The following acts have no current effect but are included here for reference purposes since they once

Taxation - Historical Notes

Assessor of Property

The following acts were superseded, repealed or failed to win local ratification, but they are listed here as a reference to laws which once affected the Rhea County Assessor. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Private Acts of 1911, Chapter 411, amended Public Acts of 1907, Chapter 602, which set the annual salary of the Tax Assessors in the State, by fixing the annual salary of the Tax Assessors in several Counties, using the population figures of the 1910 Federal Census. In Rhea County the Tax Assessor would be paid \$700 each year.
2. Private Acts of 1921, Chapter 155, set the annual salary of the Tax Assessor in Rhea County, identified by the use of the 1920 Federal Census figures, at \$1,500 per year payable annually. This Act was repealed by the one following.
3. Private Acts of 1933, Chapter 288, expressly repealed Private Acts of 1921, Chapter 155, Item 2, above. This Act was repealed in Item 5, below.
4. Private Acts of 1933, Chapter 363, fixed the annual salary of the Tax Assessor of Rhea County at \$1,000. This Act was repealed by the one following.
5. Private Acts of 1945, Chapter 525, specifically repealed Private Acts of 1933, Chapter 288, Item 3, above, and Private Acts of 1933, Chapter 363, Item 4, above, which would presumably restore Private Acts of 1921, Chapter 155, Item 2, above.
6. Private Acts of 1953, Chapter 495, set the salary of the tax assessor at \$2,400 per annum and authorized the assessor to employ a clerk at a salary of \$600 per annum.

7. Private Acts of 1957, Chapter 377, made it the duty of the Assessor of Property to be present, or to have a Deputy present, at his office in the Court House during normal office hours. It was the Assessor's further duty to stamp on all deeds the information that he has copied the names of the parties on the deed, and knows the true consideration for the transaction. The Assessor must correct the tax rolls and check for any delinquent taxes which might be due on the property conveyed. The Assessor would collect \$1 as a fee for his services at the time the deed is stamped which he shall pay over to the County Trustee for deposit in the general fund account of Rhea County. This Act was not presented to the Quarterly Court and therefore was never ratified or rejected, thus nullifying its effect under the Home Rule 23 Amendment to the Constitution of the State which requires such local action to be taken.
8. Private Acts of 1949, Chapter 896, relative to the duties of the register of deeds and the tax assessor in Rhea County, was repealed by Private Acts of 2019, Chapter 33.

Board of Equalization

The private acts listed below are inoperative.

1. Private Acts of 1921, Chapter 874, declared that, in Rhea County, identified by the 1920 Federal Census figures, the Chairman of the County Court shall have the authority to appoint three additional members of the County Board of Equalization whose powers, duties, and compensation, shall be the same as the other members of the Board appointed under general state law. This Act was repealed by the one below.
2. Private Acts of 1949, Chapter 14, specifically repealed Private Acts of 1921, Chapter 874, Item One, above, as it was written.

Taxation

The following is a listing of acts pertaining to taxation in Rhea County which are no longer effective. Also referenced below are acts which repeal prior law without providing new substantive provisions.

1. Acts of 1825, Chapter 196, authorized the County Court of Rhea County, to levy an additional tax to build a jail on the public square, or at some other suitable place in Washington.
2. Acts of 1831, Chapter 12, required that the collector of the courthouse tax report the amount of money collected to the County Court on or before the second day of each term of the Court.
3. Acts of 1870, Chapter 50, allowed the several counties and incorporated cities to impose taxes for county and municipal purposes in the following manner, (1) all taxable property shall be taxed according to its value on the principles established for state taxation, and (2) the credit of no county nor city may be loaned to any person, firm, or corporation, unless a majority of the quarterly court first agrees to submit the question to a referendum vote of the people whereupon this law requires that three-fourths of the voters approve the same. Several counties exempted themselves from the three-fourths approval for the next ten years, saying a majority vote would be sufficient, but Rhea County was not among them.
4. Private Acts of 1929, Chapter 180, ratified, validated, and confirmed the tax levy of 13 cents on each \$100 of property valuation of all the taxable property in Rhea County, which levy was made by the Quarterly Court of the County.
5. Private Acts of 1931, Chapter 468, was the enabling law which permitted the Quarterly Courts of Rhea and Macon Counties to levy an annual special tax to defray the current expenses of the two said Counties, to meet any and all expenses for boarding inmates of the said Counties' in the Eastern State Hospital, the Home for the Feeble Minded, and the Tennessee Industrial School, the boarding, the upkeep, and the burials of paupers, the cost of jury services, and to pay for witnesses' cost, jail expenses, the board and transportation of prisoners, and the salaries of county officials.
6. Private Acts of 1943, Chapter 354, ratified the action of the Rhea County Quarterly Court in adopting a Resolution on December 12, 1942, which exempted Rhea County from the terms and conditions of the Public Acts of 1937 relative to delinquent taxes, and to validate and confirm the actions of the County Trustee in filing delinquent tax suits, all of which is officially ratified, confirmed, and approved, all laws to the contrary notwithstanding.
7. Private Acts of 1951, Chapter 276, recited in the preamble that for many years the quarterly court of Rhea County had levied taxes for various county purposes which the people have constantly and continuously paid, and the quarterly court did the same thing in the year 1949, which taxes many of the citizens have paid without protest, but some of them have protested, which is not equitable; therefore, this Act ratifies, validates, and confirms the tax levy of the Rhea County Quarterly Court for the year 1949, all of which is repeated in the Act to the full extent including

the portion in excess of the limitations placed upon the same by Chapter 3, Public Acts of 1931 (Ex. Sess.), but no penalty, or interest, shall accrue against those who have not yet paid the same. See Cincinnati N.O. & Ry Co. v. Rhea County, 194 Tenn. 167, 250 S.W.2d 60 (1952), an interesting case involving this statute.

8. Private Acts of 1951, Chapter 423, was the legislative authority for Rhea County, acting by and through its Quarterly Court, to levy and collect annually for general county purposes a tax not to exceed .80 cents per \$100, taxable property valuation, and this authority shall exist in the Quarterly Court regardless of the amount of such tax authorized to be levied and collected by the General Revenue Law of the State.
9. Private Acts of 1951, Chapter 424, authorized Rhea County through the Quarterly Court to levy a schedule of taxes listed in the Act. This Act is published herein.
