## Public Utilities - Historical Notes

The following act no longer pertains to public utilities in Polk County.

1. Public Acts of 1977, Chapter 489, amended Section 6-2614, Tennessee Code Annotated to provide a method whereby the member of a Board of Directors of a water district could be removed. The Act applied only to water districts and involved the filing of a petition with the County Judge and the confirmation of such action by the people in a referendum election. Several counties, including Polk County, exempted themselves from the application of that act.
