### Private Acts of 1972 Chapter 251

**SECTION 1.** That there is hereby created and established in Fentress County, Tennessee, a County Board of Education to be composed of members to be elected by the qualified voters of said County in the manner hereinafter provided. Provided further, however, that nothing in this Act shall affect any of the present members of the County Board of Education or prevent said members from completing their present term of office to which they have been previously elected.

**SECTION 2.** That from and after the effective date of this Act, the Quarterly County Court of Fentress County shall have the power to make interim appointments to fill any vacancies occurring on the County Board of Education prior to the regular general election which is to be held in August, 1972. The persons so selected or chosen shall hold membership on the County Board of Education for the unexpired term of their predecessor.

**SECTION 3.** That in the event a vacancy occurs on the County Board of Education of Fentress County after the regular county election of 1972, such vacancy being on account of death, resignation, removal of residence of a member of said board from the school district from which said member was elected, or any other cause or reason, and such vacancy having occurred 30 or more days before the last day for board member candidates to qualify in a regular election, the Quarterly County Court of Fentress County in regular or called session, a quorum being present, shall elect someone to fill said vacancy, and the person so elected or appointed shall serve until a successor is duly elected at the next regular general election by the qualified voters of the district. If such vacancy occurs less than 30 days before the last qualifying date for the next regular election, the person so elected by the Quarterly County Court shall hold until his successor is elected at the next regular election after the forthcoming regular election.

Provided however, that if such vacancy is that of a member who was holding office prior to the August 1972 election, or his interim appointed successor, the person elected to fill such vacancy shall hold membership on the County Board of Education for the unexpired term of the predecessor. This proviso applies only to the present (transitional) membership and is ineffective after September 1, 1976.

**SECTION 4.** That the qualified voters of Fentress County shall elect a County Board of Education to be composed of ten (10) members, elected to terms of four (4) years, except as provided otherwise in this act for purposes of transition. Two (2) members shall be elected from each school district. Terms shall be staggered so that one (1) member from each district is elected at each regular August election. The members of the Board of Education shall be at least twenty-one

(21) years of age, citizens of the United States and the State of Tennessee and residents of the district in Fentress County which they represent.
