WHEREAS, the various proceedings required by said Levee and Drainage Laws for the organization and establishment of such improvement districts, from the filing of the petition seeking the establishment of said district down to the point in such proceedings where assessments have been made and levied against the various tracts of land in the district to pay the cost and expense of the cause, and of the improvements sought to be constructed and ordered constructed therein, and down to the point where bonds are ready to be issued and sold; and all parties having an interest in said proceedings having been brought before the Court by notice, process or publication, and due notice having been given to all property owners and others interested in each of the steps in said proceedings as required by law, as shown by the record in said cause, entitled, "In Re Reelfoot Levee District," and as shown by the minutes of said County Court of Lake County, to which reference is hereby had for all purposes necessary or desired; and

WHEREAS, the said "Reelfoot Levee District" was established for the purpose of protecting the lands, and property, in said district, from the floods and overflows of the Mississippi River, by the construction of levees or dikes and by the enlargement and improvement of existing levees within said district, and particularly by the enlargement and improvement of so much of the Reelfoot Levee, or Hickman Slough Landing Levee, as lies south of the Kentucky-Tennessee State line, which portion of said levees was originally built by the County of Lake, and by said County transferred to said district for improvement and control; and

WHEREAS, the Mississippi River Commission, an agency of the Federal Government, by virtue of certain Acts of Congress including what is known as the Flood Control Act, is empowered to assist localities along the Mississippi River in constructing and enlarging levees, and has assisted said Levee District by paying two-thirds of the cost of work already done or under contract, and is authorized to further assist in building banquettes on, and enlarging said Reelfoot Levee, on condition, that said district contribute and pay for one-third the cost of said enlargement and improvement work, with the understanding that the amount furnished by the district will be paid over to said Mississippi River Commission and expended by the latter under contracts to be made by said River Commission; and

Title to property so condemned shall be taken by and in the name of the District, and the property shall thereafter be entrusted to the District for the purposes of this part. Such condemnation proceedings shall be in accordance with Chapters 16 and 17 of title 29 of the Public Acts of Tennessee. Provided, however, that where title to any property sought to be condemned is

defective, it shall be passed by the judgment or decree of the court. Provided, further, that where condemnation proceedings become necessary, the court in which any such proceedings are filed shall, upon application by the District, and upon posting of a bond with the clerk of the court in such amount as the court may deem commensurate with the value of the property, order that a writ of possession shall issue immediately, or as soon and upon such terms as the court, in its discretion, may deem proper and just.

SECTION 8. Funds and Funding. -- (a) Except as herein otherwise expressly provided, all bonds issued by the District shall be payable solely out of the revenues and receipts derived from the District's projects or of any thereof as may be designated in the proceedings of the board of directors under which the bonds shall be authorized to be issued, including debt obligations of the lessee or contracting party obtained from or in connection with the financing of a project; provided, that notes issued in anticipation of the issuance of bonds may be retired out of the proceeds of such bonds. Such bonds may be executed and delivered by the District at any time and from time to time may be in such form and denominations and of such terms and maturities, may be in registered form or in bearer form subject to registration as to principal or interest or both, may be payable in such installments and at such time or times not exceeding forty (40) years from the date thereof, may be payable at such place or places whether within or without the state of Tennessee, may bear interest at such rate or rates payable at such time or times and at such place or places and evidenced in such manner, may be executed by such officers of the District and may contain such provisions not inconsistent herewith, all as shall be provided in the proceedings of the board of directors whereunder the bonds shall be authorized to be issued. If deemed advisable by the board of directors, there may be retained in the proceedings under which any bonds of the District are authorized to be issued an option to redeem all or any part thereof as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings and as may be briefly recited in the face of the bonds, but nothing herein contained shall be construed to confer on the District any right or option to redeem any bonds except as may be provided in the proceedings under which they shall be issued. Any bonds of the District may be sold at public or private sale in such manner, at such price and from time to time as may be determined by the board of directors of the District to be most advantageous, and the District may pay all expenses, premiums and commissions which its board of directors may deem necessary or advantageous in connection with the issuance thereof. Issuance by the District of one or more series of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same project or any other project, but the proceedings whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge or mortgage made for any prior issue of bonds. Proceeds of bonds issued by the District may be used for the purpose of constructing, acquiring, reconstructing, improving, equipping, furnishing, bettering, or extending any project or projects, including the payment of interest on the bonds during construction of any such project and for two (2) years after the estimated date of completion, and payment of engineering, fiscal, architectural and legal expenses incurred in connection with such project and the issuance of the bonds, and the establishment of a reasonable reserve fund for the payment of principal of and interest on such bonds in the event of a deficiency in the revenues and receipts available for such payment.

(b) Any bonds or notes of the District at any time outstanding may at any time and from time to time be refunded by the District by the issuance of its refunding bonds in such amount at the board of directors may deem necessary, but not exceeding the sum of the following:

- (1) The principal amount of the obligations being refinanced;
- (2) Applicable redemption premiums thereon;
- (3) Unpaid interest on such obligations to the date of delivery or exchange of the refunding bonds;

Utility Districts - Historical Notes

Drainage and Levee Districts

The following acts once affected Obion County, or never received local approval.

1. Private Acts of 1923, Chapter 693, amended Public Acts of 1909, Chapter 185, which was the authority to create and regulate levee and drainage districts in order to reclaim lowlands in various Sectors of the State, to grant to the citizens of Obion County owning lands within any of those districts, at their option, to pay at any time the full amount, or any portion thereof, of the drainage assessments and taxes against the said lands, to the Trustee of the County in which the lands are located, less any amount which might be allowed as a discount. The Trustee was then given the task of placing these funds in a bank at no less than 4% interest and pay the drainage taxes as they became due.
2. Private Acts of 1985, Chapter 24, would have amended Chapter 905 of the Private Acts of 1921, regarding the Reelfoot Levee District. The amendments would have transferred the duties of the Chairman of the Lake County Court of an administrative nature to the County Executive of Lake County, and transferred judicial duties to the Circuit Court. This Act was approved by the county legislative body in Lake County, but was never acted upon by the county legislative body of Obion County as prescribed in the Act and never became effective.
